CONTROLLED CHAOS MANUFACTURED CLIMATE CHANGE
GREGORY LESSING GARRETT

Climate Change and Covid 19 are United Nations creations that were created to force the word into submission to their Draconian Agenda 21 Depopulation and land reallocation "sustainability" measures. There is no Covid 19 virus, per se, that is transmittable through the air or water droplets. There are, however, lethal toxins, mRNA genetic protocols, and bacteria that are injectable into the human body via vaccination, in vivo. And this is why The Covid 19 Vaccination is being pushed as the ultimate cure for all that ails Mankind. The Vaccine is the ultimate plausible deniability ruse in order to exterminate the most amount of people in the shortest amount of time, without anyone really being able to point the finger at The Draconian Technocracy behind it. The remaining few will be mRNA genetically engineered Bio Android Slaves for The Elite Luciferians.

GREGORY LESSING GARRETT

Gregory L. Garrett lives in California in the USA, has a B.S. in Music and a B.A. in Psychology from UCLA and UCSC, a Masters in Education, studied Physics and Philosophy at UCLA, and Advanced Astrophysics at UCSC under Frank Drake, and is a musical theater composer, songwriter, author, martial artist, classical symphonic rock keyboardist and performer, and is currently working on additional books about Transhumanism, Nano Synthetic Biology, Consciousness Uploading, Artificial General Intelligence, and The Elite Agenda for Apotheosis.

Using Controlled Climate Change Crisis Chaos to Design a New World

A Trojan Horse Constructed of Mother Nature and Mankind's Fallen Nature to Advance the Jesuit Luciferian Elite Technocracy's Agenda for Depopulation

In a nutshell, Covid 19 is merely another piece of timber (Communist plank) in the construction of the ultimate Trojan Horse to cover up a multitude of sins emanating from The Jesuit Luciferian Elite Technocracy's nefarious activities. Their goal is depopulation, but they do not want to draw any really direct attention to this fact, or allow any really salient connections or correlations to their activities towards this desired outcome if they can help it. They realize they are flying under the radar and using a nebulous, unidentifiable Invisible Enemy is a far superior method of exterminating most of the world without having to face massive, worldwide revolt aimed at them, directly. And so, they do everything in their power to point the finger towards Mother Nature and Mankind's Fallen Nature as the cause for all of Mankind's bad misfortune instead of them.

In brief, it is a Trojan Horse Constructed of Mother Nature and Mankind's Fallen Nature to advance the Jesuit Luciferian Elite Technocracy's Agenda for Depopulation

Their lexicon of possible causes for widespread death are varied and unobtrusively difficult to track back to their doings:

1. United Nations pushed Climate Change
2. A Fake Pandemic based upon an invisible virus
3. Weaponized weather that makes life intolerable for millions

4. Invisible 5G radiation
5. Solar activity
6. From the shadows, incite and artificially ignite civil unrest to get the multitudes to kill each other in riot and controlled wars
7. From the shadows, introduce GMO foods, heavily processed foods, and toxins into the food production process, and make the water toxic, worldwide
8. From the shadows, finance think tanks, Big Pharma, and Psychiatry to create a world of drug addicted, feeble minded, dependent children who will respond to anything their governmental puppets say (e.g. "There is a virus , so wear a mask and stay away from all other human beings.")
9. From the shadows, finance all sides of battles and wars
10. From the shadows, foster the creation of Artificial Intelligence and Transhumanistic technologies which will eventually assist in exterminating Mankind and replace him with a Post Human controllable slave, in their full control.
11. From the shadows finance, music, fashion, and media that demoralizes the world and brings all people under the power of the Luciferian way of thinking
12. From the shadows, finance Hollywood to create movie after movie which pushes Satanism and unveils the Luciferian World that they want all to embrace, eventually.
13. From the shadows, cause worldwide economic collapse form overt overspending
14. From the shadows, cause wildfires and blame them on drought and summer heat
15. From the shadows, fostering and practicing Satanic human sacrifice and occult rituals intended to bring all under the influence of demonic control

These are the extermination methods, par excellance, that they really DON'T want known. That points the finger at the Jesuit New World Order plans for "Globalization", and the real people who steward that wicked ship, people that do not want to be seen as they work in the shadows to practice Eugenics on a worldwide scale.

In Wuhan, China, the indigenous people were rising up in protests over the horribly toxic environmental pollution there, right as this Covid 19 was announced as the culprit for sickness and death in that province. How coincidental? Additionally, one the most powerful 5G systems was up and running there at the same time, as well. Covid 19 was the perfect way to hide the fact that a combination of

environmental pollution and 5G based electromagnetic radiation was likely killing people. As a result, Covid 19 now exists as a Communist plank in the perfect Trojan Horse to enable the continued roll-out of a wide array of lethal strategies for depopulation. Afterall, it is not The Elite Technocracy trying to kill you. It is YOUR own bad behavior and Mother Natures, gone wild.

The Ultimate Plausible Deniability Ruse

The Trojan Horse is constructed of activities and sources all said to be attributable to Mother Nature or Mankind's bad influence upon Nature, with a negligible attribution to The Jesuit Elite's direct intention to kill over 7 billion people with any means possible. It is the **Ultimate Plausible Deniability Ruse**. If it is all natural (viruses, weather gone haywire, wildfires, solar activity), or attributable to Mankind's "bad behavior", leading to Co2 caused ozone depletion from too many cars and factories, etc…The Jesuits lurk in the shadows, unimpeded.

And this is what I call:

The Shadow Empire

The United Nations Agenda 21 Artificially Created Climate Change

A Technocratic One World Government is being ushered in using the fake Pandemic, Covid 19, and insanely overblown Climate Change as their **MACRO RESET** mechanism to completely reset the game board of Earth. The United Nations was the offshoot of the Illuminati Think Tank created League of Nations on January 10, 1920. The League of Nations formally came into being when the Covenant of the League of Nations, ratified by 42 nations in 1919, took effect. However, the League of Nations would provide a precedent for the United Nations which replaced the League in 1945.

The main strategy for control behind The UN created Climate Change and Covid 19 is that they are not solvable crises.

In terms of The Hegelian Dialectic of Problem-Reaction-Solution, they have provided the complete means for world change:

1. Problem: Climate Change and Covid 19
2. Reaction: The world cries out; "Protect us!"
3. Solution: Massive restructuring of the world to eliminate anyone who threatens world safety or environmental contamination. As they stated, "90% of the word must die if we are to save The Earth and its inhabitants."

The Context

In this context, human beings are the virus in the eyes of The United Nations, and they must be eliminated to save Mother Earth, as all their charters and white papers proudly proclaim.

They demand UN intervention which will position The UN as the sovereign magistrate above all nations. Whatever they say will become law in every country, overriding The US Constitution, which we have already see with this fake pandemic.

Climate Change and Covid 19 are United Nations creations that were created to force the word into submission to their Draconian Agenda 21 Depopulation and land reallocation "sustainability" measures. On the attached map, the red and yellow zones are where no humans will be permitted to live or freely habitat.

There is no Covid 19 virus, per se, that is transmittable through the air or water droplets. There are, however, lethal toxins and bacteria that are injectable into the human body via vaccination, in vivo. And this is why The Covid 19 Vaccination is being pushed as the ultimate cure for all that ails Mankind. The Vaccine is the ultimate plausible deniability ruse in order to exterminate the most amount of people in the shortest amount of time, without anyone really being able to point the finger at The Draconian Technocracy behind it.

After all, it was all for your safety, right? Who can accuse them of any wrongdoing with that banner of intent at the spearhead, right? You did not get Covid 19 but your died from The Covid 19 Vaccine because it was all for your safety, right? Evidently none of it was for anyone's safety, it is clear.

Quotes

"The common enemy of humanity is man. In searching for a new enemy to unite us, we came up with the idea that pollution, the threat of global warming, water shortages, {Pandemic}, famine and the like would fit the bill. All these dangers are caused by human intervention, and it is only through changed attitudes and behavior that they can be overcome. The real enemy then, is humanity itself." – Club Of Rome, Premier Environmental Think-Tank, Consultants To The United Nations

"Isn't the only hope for the planet that the industrialized civilizations collapse? Isn't it our responsibility to bring that about?" – Maurice Strong, Founder Of The UN Environment Program (UNEP)

Weaponized Weather to Create Climate Change, Intentional Arson, Lethal Pharma, Controlled Riots are The New Silent Weapons for Quiet Wars Resulting in Plausible Deniability

All that is required to keep the focus off of Technocratic Elite plans for world collapse and controlled destructive aggression upon humanity are weaponized weather to create climate change, intentional arson, lethal Pharma, and controlled riots. The more that destructive events point to natural causes or accidental Manmade error, the easier it is to implement all of this mayhem without the general public even knowing it is being targeted to gain plausible deniability.

Ordo Ab Chao: The Occult Version of the Will of The Creator

From the method underscored with the occult motto, Ordo Ab Chao (Order Out of Chaos), we can surmise that the occult would view The Will of the Creator to be that the Destiny of all things is uncertain. With this view, they manipulate people and events to direct this uncertain outcome to conform to THEIR will. As they see it, The Creator wills it that they be able to manipulate the Destiny of all people.

Revelation 9:15 and Ordo Ab Chao

Ordo Ab Cho is the Latin phrase for "Order Out of Chaos". According to basic Illuminati or higher Masonic dogma, the New World Order will result after a period of choreographed chaos, which the state will probably implement through war and bloodshed. Masonic initiates who progress and ultimately attain the 33rd degree receive a jewel with the inscription "Ordo Ab Chao," surrounded with three interlocking triangles.

Professor Georg Wilhelm Friedrich Hegel, a Freemason and a political and social scientist at the University of Berlin (1817-1831), maintained that man could shape history and achieve ultimate peace only through repetitive episodes of controlled conflict between opposing forces. Hegel advocated the idea that men must create, manipulate and manage that conflict in order to create a pre-determined outcome – the controlled change, the synthesis.

Bible Prophesies Chaos Ahead - The present turmoil we find ourselves in is child's play compared to the world upheaval just ahead as foretold in the Bible. And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men. (Rev 9:15).

Prior verses indicated these beings were "bound," meaning they are fallen angels, or demons. This verse reports that the four angels had been prepared precisely for the time of their release. The words, "the hour, the day, the month, and the year" are not intended to be added together into some exact amount of time. Rather, this expression means God had prepared them for this precise instant of their release—for this exact moment in history.

The purpose of these demons' release was to kill one third of mankind. Daniel 12:1 predicts this terrible time. It states: "And there shall be a time of trouble, such as never has been since there was a nation till that time." Also, this level of catastrophe was part of what Jesus predicted, calling it a great tribulation. Matthew 24:21–22 records His words: "For then there will be great tribulation, such as has not been from the beginning of the world until now, no, and never will be. And if those days had not been cut short, no human being would be saved. But for the sake of the elect those days will be cut short."

The Climate Change Hoax and Agenda 21 Sustainability

Whether it be less cars in the road and less factories working to spew out filth into the environment because of the lockdown, Climate Change and Agenda 21 Sustainability is the hidden goal. And all the fires raging across America are underscored with the idea of Climate Change, and Climate Change and Agenda 21 Sustainability is the hidden goal. Whatever is happening, it is being blamed on or connected to Climate Change and the need to herd people into super cities like sardines, and take all the open land to give to The United Nations, always in the name of "Protecting the Planet".

And everything that is happening is artificially being ignited. None of it is authentically connected to Natural Climate. It is weaponized weather based climate change. It is H.A.A.R.P altered climate.

Introduction

Ordo Ab Chao: All the World's a Jesuit Stage

The Vatican Jesuits didn't just curve the Earth with their Heliocentric mind control in the 15th Century, hypnotizing the world into an Copernican Cosmological illusion. They also curved, twisted, and perverted the moral sensibilities of Mankind, robbing it of any decency, indoctrinating him into a Luciferian mindset, and filling him up with carnal and Satanic mesmerism and Gnostic Transhumanistic filth. On every front: social media, entertainment, news, business, spirituality, science, education, military, medical, political, etc…you will find the hidden hand of Jesuit fingerprints. They lurk in the shadows and blend in to avoid detection and persecution, seldom if ever taking leadership roles, but rather, preferring to position their Masonic, Jewish, Illuminati, and Papal Pawns in the limelight to propel their sinister machinations for a Luciferian New World Order forward. You'll always find a Jesuit created proxy war in a third world country where the Jesuits keep their hands clean while their stooges and pawns fight to the death to perpetuate Chaos and the Hegelian Dialectic, resulting in reformation towards Jesuit goals.

Additionally, though many believe The Jews to by "The Synagogue of Satan" and target them as the instigators of The New World Ordre, as ***The Protocols of The Learned Elders of Zion*** would seem to suggest, upon closer scrutiny, it becomes readily apparent that The Jews were, and still are ,merely Papal Puppets to help front and manage The Jesuit agenda for a New World Order. Every leader is now a puppet. They are all in the same club, answering to the same Master of Puppets. An all-powerful, ancient, Jesuit-run organization is pulling the strings on everything around us, shaping local, federal, and international economy, starting wars, and pretending that they are enemies because that keeps them in power so they can introduce even tighter Draconian measures in each of their respective territorial dominions.

The common theme here is about a New World Order, where a secretive Power Elite with an Imperialistic Agenda is conspiring to eventually rule the world through an authoritarian, technocratic world government, which will replace sovereign nation-states. They employ an all-encompassing propaganda, terrorist, business,

banking, entertainment, news media, medicine, and military mechanism, whose core ideology continually hails evolutionary theory and the establishment of a New World Order as the culmination of history's evolutionary progress.

The Jesuits killed Abraham Lincoln:

"The American Civil War would never have been possible without the sinister influence of the Jesuits."

--Abraham Lincoln (1809-1865; 16th President of the United States)

Freemasonry is, essentially, a Jesuit offshoot:

"If you trace up Masonry, through all its Orders, till you come to the grand tip-top head Mason of the World, you will discover that the dread individual and the Chief of the Society of Jesus [i.e., the Superior General of the Jesuit Order] are one and the same person."

- James Parton (American historian)

The Creation of The Illuminati was by Jesuit Agent, Adam Weishaupt:

"Jesuit-trained Illuminist, Adam Weishaupt, and his fellow Jesuits cut off the income to the Vatican by launching and leading the French Revolution; by directing Napoleon's conquest of Catholic Europe, and by eventually having Napoleon throw Pope Pius VII in jail at Avignon until he agreed, as the price for his release, to reestablish the Jesuit Order. This Jesuit war on the Vatican was terminated by the Congress of Vienna and by the secret, 1822 Treaty of Verona."

- Emanuel M. Josephson (American physician and historian)

The Jesuits marginalized and orchestrated the persecution of The Jews in Nazi Germany though their Zionist fronts:

"Why would the Jesuits use their implacable enemy, the Jews, to further their designs for world dominion? The Jesuits never do anything out in the open where they can be exposed. If they are recognized as the culprits, they will be blamed and suffer the consequences, but if they can use someone else as the 'cause of the world's problems', especially an enemy they can destroy in the process, then they have simultaneously accomplished two of their objectives. The Jewish people are the perfect scapegoat. Since the Rothschilds are Jesuit agents operating under a Jewish cover, using them in forming the Illuminati back in 1776 effectively throws the onus of this conspiracy on the Jews. The Rothschilds are certainly not the only Jesuit agents that operate under a Jewish front. History books will tell us that the French Revolution first began in 1787 or 1789, depending on which book you read. However, it was actually planned by Jesuit Dr. Adam Weishaupt and the House of Rothschild almost 20 years before the Revolution took place."

--William Sutton (Author of The New Age Movement and Illuminati 666)

All significant occurrences in politics and finance are indeed orchestrated by this highly influential Jesuit cabal who maintains political power through the financialization of the economy through Vatican supported banking mafia headed by

the Rothschild Zionist, international bankers. Nothing is left to chance in their advance towards world government, as they control every step of the way.

The Jesuits hold control through the regulation and restriction of speech through their concentration of media ownership, mass surveillance, widespread use of state false flag terrorism, and an all-encompassing propaganda machine that creates a cult of personality around puppet world leaders and ideologizes world government as the culmination of history's progress.

They operate through many front organizations, including The United Nations, The CFR, The Trilateral Commission, NAFTA, USAN, EU, OIC, OAU, SCO, APEC, The Vatican Church, etc...Historical and current events are indeed steps in an ongoing plot to achieve world domination through clandestine and overt political gatherings and decision-making.

- **Media is Manipulation**
- **History is a Lie**
- **Religion is a Control System**
- **Money is a Hoax**
- **Debt is a Fiction**
- **Government is a Corporation**
- **WE are Slaves to the System**
- **The System Is A Lie**

Ten Facts You Should Know About the Jesuits

The current Superior General is the Reverend Father Adolfo Nicolás. The Superior General of the Society of Jesus is the official title of the leader of the Roman Catholic religious order, the Jesuits. He is generally addressed as Father General. The position sometimes carries the derogatory nickname of the Black Pope. The current Superior General is the Reverend Father Adolfo Nicolás.

"Beware of false prophets, who come to you in sheep's clothing, but inwardly they are ravenous wolves." – Yahushua in Matthew 7:15 (NKJV)

"We came in like lambs and will rule like wolves." --Francesco Borgia, Third Jesuit Superior General

The Society of Jesus, more commonly referred to as the Jesuits, are the armed militia of the Roman Catholic Church. They were sanctioned in 1540 by Pope Paul III with one mandate: to defeat Protestantism and regain worldwide Papal rule. To achieve this monumental task, they employ ever-adapting methods of pseudo-education, social programs, infiltration, and all wickedness that could possibly be

conceived. Needless to say, they are achieving great success in their mission, which is climaxing with the present pope, Pope Francis, i.e. the Eighth and last Pope of Revelation 17, who held some of the highest positions in Argentina, including Provincial Superior in the Society of Jesus and Archbishop of Buenos Aires. He was made a cardinal by Pope John Paul II.

Today most of the world is oblivious as to how Jesuits operate, from their inception to this very day. Now more than ever, World's Last Chance believes it is exceedingly important to bring up the following historical facts about this evil society, to expose the wicked nature of this truly malevolent order.

Fact #1

Pope Clement XIV abolished the Jesuits as a society in 1773:

It did not take long for the 18th Century Catholic nations to get tired of the meddling of the Jesuits into their national affairs. They were so infuriated against the Jesuits that they demanded the Roman Catholic Church abolish them once and for all. Sufficient political pressure was brought to bear on Pope Clement XIII. However, he passed away before he could do anything about it. The task of abolishing the Society of Jesus then fell on his successor, Clement XIV. As Clement XIV signed the decree abolishing the Jesuit Order he said, "I have signed my death warrant." Within nine months, he was dead. [Many contemporaries considered his death a case of poisoning, and suspected the Jesuits were responsible].

Fact #2

No other entity on Earth was expelled and suppressed by Catholic and non-Catholic countries as the Jesuits:

Obviously, the Jesuits were not expelled from many nations (even Catholic nations) because of their educational or charity work. They were expelled for engaging in and carrying out subversive political plots against humanity to advance their own cause. Between 1555 and 1931 the Society of Jesus was expelled from at least 83 countries, city states and cities, for engaging in political intrigue and subversion plots against the welfare of the State, according to the records of a Jesuit priest, Thomas J. Campbell. Practically every instance of expulsion was for political intrigue, political infiltration, political subversion, and inciting to political insurrection.

The Jesuits are known for their deception, spying, infiltration, assassination, and revolution. They worked deep into the political field and plotted through politics throughout the world countries.

When the Jesuits are expelled from a country, they simply change strategies and return to the country they were expelled from under a new disguise. The following sums up their operational strategy:

"We came in like lambs and will rule like wolves. We shall be expelled like dogs and return like eagles."

--Francesco Borgia, Third Jesuit Superior General.

Fact #3

Hitler modeled his dreaded SS army and party after the organizational structure of the Jesuits and the Roman Catholic Church:

"…the SS organization had been constituted according to the principles of the Jesuit Order."

--"The Secret History of the Jesuits," by Edmond Paris, p. 164

Walter Schellenberg, former chief of Nazi counter-espionage made this statement: "The S.S. organization had been constituted by Himmler [Heinrich Himmler, leading member of the Nazi party] according to the principles of the Jesuit Order. Their regulations and the Spiritual Exercises prescribed by Ignatius of Loyola were the model Himmler tried to copy exactly. Himmler's title as supreme chief of the S.S. was to be the equivalent of the Jesuits' 'General' and the whole structure was a close imitation of the Catholic Church's hierarchical order."

--The Secret History of the Jesuits," by Edmond Paris, p. 164

Above all I have learned from the Jesuits. And so, did Lenin too, "far as I recall. The world has never known anything quite so splendid as the hierarchical structure of the Catholic Church. There were quite a few things I simply appropriated from the Jesuits for the use of the Party.

--Manfred Barthel, "The Jesuits: History and Legend of the Society of Jesus (New York, 1984), Adolf Hitler, p.266.

"I learned much from the Order of the Jesuits", said Hitler. "Until now, there has never been anything more grandiose, on the Earth, than the hierarchical organization of the Catholic Church. I transferred much of this organization into my own party. I am going to let you in on a secret. I am founding an Order. In my

"Burgs" of the Order, we will raise up a youth which will make the world tremble. Hitler then stopped, saying that he couldn't say any more.

Vatican connection to Nazis

Signing the concordat is Cardinal Pacelli (later to become Pope Pius XII). By 1933 he was the Vatican Secretary of State. Second from left is Franz von Papen, a sinister Nazi and devout Roman Catholic who was Hitler's ace diplomat and the Vatican's agent in helping to bring Hitler to power. Standing at the far right can be seen the little-known Vatican prelate, Montini, later to become Pope Paul VI.-- "Hermann Rauschning, former national-socialist chief of the government of Dantzig: "Hitler m'a dit", (Ed. Co-operation, Paris 1939, pp.266, 267, 273 ss).

"The Fuhrer had come to power, thanks to the votes of the Catholic Zentrum [Center Party overseen by Jesuit Ludwig Kaas], only five years before 1933, but most of the objectives cynically revealed in Mein Kampf were already realized; this book . . . was written by the Jesuit controlled Father Bernhardt Stempfle and signed by Hitler. For . . . it was the Society of Jesus which perfected the famous Pan-German program as laid out in this book, and the Fuhrer endorsed it."

--Edmond Paris, The Secret History of the Jesuits, page 138

Franz von Papen, another powerful Nazi, who was instrumental in setting up the concordat between Germany and the Vatican had this to say: "The Third Reich is the first world power which not only acknowledges but also puts into practice the high principles of the papacy."

--http://www.chick.com/reading/books/153/153_03.asp

Fact #4

Jesuit Education

Over the last 400 years the Jesuits have succeeded in establishing the largest worldwide network of schools and universities. These prominent schools and universities have produced many well-known alumni. Thus, the Jesuits have been able to shape and mould the thinking of many famous world leaders and produce generations of political and religious leaders who were favorable to the Roman Catholic Church, and her doctrinal agenda.

The renowned British preacher, Charles Haddon Spurgeon, once warned about the church ministers who are graduating from these universities that "… they keep back a portion of the gospel … having studied in the devil's new Jesuitical college."

--Charles H. Spurgeon "A Solemn Warning for All Churches," Sermon No. 68

Fact #5

Agents of the Jesuits have been responsible for assassinating many heads of State over the centuries:

Heads of states were assassinated by the Jesuits when they attempt to suppress the influence and meddling of the Jesuits in their national affairs. Of heads of states that are known to have been assassinated by Jesuits we mention for example: William of Orange, Kings Henry III and Henry IV of France, Czars Alexander I and Alexander II of Russia, President Abraham Lincoln and John F. Kennedy, and Mexican President Benito Pablo Juarez.

Jesuit connection to Lincoln assassination

Abraham Lincoln was fully aware of the evil nature of the Jesuits. He stated, "... it is not against the Americans of the South, alone, I am fighting. It is more against the Pope of Rome, his perfidious Jesuits and their blind and blood-thirsty slaves that we have to defend ourselves."

--Fifty Years in the Church of Rome, by Charles Chiniquy. p. 496

"It would seem that the Jesuits had had it in mind, from the beginning of the war [the American Civil War of 1861-1865], to find an occasion for the taking off [i.e., the assassination] of Mr. [Abraham] Lincoln."

--Thomas M. Harris (U.S. Army Brigadier General; Author of the book Rome's Responsibility for the Assassination of Abraham Lincoln)

"The favorite policy of the Jesuits is that of assassination."

--U.S. Army Brigadier General Thomas M. Harris; "Rome's Responsibility for the Assassination of Abraham Lincoln"; 1897; Page 19)

"It is of faith that the Pope has the right of deposing heretical and rebel kings. Monarchs so deposed by the Pope are converted into notorious tyrants and may be killed by the first who can reach them.

"If the public cause cannot meet with its defense in the death of a tyrant, it is lawful for the first who arrives, to assassinate him."

--Defensio Didei, Jesuit Suarez, Book VI. C 4, Nos. 13, 14]

Donald Freed remembers what apparently passes for polite conversation when men such as William Colby and Ray Cline get together. "It was quite bizarre" Freed said, "for the subject they chose was, 'When is it acceptable to assassinate a head of state?' Colby presented what he said was a theological and philosophically sound approach. "The Catholic Church," he said, "had long since wrestled with this question and had," to Colby's mind, emerged with a sound concept: "It is acceptable," he said, "to assassinate a tyrant." [Donald Freed is a friend of the author, Mark Lane. He organized a conference at USC for the U.S. intelligence community and its critics to meet. In the panel were Lane, Ellsberg and John Gerassi, all critics. On the other side were William Colby, former DCI (Director of Central Intelligence from September 1973 to January 1976), David Atlee Phillips, and Ray Cline, former deputy DCI's.

--Plausible Denial, Mark Lane, 1991, p. 85

Jesuit Connection to the Kennedy Assassination

President John F. Kennedy was another victim of appalling Jesuit wickedness. Once he outwardly distanced himself from the Papal agenda and stood for more liberal ideals and human rights, he was considered, by their standards, a traitor to the Vatican and a "tyrant" worthy of death**.**

This is an excerpt from "Vatican Assassins" by Eric Jon Phelps:

Knowing that President Kennedy was not going to escalate the Vietnam War, the Intelligence Community began to prepare for his assassination. Cardinal Spellman [Francis Spellman, Archbishop of New York from 1939-1967], through FDR, had arranged the release of "Lucky" Luciano. Now the Cardinal needed a favor. If refused, Spellman could use the entire intelligence community which he had helped to organize, to eliminate any mob boss. If agreed to, new gambling centers would open, Atlantic City in particular. Clearly, if the President [JFK] was removed, everybody would acquire more power and wealth, the intelligence community would become more absolute, and the Cardinal would be even more respected by his peers in Rome.

Later, in 1964, for the first time in history, the Pope of Rome set foot in Fourteenth Amendment America. Cardinal Spellman had performed well and was rewarded by a visit from his Master, fellow Cold Warrior and Vatican Ratline handler, Cardinal Montini, who was now Pope Paul VI. There is yet another reason for the removal of President Kennedy. He wanted to arm Israel. Loftus writes:

"In September 1962 Kennedy decided to supply Israel with defensive ground-to-air missiles capable of stopping aircraft, but not the Egyptian offensive missiles. It

was the first arms sale by the U.S. Government to Israel.... Kennedy promised the Israelis that as soon as the 1964 election was over, he would break the CIA 'into a thousand pieces and scatter it to the winds'. With Kennedy's assassination in November 1963, the Israelis lost the best friend they had in the White House since Truman departed."

--The Secret War Against the Jews, John Loftus, 1994

And why did the Vatican's Jesuits not want any arms sales to Israel at this time? Why did the Jesuit-controlled President Johnson turn his back as the Egyptian army moved up through the Sinai desert to prepare its assault on Israel in 1967? Because the attack upon Israel had to be provoked. That attack was provoked by the Jesuits' International Intelligence Community through Egypt falsely perceiving the weakness of the Israeli army and the supposed abandonment of Israel by the American Empire. The six-day war, engineered by Knight of Malta James Angleton, had one primary purpose: the taking of Jerusalem along with the Temple Mount. The apparent lack of military hardware on the part of Israel provoked the planned attack by Egypt. Therefore, Israel launched a preemptive strike, and, in six days, the holy city was in the hands of Rome's Zionist government.

Had Kennedy armed Israel, the Egyptians would never have been emboldened to maneuver for war. With no provoked war, there would have been no Israeli attack. With no Israeli attack, Jerusalem would never have been taken by the Zionists, controlled by the Jesuits' Mossad. With Jerusalem in Arab hands, the Zionists could never rebuild Solomon's Temple—unbeknown to them—for the Jesuits' "infallible" Pope,

"Who opposeth and exalted himself above all that is called God, or that is worshiped; so, he is God sitteth in the temple of God [Solomon's rebuilt temple], showing himself that he is God." -II Thes 2:4

It is safe to say that the Jesuit General, using the Pope with his most powerful Cardinal, assassinated President Kennedy.

--http://www.bibliotecapleyades.net/vatican/esp_vatican03.htm#THE JESUITS — 1945-1990

One might assume that this emotive painting would hang somewhere in Dallas, Texas or perhaps in the Smithsonian. And one would be wrong on both counts. This painting of President John F. Kennedy's gruesome assassination, by Mark Balma, hangs in the Vatican Cathedral of St. Paul. The painting is entitled "Pietà" after

Michelangelo's famous sculpture of Mary holding the body of the crucified Christ, which is also located at the Vatican. Isn't this a macabre way to "celebrate" the life of perhaps America's most beloved President? or is this rather an homage to the Jesuit agenda, serving as a stern warning/reminder to those willing to cross them?

Fact #6

The Jesuits today control all the powerful secret societies that are shaping the New World Order

"The list of secret societies being controlled by the Jesuits today include: the Freemasonry, the Knights of Malta, the Bilderberg group, and the higher levels of the Knights of Columbus, and the highest levels of Opus Dei – and all the subgroups that fall under these powerful entities."

--http://www.toughissues.org/the%20jesuit%20oder.htm

"There are still men and women about the country, who will tell you, with grim gravity that, if you trace up Masonry, through all its Orders, till you come to the grand tip-top, head Mason of the world, you will discover that the dread individual and the Chief of the Society of Jesus are one and the same person!"

--James Parton, 1855, American Historian, The Black Pope, M.F. Cusack, (London: Marshall, Russell & Co., 1896) p. 76.

If the above is true, then the example below would be a meeting of two of the most powerful men on Earth! The Head of the Jesuits and the Pope, who is also a Jesuit.

Fact #7

The Jesuits are responsible for fomenting the two world wars and escalating the Vietnam War after President Kennedy's assassination:

"The public is practically unaware of the overwhelming responsibility carried by the Vatican and its Jesuits in the starting of the two world wars – a situation which may be explained in part by the gigantic finances at the disposition of the Vatican and its Jesuits, giving them power in so many spheres, especially since the last conflict."

--Edmond Paris, The Secret History of the Jesuits, page 9

The documented atrocities committed by the Jesuits, particularly those under the Ustachi (or Ustaše) are particularly disturbing and shocking, especially since there are actual photographs of such evil. This didn't happen hundreds or thousands of

years ago. It happened in the 1940's. For many in Yugoslavia it was either convert to Catholicism or be brutally tortured and killed.

Fact #8

After Pope Pius VII was freed from exile in 1814, his first order of business upon returning to Rome was to restore the Jesuit order

The papacy suffered great humiliation at the hand of Napoleon. Thus, right after the defeat of Napoleon in 1814, Pope Pius VII was freed from imprisonment and was returned to Rome. The need to restore the Jesuit militia became an urgent matter. Rome did not want to be deprived again of the services of the Jesuits, no matter how burdensome this service was to the Church of Rome, and its allies.

"In the agreement to rescue Rome [i.e., the Roman Catholic Church's hierarchy] from the predicament of losing its world control to Protestantism, and to preserve the spiritual and temporal supremacy which the popes [had] 'usurped' during the Middle Ages, Rome now 'sold' the [Roman Catholic] Church to the Society of Jesus [i.e., the Jesuits]; in essence the popes surrendered themselves into their hands."

--John Daniel ("The Grand Design Exposed"; 1999; Page 64)

Fact #9

The Jesuit Order took over the Office of Inquisition shortly after it was sanctioned, and this led to the martyrdom of millions of saints

In 1254 Pope Alexander IV established the Office of the Inquisition. The first inquisitor was Dominic, who was the founder of the Dominican order of monks.

However, shortly after Pope Paul III sanctioned the Society of Jesus, the Office of Inquisition was revived and the Pope gave free reign to the Jesuits to run this office, and the inquisitor Generals were granted exceptional powers in carrying out their mandate to root out of all "heretics." This caused the martyrdom of millions of saints.

The quotes below show the effect of Jesuits taking over the Office of the Inquisition:

"Need I speak to you of the thirty years' war in Germany, which was mainly instigated by the Jesuits, in order to deprive the Protestants of the right of free religious worship, secured to them by the treaty of Augsburg? Or of the Irish

rebellion, of the inhuman butchery of about fifteen million Indians in South America, Mexico and Cuba, by the Spanish papists? In short, it is calculated by authentic historians, that papal Rome has shed the blood of sixty-eight million of the human race in order to establish her unfounded claims to religious dominion." Source: Dr. Brownlee's "Popery an enemy to civil liberty", p. 105

"This was the century of the last religious wars in "Christendom," the Thirty Years' War in Germany, fomented by the Jesuits, reducing the people to cannibalism, and the population of Bohemia from 4,000,000 to 780,000, and of Germany from 20,000,000 to 7,000,000, and making Southern Germany almost a desert, ..."

--Cushing B. Hassell, History of the Church of God, Chapter XVII.

Writing about the Jesuits, John Lord states:

"They are accused of securing the revocation of the Edict of Nantes, -- one of the greatest crimes in the history of modern times, which led to the expulsion of four hundred thousand Protestants from France, and the execution of four hundred thousand more."

--John Lord, Beacon Lights of History, volume VI, p. 325.

"In Bohemia, by 1600, in a population of 4,000,000, 80 per cent were Protestant. When the Hapsburgs and Jesuits had done their work, 800,000 were left, all Catholics."

--Henry H., Pocket Bible Handbook, Chicago, 13th edition, 1939, p. 790.

Fact #10

The Jesuits succeeded in their destructive agenda through dominating the confessor field wherever they went

"The Jesuits became the predominant group supplying confessors to (meaning, hearers of the confessions of) kings and princes and those in authority. As the New Catholic Encyclopedia says, "they acted as royal confessor to all French kings for 2 centuries, from Henry III to Louis XV; to all German emperors after the early 17th century; to all Dukes of Bavaria after 1579; to most rulers of Poland and Portugal; to princely families throughout Europe.

"As advisors to kings, they influenced political policy. A royal confessor was not slow to tell a king that he had a duty to make the kind of political alliances that would promote the temporal interests of the Church. It was Le Tellier, Jesuit

confessor to Louis XIV, who in the 1680's persuaded that monarch to revoke the Edict of Nantes, which granted religious liberty to Protestants."

The Jesuits are even confessors of popes. "The Pope's confessor, an ordinary priest, must be a Jesuit: he must visit the Vatican once a week at a fixed time, and he alone may absolve the Pope of his sins."

--http://amazingdiscoveries.org/S-deception-The-New-Superior-General-A-Wolf-in-Sheeps-Clothing

Conclusion

Given the above historic facts about the Jesuits, it is incredulous and most shocking to see the media and the world's religious and political leaders stampeding to endorse and praise Pope Francis. We have no words to describe this unprecedented worldwide epidemic of memory loss towards Rome and her Jesuits.

The prescient warning of General Sherman is most appropriate to quote today:

"I would remind you of Webster's definition of a Jesuit: a designer, an intriguer. If the Church of Rome prevailed, the Pope would be the Universal King . . . The Jesuits are here to plot and scheme and, if possible, take from us the noble heritage of our civil and religious freedom. The rules of the Jesuit Order justify theft, licentiousness, lying, false witness bearing, suicide and the murder of parents and other relatives. The greatest crimes in history committed against individuals and nations have been committed by the Jesuits. Wherever Jesuits are they have the torch to burn, the sword to slay, the inquisition to torture. They are the enemies of Bible-believing Christianity. They live for conquest, fortune and glory."

--General Sherman's Son: The Life of Thomas Ewing Sherman, S.J., Joseph T. Durkin, S. J., (New York: Farrar, Straus and Cudahy, 1959) p. 186.

It is our duty to as followers of Yahuwah to expose Rome and her Jesuits, and to pray for the utter destruction of their evil deceit. Prayer is the only weapon we have against this veiled enemy we face today. Rome and her Jesuits are the greatest enemy of the Gospel and of humanity. However, we are assured in His prophetic Word that they will not prevail. The Harlot will be utterly destroyed prior to the Second Coming of Yahushua:

"And the ten horns which thou sawest upon the beast, these shall hate the whore, and shall make her desolate and naked, and shall eat her flesh, and burn her with fire." Revelation 17:16.

The Hegelian Dialectic Jesuit-Masonic Modus Operandi

All Jesuit, and subsequent high level (Illuminati level), Masonic activity is done using the agitation of opposites like Right and Left Wing, Communist versus Fascist, Liberal versus Conservative, Atheist versus Theist, etc...where Jesuit agenteurs create and remain aloof, behind all sides of conflicts in political, business, educational, military, media, and spiritual arenas through their controlled opposition agents.

Firstly, in creating duality, they foment chaos (e.g. social problems). After that, a reaction is launched by the target group. And then, a pre-ordained and pre-planned supposed "solution" is offered, which was the original goal, and primary and hidden objective of the dietetical ruse, all along. This strategy is known as "Order Out of Chaos" or, "Ordo ab Chao", the motto of the Jesuit Masonic 33 Degree level Illuminati.

The Veil of Democracy

The strength in this dialectical strategy is in its clandestine nature, where the net result culminates in an unaware populace happy and feeling empowered because its grievance was apparently was heard. This is The Veil of Democracy, while in fact they were conducted like cattle to follow a hidden agenda.

Rinse and Repeat

The Hegelian Dialectic is strategy repeated many, many times by The Jesuits until the desired aim is attained. It is a strategy whereby the ruling elite will continually create an artificial or synthetic problem, anticipating in advance the reaction of the population to the crisis, and thus conditioning the people to call for change. When the population is properly conditioned, the desired agenda of the ruling elite is presented as the solution. The solution they present is not intended to solve the initial problem, but to serve as the basis for a new problem or exacerbate the existing one. When the newly created problem reaches the "boiling point", it becomes the foundation for the people to clamber for change again. This process is repeated over and over, all the time moving society towards whatever end point they have in mind (their agenda):

1. Problem (follow step 2)

2. Reaction (follow step 3

3. Solution (repeat step 1)

Order Out of Chaos

"Order out of Chaos" is the creed of the elite-ruling class; as it is a key stratagem used for social engineering to control the masses. A more technical term of this same principle is known as 'Hegelian Dialectics' – the clashing of opposed ideologies to achieve eventual compromise (thesis vs antithesis = synthesis).

Some common examples of 'Hegelian Dialectics' are:

1) Truth (thesis) -vs- Propaganda (antithesis) = Relativism (synthesis)
2) Republican -vs- Democrat = Neo-Progressivism
3) Capitalism -vs- Socialism = Corporatism
4) Protestantism -vs- Catholicism = Ecumenism

Notice each synthesis from the above examples: Relativism, Neo-Progressivism, Corporatism, Ecumenism; all are precise objectives on the menu for the power-elite.

A more diabolical version of this principle is quoted from Foundation of Human Understanding as follows:

1) The first step (thesis) is to create a problem.
2) The second step (antithesis) is to generate opposition to the problem (fear, panic and hysteria).
3) The third step (synthesis) is to offer the solution to the problem created by step one: A change which would have been impossible to impose upon the people without the proper psychological conditioning achieved in stages one and two."

Within this process, conflict and chaos are created at great cost of lives and resources to dismantle the social and political structures by which free societies govern themselves; ultimately to be replaced with centralized power and control of the people and resources.

Such a strategic agenda is the real cause of so many of the shootings, bombings, economic crises, wars, revolutions, etc, etc. It's time to wake up and recognize the strategies being used against us. This is a high call for keen discernment.

Ordo Ab Chao

'Hegelian Dialectics' is a key component of the Luciferian system, which is not just a religious system, but a political system; the Hegelian principle is summed-up in their creed "Ordo Ab Chao" (Order from Chaos).

Such methodology has been highly effective for the elite-ruling class (namely the high-ranking Jesuits, who leverage a whole host of different religious and political powers to gain greater dominance.

Order from chaos works like this: "Chaos", for one, distracts the population to "pay no attention to the man behind the curtain", and two, causes the people to get so tired of the conflict that they are willing to compromise almost anything for some harmony.

That harmony then comes in the "Order" of those who (secretly) caused the problem- so they can implement their "solution" which is promoted to be in the best interest of the commonwealth of the people, but in actuality, is impoverishing and enslaving them.

Hegelian Dialectics is as old as politics but took on a whole new dimension to counter the Protestant Reformation through the military arm of The Jesuit Order. The Jesuits were recognized for causing so much chaos (revolutions, wars, assassinations) that they were expelled from almost every nation in Europe by the mid 1700's.

When making their comeback and complete takeover of the Vatican in the early 1800's, the Jesuits were prepared to be virtually undetectable as they mastered the arts of espionage and infiltration strategies; And as a result of their great success, most have no idea what the Jesuits are really about- how devious and diabolical they really are, as well as the vast amount of global temporal power they have secured.

And with such power and control, they easily have the means to rewrite history to cover their conspiracies, while painting a nicer picture of their image and track record.

Hegelian Dialectics Throughout History

As mentioned, this dialectic principle was brought to a whole new dimension by the Jesuit Order, who were commissioned by the Pope to combat the Protestant Reformation. Most people only recognize the mayhem of the Counter-Reformation and it's so-called "Holy Inquisition" as something that we are now hundreds of years removed from.

Jesuit Inquisition

However, the Counter-Reformation has gained more ground in this past century than ever before, as the Modern Inquisition has taken more lives than the previous centuries combined, since the ascension of Christ. This satanic advancement was made possible by the covert nature of their tactics and strategy. (Ultimately, it is only by God's permissive will, that this evil is allowed, for a time, for God's own triumphal purposes)

Most people know of the tens of millions of people mass murdered by Stalin, but a detail most folks are not aware of, is that most of those people were various kinds of Christians such as Orthodox & Protestants.

Most people know of the six million Jews that were killed under Hitler's Third Reich, but most are not aware of the 13 million Protestants who were annihilated, mostly from Northern Germany, who were fire-bombed, not by Hitler, but by the Allies, under the assumption and propaganda that states like Prussia were in cahoots with the SS.

Most people have no idea that these cruel dictators like Stalin, Hitler, Pavelic, Mussolini and many more were commissioned by the Catholic Hierarchy as modern-day Inquisitors of the ongoing Counter-Reformation. And what's even more difficult for Americans to see and accept is how the US has been leveraged for the same purposes.

WTC Attack: Hegelian Dialectics in Our Present Time

When understanding the stratagem of the Hegelian principle, you can then begin to recognize how it was implemented throughout history; And after recognizing this element in history, you can then recognize it in our present time. If you wish to cut through the lies and deception to see what the actual truth is, then it is of the essence to not only know the Truth of God's Word and Spirit, but to understand the workings of Satan's worldly system.

It's also very important to know that this satanic system has launched major disinformation campaigns as well as history revision campaigns, within this past

century, to cover-up the true nature and magnitude of such atrocities. Many books, people and other sources that have documented the true accounts have been destroyed or suppressed and replaced with false versions of such accounts.

The sources below are a few that have survived such campaigns, and I encourage you to refer to these sources as part of your own research:

–Word & Spirit of God, Who Was and Is and Is to come

–Theodor Griesinger– historian, author 'The Jesuits: Their Complete History'

–John Clark Ridpath– historian, author 'Ridpath's Universal History'

–John Cornwall – journalist & author of 'Hitler's Pope'

–Samuel F. B. Morse– father of Morse Code, author of 'Foreign Conspiracy'

–Avro Manhattan– authority on Roman Catholicism in politics

–Emanuel M. Josephson– 'The "Federal" Reserve Conspiracy and Rockefellers'

–E. Boyd Barrett– Ex-Jesuit, author of 'The Jesuit Enigma'

–William Cooper– researcher, activist, author of 'Behold a Pale Horse'

–Eric Jon Phelps– historian, Jesuit expert & author of 'Vatican Assassins'

–Peter DeRosa– Catholic Priest, author 'Vicars of Christ: 'The Dark Side of The Papacy'

–Charles Spurgeon Archive– 19th century theologian and author

–Richard Bennet– Christian historian & former Catholic Priest

–William Tyndale– Protestant Reformer, theologian & translator

–Alberto Rivera– high ranking Jesuit Priest converted to true Christianity

–John Wcliffe– pre-Protestant Reformer, theologian & translator

–Augustus Toplady– 18th century theologian & author of 'The Road To Rome'

–John Foxe– historian & author of 'Foxes Book of Martyrs'

–Bill Mencarow– theologian & historian

–Kenneth Scott Latourette– historian, author of 'A History of Christianity'

–John Todd Collins– high ranking Illuminati member converted to Christianity

The Khazarian Mafia Jesuits

Ignatius Loyola, the founder of The Society of Jesus or Jesuit Order, was a Crypto-Jew, (Crypto-Judaism is the secret adherence to Judaism while publicly professing to be of another faith; practitioners are referred to as "Crypto-Jews") but both Judaism and the Catholic Church are Babylonian and based upon Egyptian Kabbalistic Doctrine. Jesuits are not authentic Sephardic Jews.

Rather, they are Talmudic and are of the Khazarian bloodline, pretending to be Jews in order to navigate undetected. Jesuits, Zionists, Communists, Fascists, Khazarian, NAZIs are all one and the same. The Jesuits are in absolute control of education and written history, even very recent history. The Jesuits are the same blood and people as the Khazars who have tricked the entire world into believing that they were the Jews persecuted in WW2

Preface

Simulating Climate Change With Weaponized Weather Modification

Weather Modification (also known as weather control) is the act of intentionally manipulating or altering the weather. The most common form of weather modification is cloud seeding, which increases rain or snow. Weather Modification, along with Climate Engineering, is a recurring theme in conspiracy theories, and for good reason. These activities have a tremendous body of support to validate and prove their existence.

The Chemtrail evidence is super abundant and demonstrates how jet contrails are chemically altered to modify the weather and other phenomena. Other theories implicate scientific infrastructure such as the High-frequency Active Auroral Research Program (H.A.A.R.P.) in geo-engineering and weaponized weather activities.

Prior to the Environmental Modification Convention signed in Geneva in 1977, the United States used Weather Warfare in the Vietnam War. Under the auspices of the Air Weather Service, the United States' **Operation Popeye** used cloud seeding over the Ho Chi Minh trail, increasing rainfall by an estimated thirty percent during 1967 and 1968. It was hoped that the increased rainfall would reduce the rate of infiltration down the trail.

Operation Popeye (Project Controlled Weather Popeye / Motorpool / Intermediary-Compatriot) was a military cloud-seeding carried out by the U.S. Air Force during the Vietnam War in 1967–1972. The highly classified program attempted to extend the monsoon season over specific areas of the Ho Chi Minh Trail, in order to disrupt North Vietnamese military supplies by softening road surfaces and causing landslides.

Weather and climate manipulation is defined as a deliberate intervention in the natural evolution of physical processes in the atmosphere and other components of the Earth's Climate System (ECS) in order to achieve some desired results. Here, as

usual, the ECS is understood as a complex large-scale physical system that consists of five basic and interacting constituent complex subsystems:

1) Atmosphere: the gaseous and aerosol envelope of the Earth that propagates from the land, water bodies, and ice-covered surface outward to space
2) Hydrosphere: the oceans and other water bodies on the surface of Earth and water that is underground and in the atmosphere
3) Cryospher: the sea ice, freshwater ice, snow cover, glaciers, ice caps and ice sheets, and permafrost
4) Lithospher: the solid, external part of Earth
5) Biosphere: the parts of Earth where life exists

Each component of the ECS is characterized by a finite set of variables, usually called state variables, whose values at a given time determine the instant state of the ECS. All components of the ECS are extremely complex physical systems that in turn also are composed of constituent elements (subsystems). It should be noted that the current status of climate system studies is characterized by dramatic progress achieved over the last few decades in understanding basic physical processes and fundamental feedback mechanisms that control the climate formation and change.

Several climate engineering strategies have been developed over the years. Yet, these fall into two main categories:

1) Solar radiation management
2) Carbon dioxide removal.

Through following Biblical prophecies like a script or blueprint in order to force the Biblical "End of Days" narrative, the Luciferian Elite, who inhabit a network of secret societies across the world, seek to bring the world to its knees by way of Weaponized Weather Geo-Engineering

Alternate scheme of making the world submit to Luciferian Control include:

1) Artificially induced and manipulated racial chaos
2) War
3) Famine
4) False flag events
5) Satanic Hollywood programming
6) Porn
7) Fake plagues like the SCAMdemic

8) Feminism
9) Unimaginably terror and torture

Their core modus operandi is based in the Hegelian Dialect of "Problem--Reaction—Solution", with the problem being a world on fire, the reaction being the world begging for peace and order, and the solution being their Technocratic Luciferian New World Order, which is offered to the world in the form of The Great Reset, which is just a repackaging of Agenda 21.

Using Climate Modification techniques, The Technocratic Satanic Cabal can simulate their Climate Change narrative and force people into giving up all their rights in the name of saving GAIA Mother Earth. Staged Climate Change Events cause the necessary chaos to justify governmental intervention and severe restrictions on resource consumption, mobility, behavior, and carbon emissions, as well as justifying solar impedance to cool the Earth.

Weather Wars and Un-Natural Disasters

In Steve Quayle's 2007 book, ***Weather Wars and Un-Natural Disasters***, Quayle relates the fact that weather has been weaponized. The U.S. and other nations are secretly perfecting their skills of weather modification, which is sometimes used as a distraction from other practices that are secret and a quote from past U.S. National Secretary of Defense William Cohen (from his talk at the University of Georgia at a Symposium on April 28, 1997) where he said among other things that there are those who are engaging in an "eco-type of terrorism whereby they can alter the climate, set off Earthquakes, volcanoes remotely through the use of electromagnetic waves."

Quayle is quick to add that the U.S. and other governments have been working at this even hardest than any "terrorist groups." Global Warming is blamed for any strange weather phenomena as a cover. Global Warming is what they came up with when they found out that people just weren't buying the "Coming Ice Age" story, in addition to the fact that the climate was not even getting warmer. Climate Change became the new United Nations doomsday mantra to seduce the world into accepting weather changes as natural and carbon emissions caused.

During the 20th and 21st centuries, the secular world has been striving to usurp the powers of God, displacing the notion of a divine creation of the Universe with one that simply happened and evolved and claiming that the morality of the Bible is

no longer relevant today. Science has been transformed from the pursuit of discovering how the Lord does things to one on which men discover how they can do things without acknowledging the Creator.

In the past, the weather was considered something that the Lord brought to man. Jesus noted the power of the Father when He said, "He makes His sun rise on the evil and on the good and sends rain on the just and the unjust." Controlling the weather was the Lord's job and mankind was to do nothing to alter his gift of rain on mankind, good and bad alike.

But this notion too has become corrupted by those wanting to overthrow the powers of God. Over the last hundred years scientists have been working towards leaning methods of changing the weather, at first with crude methods for sparking rainstorms, and little by little, gaining more and more control over the process. Today, they can hurl violent storms at enemies on the battlefield or attack civilian populations without warning.

Throughout this process the public has been kept pretty much in the dark as a select group of men have been reaching upward to snatch the power to control weather away from God. Their goal is that instead of the Lord bringing the rain to the just and the unjust, these usurpers will have the control. These men are intent on hoarding these powers, exploiting them for selfish gain.

The time is coming when the elite of our world, the new "lords" whose plan is to replace the true Lord of the Universe, will be able to water their own crops while their neighbors burn in a merciless drought. They may be able to create floods in small areas that may rival the days of Noah. These powers are currently being harnessed and stolen with an eye toward creating unnatural disasters from tornadoes and violent thunderstorms to Earthquakes and macro-tsunamis.

Chapter 1

Behind the Chaos: Transhuman Apotheosis and the Transhuman Apocalypse

Apotheosis

From Greek ἀποθέωσις from ἀποθεοῦν, apotheoun "to deify"; in Latin deificatio "making divine"; also called divinization and deification) is the glorification of a subject to divine level. The term has meanings in theology, where it refers to a belief, and in art, where it refers to a genre.

In theology, apotheosis refers to the idea that an individual has been raised to godlike stature. In art, the term refers to the treatment of any subject (a figure, group, locale, motif, convention or melody) in a particularly grand or exalted manner.

– Wikipedia

In short…to become God.

And that is what all this Luciferian Transhumanistic A.I. Digital Mind Uploading Occultism, is about after you strip away all the secular mumbo jumbo and Ray Kurzweillian Singularity propaganda.

Becoming God…eating that old Forbidden Fruit and giving a big middle finger to the Christian God. Takes balls, right?...or the lack thereof, depending upon which side of the Luciferian Fence you sit.

But how did they pull this off…this finely tuned New Age Agenda to worship Lucifer and invert the Biblical story in the Garden of Eden on its head, where The Serpent was the real good guy offering knowledge, enlightenment, and ultimately, Immortality and Godhood, to Man.

And the real Devil was Yahweh and his nasty prohibitive warnings about eating that tempting apple:

"The LORD God commanded the man, saying, "From any tree of the garden you may eat freely; but from **The Tree of the Knowledge of Good and Evil** you shall not eat, for in the day that you eat from it you will surely die."

How did they manage to formularize and organize such a massive departure from The Christian interpretation? I mean, I do not remember learning in Sunday School that Lucifer was the true God to be worshipped, do you? They must have put it all together and administered all this stuff somehow?

And two main steppingstones towards this Occult Agenda building that stand out, among others, of course, are the writings of two Luciferian Occult giants, Madame Helena Blavatsky and Alice Bailey. And actually one springs from the other. Alice Bailey was a devoted follower of Madame Helena Blavatsky, who merely continued where Blavatsky left off, essentially.

Let' look at Blavatsky.

Madame Helena Blavatsky and The Secret Doctrine

In a nutshell, Madame Helena Blavatsky, put all the ancient Secret Society religions together, so wonderful Luciferian organizations like The Freemasons, could keep it safe and water it each day.

Look at it this way. Freemasonry is a Nursery for Secret Society Occult Philosophies. They house them all, much like the Russian occultist, Madame Helena Blavatsky, did by writing her seminal occult Bible, **The Secret Doctrine.** To get you up to speed on The Secret Doctrine, essentially it is the foundation of Blavatsky's New Age Luciferian Religion called, **Theosophy**.

An online source describes The Secret Doctrine as:

"A sourcebook of the esoteric tradition, outlining the fundamental tenets of the Secret Doctrine of the Archaic Ages. This title addresses the perennial questions: continuity of life after death, the purpose of existence, good and evil, consciousness and substance, sexuality, karma, evolution, and human and planetary transformation."

Hitler kept it at his bedside.

It's that fun!

The New Age is essentially based on it. The words in it are so small that even with a microscope you can't read it. It is a Bible….A Satanic Luciferian Bible, with all the Esoteric Occult wisdom of The Ages, borrowed everywhere from Egyptian Hermetic Occultism to Hindu Vedic Cosmology.

The full title of the book is, **"The Secret Doctrine: The Synthesis of Science, Religion, And Philosophy",** by H. P. Blavatsky"

…need I say more?

Freemasons and The Serpent

(Yes, NASA has a serpent tongue in their logo!)

He shall honor the God of forces: a god whom his Fathers knew not"... he shall speak great words against the Most High, and shall wear out the saints of the most High, and think to change times and laws.

--Dan: 7:25; 11:38

The Freemasonry Organization is permeated with Serpent Worship! To worship the Serpent means to worship the Devil himself, for it was he who stealthily posed as the Serpent in the Garden of Eden in order to better deceive Eve.

Madame Helena Blavatsky states:

"You will be as a god, knowing good and evil," he assured Eve. The Serpent virtually told Eve that if she would just stop trusting and listening to God, that he would show her the way to enlightenment! He would be the Savior of mankind and get them out from under the tyrannical rule of their Creator.

Believing what the Serpent told her, Eve ate of the fruit of the Tree of Knowledge, then handed it to her companion, Adam. Occultists, whether it be those of the New Age Movement or of the Freemasonry Organization, really believe that Lucifer, or the Serpent, is the Savior of mankind! They honestly think that he has "illuminated" mankind with the "Truth" that they really were gods all along, but just were unaware of the fact.

Helena Blavatsky, Founder of the Theosophical Society, penned these astounding words:

"One of the most hidden secrets involves the so-called fall of Angels. Satan and his rebellious host will thus prove to have become the direct Saviors and Creators of divine man. Thus Satan, once he ceases to be viewed in the superstitious spirit of the church, grows into the grandiose image It is Satan who is the God of our planet and the only God. Satan (or Lucifer) represents the Centrifugal Energy of the Universe this ever-living symbol of self-sacrifice for the intellectual independence of humanity."

--H.P. Blavatsky, The Secret Doctrine, pg. 215, 216, 220,245,255,533

That entire last line sits on a page headed: "Holy Satan"

Blavatsky wrote:

"Lucifer represents Life Thought Progress Civilization Liberty Independence Lucifer is the Logos the Serpent, the Saviour."

--H.P. Blavatsky, The Secret Doctrine, Vol. II pg. 171,225,255

The Serpent Saviour

Let's see what the Masons have to say about the Serpent being "The Savior":

"The Serpent is universally esteemed a legitimate symbol of Freemasonry."

--George Oliver, Signs and Symbols, New York, Macoy Publishing and Masonic Supply Company, 1906, p. 36

Did you hear that? The Serpent is the "legitimate symbol" of Freemasonry! This is another admission by this Masonic author that Freemasonry worships Satan! But now let's hear how they regard the Serpent as "Savior of the World, just as Helena Blavatsky, the "Mother of the New Age Movement" said that they do:

"The serpent is the symbol and prototype of the Universal Savior, who redeems the worlds by giving creation the knowledge of itself and the realization of good and evil." Manly P. Hall, 33 Degree Mason, The Secret Teachings of All Ages

Now I hope you realize that Manly Hall is saying that the Serpent in the Garden of Eden "saved the World" or became its Savior by giving to Eve the "realization of good and evil" when he convinced her to eat from the Tree of the Knowledge of good and evil, The Freemasons truly believe that Satan gave them some sort of "secret knowledge" about "how to become Enlightened, to be preserved throughout the Ages, by their Secret Society."

And so Blavatsky's Theosophical Teachings eventually formed the cornerstone of every aspect of World Luciferianism, stretching out it's satanic tentacles into the churches, into political organizations, into the back room parlors of disgruntled Christian homes, into the schools, into Hollywood movies, fully saturating and almost synonymous with The United Nations, and into fashion, rock and roll, and entertainment on every level.

I mean hey, it was hip to be a Luciferian in the 1960s. Lucifer was the ultimate rebel, and what is rock and roll but rebellious cloaked in…well…more rebellious?

So Blavatsky was a big hit.

And since then, well, nothing has changed...

The New Age is exactly Blavatsky's Theosophical Teachings.

Theosophy And The New Age: Lucifer Rising

As the hippie musical song from the horribly constructed musical, **Hair,** proclaims:

"This is the dawning of The Age of Aquarius…" and that is all Blavatsky.

In Blavatsky's Theosophical New Age Theology, The Age of Pisces was all about Jesus Christ, and now we are moving into The Age of Aquarius, where Lucifer is God.

Another factoid I somehow missed in Sunday School…

Naturally, it is all based on science fiction outer space Astrological Necromancy, which should not surprise anyone…more Scientism put to Luciferian purposes.

And it is actually the old age Luciferian Occultism repackaged Eon after Eon, only to arrive at our doorsteps as The New Age.

Writer, Philip Jones "illuminates" us:

"Therefore rejoice, ye heavens, and ye that dwell in them. Woe to the inhibiters of the earth and of the sea, for the Devil is come down unto you, having great wrath, because he knoweth that he hath but a short time."

--Revelation 12:12

As an amateur researcher and writer, with perhaps too much time on his hands, I am fortunate to be able to devote many hours a day reading books and online articles relating to what I will call in this essay the Luciferian Conspiracy. I make no pretensions that what follows is in any way original or even innovative. Most of it excepting my own personal observations can be found in much greater detail elsewhere, and for that purpose, I have included a full bibliography and a reference section at article's end. What I have tried to do here is collect information gleaned from reading the work of such exceptional researchers as William J. Sutton, Fritz Springmeier, William F. Jasper, Henry Makow, David Livingstone and Texe Marrs, and create a condensed summary of evidence which will show that as it says in the Bible verse above, Lucifer is amongst us, and the mayhem and chaos we are now experiencing on an international scale in this the first decade of the 21st century, is due to the culmination of many millennia of plotting and planning by the eternal adversary as mentioned in the Holy Scriptures.

If only four years ago, someone had made a similar assertion to me as that above, I would have raised an eyebrow or two, and politely or not, dismissed the idea. But all of my research these past few years has led me to believe just that; That Lucifer is real, and is here on earth, in this dimension, and through those who descend directly from his line, and their puppets, he is causing havoc and chaos in an attempt to seat himself, or his proxy on the throne of a World State, and to inaugurate a New Religion with himself its sole deity.

During my investigations into the Illuminati Brotherhood and their diabolical machinations to cull and enslave mankind, I had until quite recently been oblivious to an aspect of the Global Conspiracy which in its breadth, depth and scope is like no other. I am speaking about the New Age Movement and its plan to introduce a World Religion. I have tried to be as brief and to the point as possible, and hope the reader will have the patience to stick with me. My ultimate intention here is to lead people to the work of those dedicated men listed above, which in turn will help others to truly

come to terms with the realization, that for all its mystical hype and apparent diversity, what many now refer to as `The Rainbow Conspiracy` is in reality the `Luciferian Conspiracy`.

Below, I have tried to connect as many of those `dots` as an article of this type allows, in order to draw a red line through each of the many interconnecting aspects of what the New Age terms `The Plan` and what Freemasonry calls `The Great Work Of Ages`. Call it what you will, by `essay's end`, it should become obvious that what we are dealing with is Lucifer's rebellion against God.

The Far Pavilions> During the 1960s and '70s, large numbers of disillusioned intellectuals, alienated students and others from the West, travelled to India and other points east seeking "truth, wisdom, enlightenment, and good karma" from a ready-made supply of gurus, swamis, yogis, and other self-styled "Illuminated masters." Few understood that they were merely following in the footsteps of a woman who a hundred or so years earlier had trodden a similar path and set out the foundations for the present occult revival being experienced globally, and whose work is pivotal to the spiritual character of the United Nations today and the cause of a World Religion.

That woman was Helena P. Blavatsky (1831-1891), widely regarded as the high priestess of the modern New Age Movement.

Blavatsky founded the Theosophical Society in New York in 1875, and during her lifetime, established close relations with Freemasonry, receiving the Certificate of the `Rite Of Adoption` from Mason John Yarker in 1877. Blavatsky's Theosophy taught arcane "knowledge" (Gnosis), the universal brotherhood of mankind, and unity among all religions, except the monotheistic religions, Christianity, Islam, and Judaism, which she insisted could not be reconciled with what she termed "individual enlightenment."

Blavatsky damned Yahweh as a "capricious and unjust." God. In her view, he was the God of the Israelites and nothing more. She insisted that the Holy Scriptures were wrong, it was really Lucifer who was the `Good and Just God`, victimized by the harsh and unjust Yahweh. Blavatsky maintained that the name Satan, belonged by right to the first and cruelest "Adversary" of all other Gods, and not to the serpent which spoke only words of sympathy and wisdom. She somehow reasoned that Satan/Lucifer is GOD the Creator, the Savior, the Father; and that Jesus is "the firstborn brother of Satan." She wrote, "Satan, the Serpent of Genesis, is the real creator and benefactor, the Father of Spiritual mankind. For it is He ...who opened the eyes of the automaton (Adam) created by Yahweh, as alleged...An adversary to

him ... he still remains in Esoteric Truth the ever loving messenger ... who conferred on us spiritual instead of physical immortality."

She claimed to have had experience with astral projection and the ability to communicate with the spirit world. Her books, `Isis Unveiled` and her three-volume, `The Secret Doctrine` were supposedly channeled through her by the "Masters of Wisdom," Tibetan `holy men`, which any Christian, Jew or Muslim should recognize as being synonymous with demons.

In her book, `The Secret Doctrine` Blavatsky wrote, "Lucifer represents life, thought, progress, civilization, liberty, independence. Lucifer is the Logos, the Serpent, the Saviour" and "It is Lucifer who is the God of our planet and the only God", and she continues, "The Celestial Virgin which thus becomes the Mother of Gods and Devils at one and the same time, for she is the ever-loving beneficent deity, but in antiquity and reality, Lucifer or Luciferius is the name. Lucifer is the divine and terrestrial light, the Holy Ghost, and Satan at one and the same time".

When Blavatsky died in 1891, Annie Besant, a militant feminist, co mason, and a member of the Fabian Socialist Society of England took over the reins of leadership. As a close friend of George Bernard Shaw, H.G. Wells, and other leading Fabians, she was in an excellent position to disseminate theosophical ideas in some very influential circles. She took part in revolutionary street riots and wrote numerous occultic works to complement those of Blavatsky.

After Besant, came Alice Bailey and her husband, Foster Bailey, a 32nd Degree Freemason. Having assumed the leadership of the Theosophical Society together, they formulated and built the foundations of what we now refer to as the New Age Movement. They made no effort to conceal their demonic sympathies, and created the `Lucifer Publishing Company`, along with the theosophical periodical `Lucifer'. Acknowledging that the Christian world at that time, had not been sufficiently undermined for their open preference for the Satanic religion, they renamed their project the `Lucis Publishing Company`. In 1922, they set up `Lucis Trust`, which continues to serve as the umbrella organization for a multitude of One World Government/New Age/Occult sects, cults, organizations, and programs that are the main players in the emerging new world religion. These include the Arcane School, World Goodwill, Triangles, Lucis Publishing, Lucis Productions, Lucis Trust Libraries, and the New Group of World Servers.

The `Plan` as revealed by her `Ascended Master` Djwhal Khul, is documented in her twenty-four books, which she says were channeled through her by Khul whilst she was in a trance state.

This `Plan`, was to usher in the "Harmonic Convergence," also known as the Omega, Mind Convergence, Fusion or Turning Point, which can occur only when nations put aside their differences in a "New World Order" of global unity. When world government and religion are finally realized, the New Age, or the Age of Aquarius, will have dawned. Only then will the Avatar appear, and the implementation of the New World Order fully begin. This "Christ" is also known as Lord Maitreya, said to be awaited also by Jews, Moslems, Buddhists, and Hindus, though he is known by these believers respectively as the Messiah, Imam Mahdi, the fifth Buddha, or Krishna.

Bailey makes it very clear that there is to also be a world religion: "The spirit has gone out of the old faiths and the true spiritual light is transferring itself into a new form which will manifest on earth eventually as the new world religion. ...Judaism is old, obsolete and separative and has no true message for the spiritually-minded which cannot be better given by the new faiths...the Christian faith also has served its purpose; its Founder seeks to bring a new Gospel and a new message that will enlighten all men everywhere".

In his book `Terrorism & The Illuminati`, Canadian author, David Livingstone's own investigations revealed that the Lucis Trust is run by an international board of trustees, whose membership is said to have included: John D. Rockefeller, Norman Cousins, Robert S. McNamara, Thomas Watson, Jr. of IBM, and former U.S. Ambassador to Moscow, Henry Clauson, a Grand Commander of the Supreme Council, 33rd Degree, Southern District Scottish Rite, and Henry Kissinger, thus tying Bailey's organization into the various Round Table groups, including the CFR, the Bilderberger group, and the Trilateral Commission.

When one examines and researches the claims of the New Age Movement, it is all too easy to be skeptical and dismissive, but those leading the way forward in this modern day version of what is in truth `Mystery Babylon` renewed, are working hand in glove with the great and the powerful. Some of the most wealthy and influential men and women on our planet are openly identifying themselves with the New Age. From Bankers, Industrialists, Politicians, Celebrities, it seems everyone is going `New Age` and they are bringing huge swathes of the population along with them. This `spiritual awakening` may be only one aspect of the Illuminati's goal towards One World Government, but it is a major one and may in time prove to be the core element in their plan.

It would be foolhardy indeed to ignore the growing influence of the New Age, Occult, Satanist, Wicca, and Hedonist phenomena manifesting themselves all around us, without acknowledging that if these trends persist, the day will not be too far off when these forces will be able to make good on their aims.

As G. K. Chesterton once observed, "If Man will not believe in God, the danger is not that he will believe in nothing, but that he will believe in anything."

The Christ Is Now Here`! On April 25, 1982, millions of people across the world read the above headline in their daily newspapers, and that, "Throughout history, humanity's evolution has been guided by a group of enlightened men, the Masters of Wisdom, a Spiritual Hierarchy at the center of which stands the World Teacher, Lord Maitreya, known by Christians as the Christ."

We were told "The Christ" was at that very time living in the world and would within two months reveal his identity to all mankind. At the same time, the British Theosophist Benjamin Creme commenced a worldwide speaking tour and announced himself spokesman for "the Christ." In numerous interviews and speeches, he explained that it was not Jesus Christ he was acting on behalf of, but the "Master of Wisdom," of whom Jesus, Buddha, Krishna, and others are disciples. Creme's messianic campaign was coordinated by his New Age religious organization, the Tara Center, from its offices in Los Angeles, New York, and London. As Creme's "Lord Maitreya` failed to appear, one would have expected that he and his `Christ, along with all his euphoric Aquarian propaganda would have become completely discredited and irrelevant. But we do not live in an age of reason. Mr. Creme is still revered as a leading light of the vast New Age network, and his arcane gospel can be found around the world at UN conferences and programs where the Illuminati Elite of the Club of Rome, Aspen Institute, Council on Foreign Relations, World Federalists, World Bank, etc. consort with New Agers of every imaginable kind.

The United Nations and The New World Religion. "The underlying philosophy upon which the Robert Muller School is based will be found in the teaching set forth in the books of Alice Bailey as channeled through her by the Demon Tibetan teacher, Djwhal Khul". Robert Muller (Former UN Assistant Secretary General)

Many critics of the United Nations have described it as a modern-day `Tower of Babel`. Most were referring to man's act of spiritual arrogance that the book of Genesis tells us earned God's displeasure. To support such an unflattering characterization today, one might draw attention to the confusing and combustible assortment of tongues, cultures, ideologies, and politics for which the "house of peace" has become justly infamous. The UN, along with its programs and policies, is ever more worthy of comparison to the Tower of Babel, as rampant idolatry and militant paganism thoroughly permeate the organization.

The UN is gradually becoming the center of a New World Religion, a strange and evil convergence of New Age mysticism, pantheism, aboriginal animism, atheism,

communism, socialism, Luciferian occultism, apostate Christianity, Islam, Taoism, Buddhism, and Hinduism. The followers and disciples of this new faith include Crystal Worshipers, Astrologers, Radical Feminists, Environmentalists, Cabalists, Humanists, Eastern Mystics, Pop Psychologists, and "liberal" clergymen whom one would normally tend to associate with the counterculture of the 1960s. But today's `worshipers` in this `New Age Movement` are just as likely to be scientists, diplomats, corporate presidents, heads of state, international bankers, and leaders of mainstream Christian churches.

The Rio Earth Summit

"Thus, the environmental movement, while helping to advance the cause of the oil industry, is an extension of the Aquarian conspiracy, incepted by Alice Bailey, and designed ultimately to foster the acceptance a one-world-religion, based on the occult, or the New Age, as it is called". David Livingstone.

In his book `Global Tyranny Step By Step`, William F Jasper writes " At the June 1992 UN Earth Summit in Brazil, the official UN Conference on Environment and Development (UNCED) together with the Global Forum "Peoples Summit" showcased a blending of pagan aboriginal rites with an ecumenical collective of `mystical` and spiritual tenets from East and West to bring into being an unintelligible form of what was called a `Universal Faith`.

Across the globe, the world media referred to the Rio Declaration and the 800-page blueprint for government action titled Agenda 21 as "sacred" texts. Al Gore, the leader of the U.S. Senate delegation, called for a new spiritual relationship between man and earth. Actress Shirley MacLaine was in attendance in order to add her own strange brand of psychic spirituality to the proceedings. Those Ministers from the World Council of Churches present were there because of their affinity to the ecumenical "spirit" that uses the Hegelian Dialectic to combine a form of Christianity as thesis, with a pagan spiritualism as antithesis, resulting in a synthesis very akin to the Babylonian Mystery Religions. Another group at the summit, The Union for Natural Environment Protection, an environmental association based in Sao Leopoldo, Brazil, surprisingly declared the following about the true purpose of the W.C. of C's involvement:

"The environmental movement is being used as a cover to promote a return to the creed of the Ancient Mysteries, in the form of the worship of mother-nature, a pagan notion that equates the goddess with earth, known among the ancient Greeks as Gaia. Originally, she is the Babylonian Ishtar, known to the Bible as Astarte, or the Egyptian Isis. This pantheistic idea has its origins in ancient Paganism and is central to the Kabbalah and all Western occult tradition, including Freemasonry and the

Illuminati. Plato wrote: "We shall affirm that the cosmos, more than anything else, resembles most closely that living Creature of which all other living creatures, severally or genetically, are portion; a living creature which is fairest of all and in ways most perfect." Known as Anima Mundi, the "Soul of the World", it is related to the concept of the Neoplatonists, the Logos, or the Word, also known as the "Son of God", or the ancient dying God"

It should be apparent to the reader that a `nexus` has been formed, connecting the major players in the push towards the One World Dictatorship, with the United Nations, The New Age Movement, and the `Greens` all interlocking at the top, with the `hidden hand` of the Illuminati pulling the strings in the background as the driving force moving us all inexorably towards the New World Order.

The Illuminaries

Canadian Multi-Millionaire Industrialist Maurice Strong , a former trustee of the Aspen Institute for Humanistic Studies and a member of the advisory council of Planetary Citizens, is a major force within the Environmental and New Age Movements. He sits on the board of directors and serves as director of finance of the Lindisfarne Center, which is located in the Episcopal Cathedral of St. John the Divine in New York, and its operation all facilitated by grants from the Lilly Endowment, the Rockefeller Brothers Fund, and the Rockefeller Foundation.

The Institute numbers among its faculty members the `Eco-Radical` Amory Lovins and Luciferian Adept and New Age author David Spangler. We can gain some appreciation as to what is being taught at this Rockefeller funded institute by reading Mr. Spangler's books, such as `Reflections on the Christ`, wherein he writes:

"Lucifer, like Christ, stands at the door of man's consciousness and knocks. If Man says, go away because I do not like what you represent, I am afraid of you, Lucifer will play tricks on that fellow. If Man says, "Come in, and I will give to you the treat of my love and understanding and I will uplift you in the light and presence of the Christ, my outflow," then Lucifer becomes something else again. He becomes the being who carries that great treat, the ultimate treat, the light of wisdom. The reason man has come to fear Lucifer is not so much that he represents evil as because he represents experience which causes us to grow and to move beyond the levels where we have been...Lucifer is literally the angel of experience."

Spangler, Muller, Strong, and a host of other `names`, such as Queen Juliana of the Netherlands, Sir Edmund Hillary, Peter Ustinov, Kurt Vonnegut, Leonard Bernstein, Isaac Asimov, and Pete Seeger, are all listed as being original endorsers of the world-government-promoting Planetary Citizens. Founded by New Age luminary

and former UN consultant Donald Keys, and presided over for many years by the late Norman Cousins (CFR), the Planetary Citizens Organization has brought together and made very good use of the prestige of many leading world figures to support the expansion of UN power and it's institutions. Keys, a self-confessed disciple of Alice Bailey, refers to the United Nations as "the nexus of emerging planetary values" and expresses the hope that it will establish a "planetary management system.".(New Age Speak for World Government).

Another original endorser of Planetary Citizens was Aurelio Peccei, the founder of the Club of Rome, which although initially recognized for its role in launching "no growth" environmentalism in the 1970s, has `waxed` increasingly "spiritual" in more recent years. Their quest for spiritual `wisdom` includes slavish adherence to the Blavatsky mandate dictating that Christianity, Islam, and Judaism are either excluded or denigrated.

One of the primary avenues through which this lean toward oriental spiritualism has been spread is the Temple of Understanding, located at the same Cathedral of St. John the Divine that houses the Lindisfarne Luciferians. Begun in the early 1960s as the “spiritual counterpart of the United Nations," its founding sponsors included the following odd assortment of Establishment Insiders, socialists, humanists, communist fronts, religious figures, and entertainment celebrities:

John D. Rockefeller IV

Then-Secretary of Defense Robert S. McNamara

Planned Parenthood founder Margaret Sanger

IBM president Thomas J. Watson

Socialist Party leader Norman Thomas

Eleanor Roosevelt

Time-Life president James A. Linen

Homosexual author Christopher Isherwood

Columnist Max Lerner

Entertainer Jack Benny

With people such as these in the vanguard, the U N's pagan spiritualism will grow ever more overt and assertive. The UN report entitled `The New International Economic Order A Spiritual Imperative` proclaims; "Today a new understanding of

spirituality is emerging which recognizes that all efforts to uplift humanity are spiritual in nature. Alice Bailey said, "That is spiritual which lies beyond the point of present achievement...." ... Given this new understanding of spirituality, the work of the United Nations can be ... seen within the entire evolutionary unfoldment of humanity. The work of the U.N. is indeed spiritual and holds profound import for the future of civilization."

The Pantheistic Smokescreen

"When you worship the sun, moon, stars, a statue, or even yourself, Lucifer is leading you astray. You are not to worship things that were created; instead, you are to worship the creator. To worship anything other than the creator is giving heed to Lucifer". Fritz Springmeier's, **'Be Wise as Serpents'.**

Since "God" in the pantheistic metaphysical system is not the almighty God of the Bible, but an impersonal, immanent force that occupies all things, then all things; the universe itself, every rock, every tree, everything, every man, every woman is "God." In this pagan worldview, man is not a special creation of the one, true God, to whom, ultimately, he is answerable to. Nor is he endowed by his Creator with intrinsic, inalienable rights and duties. Thus pantheism "functions as an effective device in the undermining of a God-centered religion by transforming religion into a man-centered belief system, and thereby giving a religious sanction to the doctrines and programs of political collectivism. Pantheism can be also be utilized as a step towards bringing humanity from theism to atheistic materialism. In religion, pantheism is most often expressed as Naturalism; the doctrine that religious truth is derived from nature, not revelation.

The June 1941 issue of the occult journal `Rosicrucian Digest` predicted that "The multiplicity of social states, countries, or nations will cease to be."…that nations would be superseded by "The One United World State." The Rosicrucian's were correct in concluding that the `mystical-pantheism` they advocated would, if generally accepted, lead to a collectivist world state. And there are far too few people in the world today who understand the direct cause-and-effect relationship between the two. Father Clarence Kelly, a noted authority on occult deception writes; "Pantheism is a favorite doctrine of collectivists because it offers a concept of man which, on religious grounds, subordinates the individual to the collective."

Hitler And The Vril

It was Neo-Paganism that helped create the conditions which paved the way for the totalitarian collectivism of the Third Reich. The Nazi high priesthood - Hitler,

Himmler, Rahn, Rosenberg, Hess, Feder, Sebot, et al. were all ardent theosophists, and their esoteric societies (the Thule, Vril, Seekers of the Grail) were steeped in the same occultism and pantheism so prevalent in today's New Age and environmental movements.

There is a wealth of evidence that Hitler considered himself `chosen` and he is on record as having said; "I have seen the `New Man` and he is indeed terrible". It is evident that Hitler was deeply involved in the occult and that he believed that his murderous reign of terror was a `divine` mission on behalf of what he termed the `Ancient Aryan Masters`. Dietrich Eckart, a Master Adept of the Thule Society and Hitler's' occult mentor, wrote, "Hitler will dance, but it is I who will call the tune! I have initiated him into the Secret Doctrine, opened his centers of vision and given him means to communicate with the powers".

In the final chapter of his book, `The Twisted Cross`, Joseph Carr draws frightening parallels between Nazism and the New Age Movement; "One cannot argue against the claim that the Nazi worldview and major elements of the New Age Movement are identical. They should be, after all for they both grew out of the same occult root: Theosophy. Their respective cosmogony, cosmology and philosophies are identical".

The New Age and the One World Government conspiracy are intrinsic and inseparable...Although all the various sects and cults which make up `Pantheism` may appear diverse and separate, all the basic elements are the same for the various gnostic hierarchical religions, they just have a different focus. They operate off the same principles and cooperate and function together. What are ostensibly separate and independent religious groups, are actually at the very top working together and run by the same cabal in the service of the same master.

In his epic work on the One World Religion, `Be Wise As Serpents` Fritz Springmeier answers the question most of us have asked; "Do the leaders of the cults know what is going on? In authoritative fashion, Mr. Springmeier answers, "Yes, they have been orally, emphasis on that word orally, told exactly what is happening. The leaders of the New Age, the Jehovah's Witnesses, and the Latter Day Saints church know what they are up to, and what their roles are in creating a one-world government".

The Solar Logos. Throughout the Ancient World, the Sun was worshipped in many guises as God. In Babylon it was Nimrod, in Egypt- Osiris, the Canaanites worshipped Baal and in Greece, it was Apollo. The New Age Sun God is called the `Solar Logos` or `The Word` thereby blasphemously counterfeiting the Biblical Jesus Christ. In her book, `Rays and Initiations`, Alice Bailey reveals this Solar Logos as

Lucifer himself. Today, as in millennia past, the Sun God is being worshipped by the New Age as divine.

David Spangler refers to the Sun God in these terms: "The light that reveals to us the path to the New Age `Christ` comes from Lucifer. He is the light giver. It is his light that heralds for man the dawn of a greater consciousness. The true light of this great being can only be recognized when one's own eyes see with the light of the inner sun. It is an invitation into the New Age"

The ancient doctrine of the Sun God or Solar Logos melds itself easily with Pantheism, which as we have seen is at the moment a core dogma of the New Age. By denying the existence of a personal God, whilst insisting that the universe itself is God, New Agers declare that as man is part of the universe, man is also God. The Luciferian master plan cannot succeed unless people accept that there is no God who loves and cares for them. Therefore, accepting that the Moon, the Stars, the Galaxies are all Gods in themselves, the New Age Sun God or Solar Logos as humanity's master becomes a required tenet of belief and we can establish that throughout man's history, all `Sun God's have been nothing more than guises for the great deceiver, Lucifer.

Witches believe that Lucifer is the God of the Sun, and the Sun God is also known as the `Horned God` (Lucifer is also known as the "Angel of Light). Many of the Witch's holy days revolve around the Sun such as the Yule. A large part of their belief system is the concept of the Sun weakening and the world dying, then on the Winter Solstice the Sun God Lucifer is reborn and warms the Earth. To the Ancient Latin people's, Lucifer was the Sun God, father of Aradia and the brother and lover of Diana.

To appreciate how this adversary of God has been able to clandestinely insinuate himself into our lives, we only have to look all around at the plethora of pagan sun symbolism which now proliferates throughout society. One example of this can be found in the world of female bodybuilding, where each year, a trophy shaped in a design used to symbolize the worship of Lucifer is awarded at a major I.F.B.B. women's bodybuilding event. The meaning of this trophy is hidden from most everyone but a select few who are initiated. The trophy is in the form of an obelisk, which to those unfamiliar is a tapering, four-sided shaft that has a pyramidal top. The obelisk is a symbol that definitely has connections to Freemasonry. The obelisk is important to Masons and has roots in ancient Egypt. It is the symbol of a god worshipped by believers involved in the ancient mysteries

The obelisk represents the Sun God Lucifer. The sun is also a major Masonic symbol. Albert Pike, who we deal with below wrote: "The sun is the ancient symbol of the life-giving and generative power of the Deity."

Ralph Epperson, a historian and lecturer on the subject writes: "The sun was a symbol of something that only the believers in the religion...understood. These believers knew that the people would not accept their mystery religion, so they had to conceal it from them. So the task became one of creating a religion around a belief that they knew the people would accept. Their basic purpose was to create a popular religion as a cover for their secret worship. They would have to keep their beliefs from the people, and conceal their secret worship in hidden symbols." Epperson continues: "The obelisk stands for the very presence of the sun god! And the sun god is Lucifer!"

The World Religion Exposed

"The Gnostic religions are often called pagan. This pagan worship is often the exoteric cover that the first levels are initiated into. The highest level is often the real esoteric worship, and often involves direct Luciferian or Satanic worship. In other words, the Sun worship of the Masons and other groups is a fig leaf for the worship by the highest levels of the Divine Serpent Satan". Fritz Springmeier `Be Wise As Serpents `.

"According to Alice Bailey, the Masonic movement will be the religion of the New System. Benjamin Creme also believes Freemasonry will be the religion of the New Age. Lola Davis, another New Age leader, also sees Freemasonry as the New Age Religion" (Texe Marrs: Dark Secrets of the New Age).

Alice Bailey wrote in 1957, "The Masonic movement... is the custodian of the law; it is the home of the Mysteries and the seat of initiation. It holds in its symbolism the ritual of Deity, and the way of salvation is pictorially preserved in its work. It is a far more occult organization that can be realized, and is intended to be the training school for the coming advanced occultists. In its ceremonials, lie hid the wielding of the forces connected with the growth and life of the kingdoms of nature and the unfoldment of the divine aspects in man."

"When the new universal religion has sway and the nature of esotericism is understood-will be the utilization of the banded esoteric organisms, the Masonic organism and the Church organism as initiating centers. These three groups converge as their inner sanctuaries are approached. There is no dissociation between the One Universal Church, the sacred inner Lodge of all true Masons, and the inner-most

circles of esoteric societies." (Taken from `**Be Wise As Serpents** by Fritz Springmeier).

Has Freemasonry been underestimated as a world religion? At least one Masonic author writing to Masons felt that Masonic religious power had been underestimated. He writes,"In the past Masonry has been condemned as a shallow substitute for religion. This the Masonic body has always denied but in fact, the new age revitalized Masonry will be a paralleling evolutionary way of man's approach to God, and Masonry and religion will gladly cooperate."

--The Spirit of Masonry, p. 129

Albert Pike (December 29, 1809-April 2, 1891). Albert Pike was a Luciferian who confessed Lucifer as his own God see (below quote). He was the former Sovereign General of The Supreme Council Of Grand Sovereign Inspectors, General of the 33rd Degree of The Scottish Rite. There is also compelling evidence that he founded the Ku Klux Klan… Pike can be justifiably regarded as the most influential Freemason who ever lived. During the American Civil War, he was a Confederate general who is said to have committed the most heinous atrocities of the war, yet his tomb is located just thirteen blocks from the Capitol Building in Washington DC. He was a high ranking member of the Illuminati who is still revered by the New World Order Cabal.

In his book `Morals and Dogma`, Pike confirmed for posterity that the God of the Illuminati and the New World Order is Lucifer. He wrote; "The Masonic religion should be, by all of us initiates of the high degrees, maintained in the purity of the Luciferian doctrine. . . Yes, Lucifer is God, and unfortunately, Adonay (Jesus) is also God. For the eternal law is that there is no light without shade, no beauty without ugliness, no white without black, for the absolute can only exist as two Gods: darkness being necessary to light to serve as its foil as the pedestal is necessary to the statue, and the brake to the locomotive. "

Pike asserted boldly and unequivocally in his book that Freemasonry is identical to the ancient mysteries, which clearly means that all their teachings in all their books are precisely the same as the Ancient, Pagan, and Satanic Mysteries! Pike continues in Morals and Dogma "The true and pure philosophic religion is the belief in Lucifer, the equal of Adonay (Jesus); but Lucifer, God of Light and God of Good, is struggling for humanity against Adonay, the God of darkness and evil."

Is Freemasonry The Worship of Lucifer?

There has been extensive debate as to whom the true god of Freemasonry really is. Below, I have listed some quotes from Masonic Authorities which will help clarify this piece of the puzzle. It should be understood that most Blue Degree Masons are not in thrall to Lucifer, but higher level `initiates` must participate in rituals which involve drinking from skulls whilst kneeling prostrate at a black alter adorned with serpents.

We should furthermore take pains to know who Lucifer really is. The King James Bible records his fall from heaven following his rebellion against God thus: "How art thou fallen from Heaven, O Lucifer, Son of the Morning! How are thou cut down to the ground which didst weaken the nations! For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God. I will sit also upon the mount of the congregation, in the sides of the north. I will ascend above the heights of the clouds; I will be like the Most High, yet thou shalt be brought down to hell, to the sides of the pit". Isaiah 14:12-15.

The Scriptures name Lucifer as "That old serpent called the Devil and Satan, which deceiveth the whole world". Revelation 12:9.

Deception in Freemasonry is witnessed time and again as one goes ever deeper into its darkness. Albert Pike in his `Morals and Dogma writes," Masonry like all the religions, all the mysteries, conceals it's secret from all except the Adepts and Sages, or the elect, and uses false explanations and misinterpretations of its symbols to mislead those who deserve only to be misled. The Blue Degrees are but the outer court or portico of the Temple. Part of the symbols are displayed there to the Initiate, but he is intentionally misled by false interpretations. It is not intended that he shall understand them, but it is intended he shall imagine he understands them".

Quotes Affirming Lucifer as the God of Freemasonry

"First conjuration address to Emperor Lucifer, Master and Prince of rebellious spirits, I adjure thee to leave thine abode in whatever quarter of the world it may be situated and come hither to communicate with me. I command and I conjure thee in

thy name oh mighty living God, to appear without noise". The Book Of Black Magic by Arthur Edward Waite 33rd Degree Mason.

"I hereby promise the Great Spirit Lucifer, Prince Of Demons, that each year, I will bring unto him a human soul to do with as it may please him, and in return, Lucifer promises to bestow upon me the treasures of the earth and fulfill my every desire for the length of my natural life. If I fail to bring him each year the offering specified above, then my own soul shall be forfeit to him". Signed in blood, Manly Palmer Hall 33rd Degree Freemason from his book `The Secret Teaching of All Ages`.

"When the Mason learns that the key to the warrior on the block is the proper application of the dynamo of living power, he has learned the Mystery of his Craft. The seething energies of Lucifer are in his hands and before he may step onward and upward, he must prove his ability to properly apply this energy". Manly Palmer Hall 33rd Degree `The Lost Keys of Freemasonry`.

"That which we must say to a crowd is; We worship a God, but it is the God that one adores without superstition. To you Sovereign Grand Inspectors General, we say this, that you may repeat it to the brethren of the 32nd, 31st, and 30th degrees. The Masonic Religion should be, by all of us initiates of the High degrees, maintained in the purity of the Luciferian Doctrine". Albert Pike 33rd Degree.

"Lucifer, the son of the morning! Is it he who bears the light, and with its splendors intolerable blinds feeble, sensual, or selfish souls? Doubt it not!" Albert Pike 33rd Degree.

Freemasonry is truly the worship of Lucifer.

Once this is understood, it becomes clear as to why they have been so anxious all these centuries to keep the lid of secrecy tightly screwed down, for if people really understood that Masonry is a worship of Lucifer, no one would join, and the citizens of most communities would rise up as one to demand that the organization be completely outlawed. Thus, you have secrets within secrets, wheels within wheels, just as the above quotes confirm.

The Light Bearer Returns

Many believe that the New Age Movement is little more than a collection of old Hippies, Feminists and `wannabe` mystics chanting and praying to who knows what or why. But that is so far from the reality of what is a dangerous and desperate situation, as the Illuminati and their co-conspirators in the New Age, through use of

all the weapons of media control and information available to them, drive their New World Order project to its logical conclusion, whilst we the people sleepwalk into their 'Aquarian Dictatorship".

In his book `Terrorism And The Illuminati`, the Canadian author David Livingstone writes: "The Illuminati claim to be descended of Fallen Angels, who taught them the "Ancient Wisdom", also known as the Kabbalah, which they have been preserving throughout the centuries. These Fallen Angels are referred to in the Bible, Book of Genesis, as the Nephilim, or "Sons of God", and were said to have descended to earth and intermarried with human beings. Christian interpretations struggle with the passage, choosing to translate the term into "mighty men". However, apocryphal Jewish texts explain that they were the devil and his legions, who were cast out of Heaven, and took wives from the female descendants of Cain. They produced a race known as the Anakim".

It is a well-researched hypothesis that it is these `Anakim` or rather their descendants who now occupy all the positions of real power in our world. Whether they are truly the children of the Nephilim is irrelevant so long as they themselves believe that it is, and use this assumed `divine` right to rule in order to justify the increasing oppression, control and terror being enacted on all our lives.

Conclusion

The Luciferian New Age of Aquarius is here right now, and mankind has joined in the rebellion against its creator. We are giving to people, who now publicly exclaim their worship of God and man's greatest and original adversary, free reign to lead us into hell on earth in the shape of a diabolical One World tyrannical state, and the United Nations is the international temple at which humanity, through its political and religious leaders pays homage to him, the Light Bearer - Lucifer.

"And he shall exalt himself and magnify himself above every God, and shall speak marvelous things against the God of gods, and shall prosper till the indignation be accomplished; for that which is determined shall be done" (Dan. 11:36).

Alice Bailey and The Externalization of The Hierarchy And The United Nations

Now, to communicate Alice Bailey's work, I have decided to switch voices here, simply allow a Christian author to convey who and what Alice Bailey, a disciple of Madame Helena Blavatsky, was about. The reason I am doing this is that my

background is primarily in physics, philosophy, and metaphysics, and not particularly in Christian Theology. And so I cannot speak with as much rhetorical power as a good Christian author can about such topics as Satanism and Luciferian Anti-Christ motifs as they relate to scripture and The Bible.

Exposing the Satanic Externalization of the Hierarchy of Alice Bailey

The Luciferian conspiracy began long ago when the archangel Lucifer, in his sin of pride, tried to usurp control over God's throne. Isaiah 14:12-14, "How art thou fallen from heaven, O Lucifer, son of the morning! How art thou cut down to the ground, which didst weaken the nations! For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north: I will ascend above the heights of the clouds; I will be like the Most High." Lucifer failed and was cast down to earth with one-third of the angels. Lucifer became Satan, the god of this world, and the fallen angels became demons.

The Holy Bible teaches in Ephesians 6:12 that our battle as born-again Christians is not against flesh and blood, that is, man; but rather, against the forces of darkness, "against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." These demonic powers are known as the "HIERARCHY" in the occult. Certain evil people (who are demon-possessed) known as the "Ascended Masters" are able to convey messages from demons to men. Alice Bailey (1880-1949) was one such ascended master. She communicated with a demonic being named Master Djwhal Khul, who instructed Bailey and her followers to "prepare men for the reappearance of the Christ. This is your first duty." ("The Externalization of the Hierarchy," pg.614).

Of course, Alice Bailey's "Christ" is the man of sin, the coming Antichrist, evidenced by the fact that she mentions "Christ" 666 times in her book titled, "The Externalization of the Hierarchy." The hierarchy of demonic powers are being externalized to the world today. This is why we see the symbols of the ancient occult mystery religions on the reverse side of every U.S. one-dollar bill. That which has been a well-kept secret throughout the ages is now becoming common public knowledge. This is why we see occult symbols in our faces everywhere that we look these days. Satan is preparing the world for the coming of the Antichrist, and I believe it will be very soon.

According to retired Navy Commander William Guy Carr (1895-1959) in his great book titled, "The Conspiracy: To Destroy All Existing Governments And

Religions," when Franklin D. Roosevelt was elected President of the U.S.A. he was so sure the secret conspiracy for World Government would reach its final goal during his lifetime that in 1933 he had the Illuminati's insignia, (which Jefferson secretly had embossed on the back of the American Great Seal) printed on the back of American dollar bills. This was to notify Illuminists throughout the world that the secretive Illuminati were now in absolute control of American finance, politics, and the social sciences. Roosevelt called this 'The New Deal.'

"Of all the means I know to lead men, the most effectual is a concealed mystery. The hankering of the mind is irresistible."

--Adam Weishaupt, founder of the ILLUMINATI

In ancient Egyptian times, these secrets of the occult were known as the "Mysteries." Mystery schools were popular in ancient Egypt and still exist today, which you can find by doing a simple web search for "mystery schools." The serpent (Satan) in Genesis 3:5 told Eve that her eyes (Hebrew: ayin, meaning: singular, one "eye"), would be opened if she ate the forbidden fruit. This eye refers to the eye of the soul, or mind. The serpent promised Eve that she and Adam would become as "as gods." This is the same promise which Lucifer makes to occultists today 6,000 years later. The knowledge which the Devil promised, to make one wise concerning good and evil, is represented by the light rays emitting from the All-Seeing Eye. The eye represents higher consciousness, an advanced level of occult thinking that is supposed to impart to men the divine nature, that is, godhood.

In "Dark Secrets of the New Age," Dr. Texe Marrs writes:

"The New Age is a universal open-arms religion that excludes from its ranks only those who believe in Jesus Christ and a Personal God. Buddhists, Shintoist, Satanists, Secular Humanists, witches, witch doctors and shamans — All who reject Christianity are invited to become trusted members of The New Age family. Worshippers of separate faiths and denominations are to be unified in a common purpose: THE GLORIFICATION OF MAN."

The false religion of Freemasonry is rooted in the ancient occult mysteries of Egypt. Thus, their primary goal is the reinstatement of the ancient occult mysteries to prepare the world's masses to receive "THE BEAST" (Antichrist) when he comes.

Michael Rogge, author of "New Age Spirituality: The roots of the New Age Movement" (Part I), states concerning occult symbols:

"The magical mystery religion of Ancient Egypt exercised a great fascination over Renaissance man, which was incorporated into—the newly formed—Lodges at that time. The mysterious hieroglyphs were considered to be symbols of hidden

knowledge. Symbols and gestures became a means of conveying secrets and "truths." The cosmos was seen as an organic unity. It was peopled by a hierarchy of spirits which exercised all kinds of influences and sympathies. The practice of magic became a holy quest."

This explains why the Illuminati (or hierarchy, the "principalities" spoken of in the Bible) extensively employ the use of occult symbols. Symbols are powerful, transcending every language in the world. No matter what language you speak, everyone recognizes symbols. The hierarchy (Satan's kingdom) is being externalized (made known) through symbols. The coming of the man of sin, the Antichrist, must be very near. The All Seeing Eye represents Lucifer, who gives occult enlightenment (as "an angel of light," 2nd Corinthians 11:13-15) to his followers.

To biblical students, these are shocking admissions, and it adds fuel to the charge of a Masonic Antichrist in our midst.

"It is these Mysteries which Christ will restore upon His reappearance," Alice Bailey reveals, "thus reviving the churches in a new form, and restoring the hidden Mystery." (The Reappearance of the Christ, pg. 122). [emphasis added]

Bailey is giving these "revelations" by her channeled Master Djwhal Khul — a disembodied "Ascended Master." Her "Christ" is indeed the Antichrist in the strictest sense of the word. Antichrist means substitute for or in place of Christ. She goes on to say that:

"These ancient Mysteries were originally given to humanity by the Hierarchy [of which Djwhal Khul is a part of] and contain the entire clue to the evolutionary process, hidden in numbers, in ritual, in words and in symbology; this veil the secret of man's origin and destiny, picturing to him in rite and ritual, the long, long path which he must tread, back into the light." (ibid, p.121-22). [emphasis added]

Please understand that the "Hierarchy" mentioned in the previous quote refers to literal "demons." Satan is the god of this evil world, and as such he controls it by recruiting men and women, just as He tried to recruit Jesus in Matthew 4:1-10, but failed. Millions of foolish people have sold their souls to the Devil, in exchange for abundant riches, wealth and pleasures in this temporal earthly life. This is the primary method used by the Illuminati to maintain their power, using the love of money as a means of recruiting loyal subjects. As of 2014, at least half of the members of Congress were millionaires! As of 2012, at least 72 members of Congress had a net worth of $10,000,000 or more! Truly the love of money is the root of all evil. The people whom Satan recruits operate through secret societies, lest they be exposed publicly for their diabolical and sinister plans for humanity.

Remembering that Satan is in charge of The World Revolutionary Movement (aka, The Illuminati) is key to understanding the New World Order, which ultimately will become the Beast system of the soon coming Antichrist. The All Seeing Eye in the capstone atop The Great Pyramid is Lucifer (Satan), the god of this world...

2nd Corinthians 4:3-5, "But if our gospel be hid, it is hid to them that are lost: In whom the god of this world hath blinded the minds of them which believe not, lest the light of the glorious gospel of Christ, who is the image of God, should shine unto them. For we preach not ourselves, but Christ Jesus the Lord; and ourselves your servants for Jesus' sake."

Satan blinds men with farces like evolution, worldly philosophies and false religion, which includes occult knowledge like Kabbalah. It is a substitute for the Gospel of Jesus Christ, offering men a false hope. A man with no hope is better off than a man with false hope because the man with no hope is still looking. A demon's favorite activity is to make men comfortable in living the Christian life without ever being born-again.

The Luciferian Gnostic Wisdom or Ancient Mysteries now practiced by both Freemasonry and the plethora of cults and creeds coming under the catchall "New Age" were given to humanity by the Occult Hierarchy (Lucifer being at the very top of the hierarchy of power). The Baileys (Alice and her husband Foster), or rather, the Hierarchy of demonic beings speaking through the Baileys, confirm that the real purpose of Freemasonry, taught to man by the Hierarchy, is the quickening of the spiritual evolution of humanity and the transformation of man's nature into a god-like superman.

Moreover, The Serpent, true friend of man, caused the Fall in the Garden of Eden by giving Eve this very same message that man could be as gods, but the vengeful Yahweh cast the First Couple out whose progeny have suffered the injustice ever since. The Serpent is, of course, Lucifer, the "bringer of Light" … the Light of Illumination. For, in Gnosticism, Lucifer is not thought of as a person, but as a "force." He is, in fact, the pantheistic god of the New Age Movement, the great magical agent, The Force, that can be used for "Good or "Evil", depending upon the penchant of the practitioner. This is the Luciferian Doctrine at the heart of the Mystery Religions including the biggest secret society in the world, which is Freemasonry.

Alice Bailey is sadly burning in the fires of Hell forever. She blasphemed the Lord Jesus Christ much in her occult writings, in a deliberate attempt to confuse people. The following quote is from her book, "The Reappearance Of The Christ," in

which she boasts of the Antichrist as being "the Christ," while condemning Jesus Christ for abandoning His disciples...

"He has been for two thousand years the Supreme Head of the Church Invisible, the Spiritual Hierarchy, composed of disciples of all faiths. He recognizes and loves those who are not Christian but who retain their allegiance to their Founders—the Buddha, Mohammed and others. He cares not what the faith is if the objective is the love of God and of humanity. If men look for the Christ Who left His disciples centuries ago, they will fail to recognize the Christ Who is in process of returning. The Christ has no religious barriers in His consciousness. It matters not to Him of what faith a man may call himself."--SOURCE: Alice A. Bailey, "The Reappearance of Christ."

As you have just clearly seen for yourself, Alice Bailey's satanic goal is to unite the world's religions under the ecumenical umbrella of love for God and mankind, with allegiance to the coming Antichrist. Satan doesn't care what religion you belong to, just so long as you worship him (the Dragon) and his Antichrist (the Beast) instead of the Lord Jesus Christ. Everything that I have just shared with you is all a fulfillment of the Luciferian conspiracy which began long ago in eternity when Lucifer tried to take control of Heaven. Now you know the core basics of the New World Order. I am convinced that it won't be long now before the Rapture of the saints, and then the Antichrist will be revealed to the world.

So now you know why, when you see the occult symbols on the back of a U.S. one-dollar bill, or on your favorite music album cover, or at a Super Bowl event, or on business logos, and everywhere we turn nowadays, it is because Satan's secret plot for World Government and the appearance of the Antichrist are coming very soon. The Godless world is being prepared to receive the man of sin, the Antichrist. We are living in the end times of Bible prophecy, my friend. THE END"

--"Exposing the Satanic 'Externalization of the Hierarchy' Of Alice Bailey" By David J. Stewart, http://www.jesusisprecious.org/nwo/exposing_alice_bailey.htm

As you can see, the tone and language of this piece are much different than the vernacular I use…different angle…different background. However, there is much clarity and truth in the Christian perspective, I believe in all fairness. And further, I refuse to allow it to be minimalized by the brute austerity of our current Materialistic Atheism, brought on by Jesuit SCIENTISM, which has so destroyed most of the world so far.

Turning our attention to one of the most Luciferian New Age organizations in the world, read what Geri Ungurean says about Alice Bailey and The United Nations:

The United Nations

"Alice Ann Bailey, a leading disciple of the Russian theosophist Madame Helena Blavatsky, formed the Lucifer Trust in 1920. In 1922, the name was changed to Lucis Trust. I can only imagine that this was done after realizing that the name of Lucifer would certainly alarm many who read and love the Word of God. But make no mistake, the inner workings and thrust of this group remained the same.

Madame Helena Blavatsky is known as the "mother" of the New Age movement and modern occultism. In her "Secret Doctrine" she taught that Lucifer was higher and older than the God of The Bible, and that Lucifer had to be sacrificed and sent to earth, because of the coming dogma of the Church. She taught that Satan was truly "good" and that he was known by many names, but mainly as God of Wisdom — the cosmic reflection of God. She also called him "Son of the morning" and in many writings, called him Son of God.

After years of contact with her so-called spirit masters,(we know they are demons) Blavatsky published "Isis Unveiled" in 1877; a hugely successful writing, followed by "Secret Doctrine" in 1888. She also established an Occult magazine in London, called "Lucifer." By this time, Blavatsky had acquired a huge following.

The Demonic Ploys of Luciferian Deception

Alice Bailey Describes The New World Order that The New Age Will Devour

First of all, it must be recognized that the cause of all world unrest, of the world wars which have wrecked humanity and the widespread misery upon our planet can largely be attributed to a selfish group with materialistic purposes who have for centuries exploited the masses and used the labor of mankind for their selfish ends. From the feudal barons of Europe and Great Britain in the Middle Ages through the powerful business groups of the Victorian era to the handful of capitalists—national

and international—who today control the world's resources, the capitalistic system has emerged and has wrecked the world.

This group of capitalists has cornered and exploited the world's resources and the staples required for civilized living; they have been able to do this because they have owned and controlled the world's wealth through their interlocking directorates and have retained it in their own hands. They have made possible the vast differences existing between the very rich and the very poor; they love money and the power which money gives; they have stood behind governments and politicians; they have controlled the electorate; they have made possible the narrow nationalistic aims of selfish politics; they have financed the world businesses and controlled oil, coal, power, light and transportation; they control publicly or sub rosa the world's banking accounts.

The responsibility for the widespread misery to be found today in every country in the world lies predominantly at the door of certain major interrelated groups of business-men, bankers, executives of international cartels, monopolies, trusts and organizations and directors of huge corporations who work for corporate or personal gain. They are not interested in benefiting the public except in so far that the public demand for better living conditions will enable them—under the Law of Supply and Demand—to provide the goods, the transportation, light and power which will in the long run bring in heavier financial returns. Exploitation of man-power, the manipulation of the major planetary resources and the promotion of war for private or business profit are characteristic of their methods.

In every nation, such men and organizations—responsible for the capitalistic system—are to be found. The ramifications of their businesses and their financial grasp upon humanity were, prior to the war, active in every land and though they went underground during the war, they still exist. They form an international group, closely interrelated, working in complete unity of idea and intention and knowing and understanding each other.

These men belonged to both the Allied Nations and the Axis Powers; they have worked together before and through the entire period of the war through interlocking directorates, under false names and through deceptive organizations, aided by neutrals of their own way of thinking. Today, in spite of the disaster which they have brought upon the world, they are again organized and renewing their methods; their goals remain unchanged; their international relationships remain unbroken; they constitute the greatest menace mankind faces today; they control politics; they buy prominent men in every nation; they insure silence through threat, cash and fear; they amass wealth and buy a spurious popularity through philanthropic enterprise; their families live soft and easy lives and seldom know the meaning of

God-ordained work; they surround themselves with beauty, luxury and possessions and shut their eyes to the poverty, stark unhappiness, lack of warmth and decent clothing, the starvation and the ugliness of the lives of the millions by whom they are surrounded; they contribute to charities and church agencies as a salve to their consciences or to avoid income taxes; they provide work for countless thousands but see to it that these thousands receive so small a wage that real comfort, leisure, culture and travel are impossible.

The above is a terrible indictment. It can, however, be substantiated a thousand times over; it is breeding revolution and a growing spirit of unrest. The masses of the people in every land are aroused and awakening and a new day is dawning. A war is starting between the selfish monied interests and the mass of humanity who demand fair play and a right share of the world's wealth.

-- from ***Problems of Humanity*** by Alice Bailey, Pages 70-72

Lucis Trust President Speaks of Satan, Lucifer, The United Nations, The New World Order, and The New Age

While Christianity teaches that Lucifer is the essence of evil, the New Age teachers embrace him as enlightened, and one to be worshiped. As he is adored, our God is detested. In occultism and New Age philosophy, Lucifer is regarded as an agent of intellectual and spiritual freedom. We, who are born-again from above, know that Lucifer was cast from heaven by our God after Lucifer had determined to be like the Most High God:

"How art thou fallen from heaven, O Lucifer, son of the morning! [how] art thou cut down to the ground, which didst weaken the nations! For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north: I will ascend above the heights of the clouds; I will be like the Most High. Yet thou shalt be brought down to hell, to the sides of the pit." – Isaiah 14:12-15

Alice Ann Bailey received her knowledge from "Ascended Masters" departed spirits. As Christians, we know that these spirits are merely demons, doing the bidding of their master – the devil. We know that Lucifer's name was changed to Satan after being cast from Heaven, the Luciferians continue to refer to him as Lucifer.

What Does This Have To Do With The UN?

The Lucis Trust has been for years, the philosophical and religious consulting firm to all members of the U.N. It is interwoven into the fabric of the United Nations, and done so in such a deceptive way. The average person knows little to nothing of the Lucis Trust.

"We have meditations at the United Nations a couple of times a week. The meditation leader is Sri Chin, and this is what he said about this situation: "… The United Nations is the chosen instrument of God; to be a chosen instrument means to be a divine messenger carrying the banner of God's inner vision and outer manifestation. One day, the world will treasure and cherish the soul of the United Nations as its very own with pride, for this soul is all-loving, all-nourishing, and all-fulfilling." – Donald Keys, president of Planetary Citizens and author of Earth At Omega

"The United Nations is steadily becoming the center of a syncretic new world religion, a weird and diabolical convergence of New Age mysticism, pantheism, aboriginal animism, atheism, communism, socialism, Luciferian occultism, apostate Christianity, Islam, Taoism, Buddhism, and Hinduism. The devotees and apostles of this new faith include the kind of strange admixture of crystal worshipers, astrologers, radical feminists, environmentalists, cabalists, human potentialists, Eastern mystics, pop psychologists, and "liberal" clergymen one would normally tend to associate with the off-beat, sandals-and-beads counterculture of the 1960s. But today's worshipers in this rapidly expand.

Climate Change Agent of Chaos: Agenda 21

Agenda 21…The Coming New World Order

Agenda 21- Earth's Sustainability And Depopulation

All governments and kingdoms must have rules or laws to remain viable. Without rules or laws, it is anarchy. Also, rules or laws without any consequences are just plain good advice. There is a coming New World Order of control, containment, confiscation, martial law and a police state. There will be definite rules and laws that will dictate our daily lives, our every movement, what we must do and follow, based on the foundational principles developed in the Agenda 21 of the UN Initiative in Rio De Janeiro, Brazil.

Agenda 21, masterminded in 1992, laid the groundwork and scope of the New World Order. The '21' in Agenda 21 refers to this present 21st Century. What America is experiencing today is moving us from the planning to the implementation stage of the New World Order– the present thrust coming from the Executive branch of the US Gov't who is bringing about dramatic changes in the shape and form of leadership and the kind of society that will emerge as described in Agenda 21.

Agenda 21 deals with Earth's Sustainability and Depopulation in the New World Order which will soon emerge when our present world order collapses due to extreme sovereign debts, economic depression, wars, great natural disasters, famines, diminishing earth resources and overpopulation. Agenda 21, an action agenda for the UN, will include other multilateral organizations and individual governments around the world that will be executed at local, national, and global levels.

A strong protagonist of the New World Order, Pres. George H. W. Bush, gave a speech 'Toward a New World Order' before Congress on Sep 11, 1990 (ironically the same day, but 11 years earlier of the planned attack and collapse of the iconic World Trade Center Twin Towers in New York City in 2001). Bush also delivered a keynote speech on the Agenda 21 Rio De Janeiro UN initiative in 1992 and signed the document on behalf of the US, along with the 178 nations attending the Rio Earth

Summit. By signing, each nation pledged to adopt the goals of Agenda 21. In 1995, Pres. Bill Clinton, in compliance with Agenda 21, signed Executive Order #12858- Deficit Reduction Fund to create the President's Council on Sustainable Development in order to 'harmonize US environmental policy with UN directives as outlined in Agenda 21'.

Agenda 21- A New World Order of Oneness, All United in One

Agenda 21 is an action plan to be implemented for Planet Earth which calls for specific changes in the activities and lifestyles of all people, due to earth's diminishing resources and exploding world population resulting in 'a worsening of poverty, hunger, ill health and illiteracy, and the continuing deterioration of the ecosystems on which we depend for our well-being'. It is a profound reorientation of every human on earth, unlike anything the world has ever experienced, based on the fact that continued present economic development as we know it is unsustainable. Sustainable development, therefore, is a program of action for local and global economic reforms– a program that has yet to be fully defined... No one fully understands how or even, if, sustainable development can be achieved... there is growing consensus that it must be accomplished at the local level if it is ever to be achieved on a global basis'- Local Agenda 21 Planning Guide by the International Council for Local Environmental Initiatives 1996.

Sustainable Development, When Closely Scrutinized, Is Nothing Other Than Genocidal Depopulation With New Age Enrironmental Twist

Agenda 21 is an imperfect and deceptive plan to save humanity, but will instead subjugate and destroy us. Upon initial examination or cursory review, Agenda 21 may appear harmless as a piece of literature that describes a unique Utopian society to come. But careful study and reflections on what has happened in the past 20 years will show that we have been moving in the direction of the New World Order for some time now. The basic concept is Oneness– One-1, all United in 1, a New World Order of a One World Gov't, 1 World in every way, controlled by 1 overall Authority;

1 people, 1 all-inclusive way of life which is all for 1, and 1 for all kind of thinking, eventually under 1 man's rule- 'the man of sin, the son of perdition', the notorious Antichrist alluded to in 2Th2:3,4 and in Re13 of the Bible.

The New World Order is a monogynous society that is based on 1 philosophy or 1 set of morals that is all-inclusive of everyone despite one's race, ethnicity, culture, religion, sexual orientation, etc. Thus, the US Supreme Court legalizing Same-Sex Marriage on June 26, 2013, for example, was a major breakthrough and achievement toward New World Order goals of acceptance, civil rights, and freedom for all. So also will the current open borders immigration issue be one of welcoming of all into the World Community, vis-a-vis the New World Order.

In the field of education, certain phrases were coined that were introduced as precursors to the coming New World Order and Agenda 21. They were phased into the curriculum to pave the way in developing a new mindset for the future goals of society. As an example, the concepts of parents, family, and marriage are now being redefined. Agenda 21 will settle teacher's and administration's concerns and conflicts over the coming new ways in education such as standardization of curriculum, core curriculum, teacher's evaluation, etc. Another example of controversy to be resolved is sex education for all children, a critical area where politicians, administrators, teachers and parents are being challenged to come to a meeting of minds to develop a program that will suit everyone on the students' behalf.

The Scope of Agenda 21– Managing Earth's Diminishing Resources

Agenda 21, New World Order, a One World Gov't, a One World Economy, a One World Church, a One god for all, are all related in that, these are plans to control population and earth's resources with programs and methods for Man's survival. New terminology is being coined with commonly heard expressions today emphasizing unity and control: inclusion and compliance, ethnic diversity and multi-cultural appreciation, acceptance and respect for differences, blended family with expanded definitions of what constitutes family, marriage, single parent vs unwed mother, civil rights and freedoms, etc...

Environmental terms such as going green, sustainability, saving mother earth, organic/natural farming vs controlled GMO agriculture, global warming, carbon emission, eco-footprint are now in vogue. Illegitimate children, illegal vs unattended aliens, gays, homosexuals are negatives and nixed terms and considered politically incorrect speech. All that has been mentioned and more indicate that society today is in great flux, stretching and testing its limits and changing the complexion of life to determine what will be allowed or disallowed, and the enforcement by policing agencies, controls, and national laws that are taking place as this is written.

The Changing Face of the US Government

This can be seen in the dictatorial role of the Executive Branch through an excessive number of executive orders, ineptness and conflicts in the Legislative Branch that hinder effective gov't, and the interference of the Judicial Branch in dictating, changing, and passing laws indiscriminately that have contributed to the unstable social and moral climate of our nation. Increasing gov't control of land, water, food and natural resources have created uneasiness with regard to confiscation and unlawful seizure of property, many through claims of eminent domain.

A good example of Gov't control of land was the recent April 2014 standoff with the Bundy Ranch in Nevada when the US Bureau of Land Management attempted to take cattle from Cliven Bundy for non-payment of grazing fee on disputed land. The Gov't backed down amidst great adverse national publicity and patriotic uprising.

The militarization of police forces all across America with heavy armored vehicles, military armaments, tear-gas masks, and bullet-proof vests as evident in Ferguson, MO recently is a good example of the Gov't's preparation to quell anticipated major disorders dealing with race riots, food riots, looting, civil disturbance, terrorist attacks and the general uprising of the discontented and impoverished masses when the present order collapses. The Gov't has already taken major steps to mitigate these anticipated problems.

In the healthcare sector in our overstressed hospitals, 'death panels' will determine who lives and receives care, and who won't. Sterilization, biogenetics,

vaccinations, abortions, end-of-life planning, and euthanasia will also be a big part of Agenda 21 in a broad-based depopulation program demanded by earth's dwindling resources.

The Georgia Guidestones: Another Illuminati Footprint

The Georgia Guidestones is a granite monument unveiled in 1980 situated in Elbert County 100 miles east of Atlanta, Georgia. The gigantic mysterious Stonehenge-like monument is nearly 20 feet high, made up of 6 granite slabs, weighing 240,000 pounds. Though the sponsors of this behemoth desired anonymity, they left a message explaining the reasoning behind their rules. It lists 10 rules and ideals for an 'Age of Reason', the first being 'Maintain humanity under 500,000,000 in perpetual balance with nature'. The world's population then was about 5 billion and today, 7 billion, over 10 times their stated goal.

"The Guidestones describe the ideal world, as envisioned by an occult secret society. These guides touch upon subjects that are associated with the New World Order, including massive depopulation, a single world government, the introduction of a new type of spirituality, etc. The monument is, therefore, proof of an existing link between secret societies, the world elite, and the push for a New World Order'. Like the enigmatic symbols and phrases on the reverse of every US$ Federal Reserve Note, **The Georgia Guidestones monument is another giant Illuminati Footprint 'hidden in plain sight' proclaiming a New World Order, which is steadily advancing in the 21st century."**

Greta Thunberg: Another Brainwashed United Nations Climate Change Propaganda Witch

Part 2 of the Scamdemic hoax: Climate Change Propaganda. So yeah, keep everything in lock down to save a tree and stop carbon emissions, Yawn!

Greta Thunberg, Joaquin Phoenix, and fellow eco-luminaries used Earth Day Wednesday to rejoice in the global economic shutdown that has led to a reduction in carbon emissions.

The pandemic has been a dream come true for climate alarmists. . . if you ignore all the misery.

They wanted us to switch off our economies to prevent a supposed climate apocalypse in 10 years and — hey, presto! — their wish was granted by a virus.

Thunberg, the 17-year-old Swedish climate evangelist, did caution her fellow warriors not to be too "optimistic" about the pause in carbon pollution because the -so-called climate crisis "is not slowing down."

But other activists seized the pandemic opportunity to push their agenda, as Democrats tried to shoehorn their Green New Deal into economic-relief bills.

"Neither Greenpeace, nor Greta Thunberg, nor any other individual or collective organization have achieved so much in favor of the health of the planet in such a short time," Spanish scientist Martín López Corredoira crowed on the Science 2.0 blog.

"A miracle happened . . . It is certainly not very good for the economy in general, but it is fantastic for the environment."

https://nypost.com/2020/04/22/climate-activists-cheer-coronavirus-misery-in-name-of-environment-devine/?fbclid=IwAR0kk-Z_k2E36X9OIdUwlerZDghTiaNAE8urZybqa-bwwXj7mtVC0L23GU

Greta Thunberg and Climate Change Lock Down Justification: Another Pandemic Trojan Horse

What the Luciferian Elite wanted, all along, was United Nations Agenda 21 Climate Change Sustainability Lock Downs. They thought that if they could convince the world that Climate Change was threatening to destroy the world if Mankind did not give up all personal property and lock down into tiny spaces, thereby becoming jobless and using almost zero energy, they would be able to roll out the full Agenda 21 Sustainability plan, and thus transform the world into a Luciferian New Age Kingdom with most of Mankind exterminated, and the remainder enslaved as Bio Hybrid Creatures.

However, not enough people bought into the Climate Change Hoax, or at least not into the depth of threat it poses, as was hoped. And so, they repackaged Agenda 21 as Agenda 2030. But still not enough people were on board.

Enter Greta:

In a desperate and transparent attempt to emotionally manipulate people into accepting The Climate Change Hoax, The United Nations Elite employed borderline retarded useful idiot, Greta Tintin Eleonora Ernman Thunberg, a Swedish mind controlled environmental activist who is internationally known for challenging world leaders to take immediate action against climate change.

Here infamous line, "How dare you!" resounded through the world and communicated just how stupid Climate Change activism actually is, resulting in repulsing many AWAY from Climate Change activism, the opposite effect that The Elite had planned for.

Thunberg has received various honors and awards over the course of her activism, as if activism were an achievement you get awards for.

And so, The United nations still had not been abler to sufficiently roll out their lock down agenda using Climate Change. They still needed a bigger deception in their web of lies to get people to lock down and forfeit all personal property.

Along Came a Spider: The Pandemic Trojan Horse

And so, in coordination with multiple organizations and forces, and most of all The CDC, WHO, The Bill and Melinda Gates Foundation, the long desired Climate Change Lock Down entered the village inside The Trojan Horse of a virus scare. The Pandemic Trojan Horse simply rolled into the village with the gates wide open, and once inside, all its enemy soldiers, such as lock downs, social distancing, masks, and the lonely Climate Change Agenda burst forth from inside Pandemic Trojan Horse and attacked the unsuspecting village.

Thus, The Fake Virus Pandemic was created to serve as stage one in a two part plan to lock the world down. The False Pandemic gave the Ruling Elite more leverage and rationale for keeping everyone locked down. Since the fake virus scare had already justified their mandates for lock down, now all they need to do is claim that because of the lock downs, the environment is doing better, and so we need to stay locked down, which includes far fewer jobs, and little or no driving and industry.

Green House Gas Reduction Programs and Strategies

Through Agenda 21, a wide range of strategies were devised to help organizations reduce their greenhouse gas (GHG) emissions.

Below are a list of topics that are offered any organization to identify and implement GHG reduction opportunities:

1) Energy Efficiency
2) Renewable Energy
3) Supply Chain
4) Waste Reduction and Diversion Strategies
5) Reduce Methane Emissions
6) Increase Fuel Efficiency in Transportation and Logistics
7) Energy Efficiency
8) Less Diving to Reduce Carbon Emissions
9) Meatless Diet

The Great Reset: Repackaging Agenda 21 and Agenda 2020

The goal, all along, was The Great Reset, which is simply another repackaging of Agenda 21 and Agenda 2030.

The Great Reset is the name of the 50th annual meeting of the World Economic Forum (WEF), held in June 2020. It brought together high-profile business and political leaders, convened by the Prince of Wales and the WEF, with the theme

of rebuilding society and the economy in a more sustainable way following the Covid 19 Fake Pandemic.

Klaus Schwab, who founded in WEF in 1971 and is currently its CEO, described three core components of the Great Reset. The first involves creating conditions for a "stakeholder economy"; the second component includes building in a more "resilient, equitable, and sustainable" way—based on environmental, social, and governance (ESG) metrics which would incorporate more green public infrastructure projects. The third component of a Great Reset agenda is to "harness the innovations of the Fourth Industrial Revolution" for public good. In her keynote speech opening the dialogues, International Monetary Fund director Kristalina Georgieva, listed three key aspects of the sustainable response—green growth, smarter growth, and fairer growth.

But the truth is that The Great Reset is fifth-generational warfare against all forms of independent human activity. The only way to stop this scientific tyranny is to awaken and take action. The establishment wants you to think that warfare only meant guns and bombs, but that's not the case at all.

Much of modern warfare is actually fought psychologically with propaganda, information, and literary skill.

We are in an Information War

If we lose, we all die.

If we fight, we may win.

If we win, The Lord is revealed and glorified in all His Majesty.

Word are bullets in the war.

Keyboards are gun barrels.

What say you?

Why We Are We Being Programmed to Believe That Life Cannot Go Back to Normal?

Why are all the news channels, social media, World Health Organization, the Elites, the Bill Gates, to Hollywood Celebrities and A listers, continuously programming our subconscious with what's Essential, and what's Non Essential???

WHY IS THIS SUDDEN URGE TO END CONSUMERISM?

It seems we are being told that all the progress we made till now was useless; that we have destroyed the Earth, it's resources, polluted the air and water, destroyed the forests, overcrowded the earth causing more carbon footprints... we humans are evil, we caused Global warming!

And I don't disagree with anything!

But there is something very fishy about everything that's been programmed in our subconscious Mind! The whole narration looks like a very big Agenda!

Remember the poster child of the Elites for Global warming, Greta Thurnberg... ever wondered why the Rockefeller's, George Soros, and other Elites were backing her!

If you remember, she took the carbon neutral boat to attend the UN session in US... as per Greta... oops I should say Elites... airplane and the automobile have democratized travel, and Greta... oops, the Elites wants to take that away from us.

As per UN's Agenda 21 (hiding behind Agenda 30), the elites want to control and regulate how you travel, and how you heat your home! They want to control what you eat and how you breed, too.

Agenda 21 is nothing but the U.N. One World Government plan by the Elites who control the UN!

The Elites have been planning a transition to a One World Government for decades, and for decades world leaders have been busy preparing for it.

Not only they want control over us, they want to program your children too, a programmed child is easy to control!

Recently I read an article about Melinda Gates new initiative.

Melinda Gates wants "To ensure a fast and inclusive recovery, governments, business leaders and investors need to make caregiving a priority."

And this is how the Elites will achieve their Agenda 21 goal of control and power by 0.0001% people over 7.8 billion people... by Mind fuck or call it Mind

Control by using predictive programming elements like, Agenda 21, Climate Change, Veganism, Transgender Agendas and many more!

This article was published in Daily Mail, "Madonna and Robert de Niro join 200 celebrities and scientists calling for the world not to 'return to normal' after Covid-19 lockdowns and stop 'the pursuit of consumerism' "

Suddenly all this rich and famous have been telling the world to stop consumerism, and enter a society of sustainable development, where Elites will control what you say, what you think, what you eat, how much energy you can consume! Besides this they are planning to take away your land, home, cars, and planning to put us all in cramped houses!

And this is what Global Elites and UN is pushing for from decades! This Pandemic is their golden opportunity to get the ball rolling!

This pandemic is a global siege by the Elites, the 0.0001%, to kill small businesses, and put us all on Universal basic income, and move us out of our homes, and put us in small camps in the city! All this in the name of saving the planet!

We don't need Agenda's by control freak psychopaths to take care of this planet, what humanity needs most at this time is Awareness, Oneness, Love to take care of this Earth!

--Sony Pandey

The Myth of Overpopulation: The Core Driver of The Technocratic Tyranny

What do Bill Gates, George Soros, Warren Buffett, Oprah Winfrey, The Rockefeller Foundation, Ted Turner, Paul Ehrlich, The United Nations, The Trilateral Commission, The Council on Foreign Relations, Thomas Robert Malthus, Greta Thunberg, Eco Terrorists, Climate Change Zealots, The Club of Rome, Klaus Schwab, The World Economic Forum with its Global Reset literature, a Star Chamber of Crony Billionaire Philanthropists, and The Rothschilds Family all have in common?

They all rant, scream, and calculate that the world is overpopulated and because if that, the Earth's climate is in danger, all the natural resources are becoming exhausted, and so depopulation is the only answer. Whether it require mass

Vaccinations, ending all car use, killing 90% of all jobs requiring industry, world wars, poisoned food supply, whatever it take…people must die to save Mother Earth, their precious GAIA.

But the claim that the world will become dangerously overpopulated has never been true. It was false when first postulated in the 19th century. It was false when ***The Population Bomb*** was first published in the 1960s. It is false now. That this theory is still taught in grade schools all over the world even today does not make it any truer. It remains a false theory.

And yet, The Myth of Overpopulation is the engine driving the entire Covid 19 Vaccination campaign. Because, as many people are realizing, this Vaccine is not a medicine, nor is it a curative, in any way. It was never intended to treat the mythical Covid virus nor any variants, as well. This vaccine contains sterilization agents, as well as poisons, and Transhumanist hydrogel nanotechnology.

It is an Extermination weapon, a Depopulation and Transhuman Bioslave mechanism. The Elite Cartel of Luciferians listed above are Eugenicists, and they are culling the herd…Mankind.

They have no need of Mankind. They are engineering Human 2.0 and using automation and AI to serve all their needs.

The Davos World Economic Forum's 'Great Reset' is a Blueprint for Communist Tyranny

For those wondering what will come after the Covid-19 pandemic has successfully all but shut down the entire world economy, spreading the worst depression since the 1930s, the leaders of the premier globalization NGO, Davos World Economic Forum have just unveiled the outlines of what we can expect next. These people have decided to use this crisis as an opportunity.

On June 3 via their website, the Davos World Economic Forum (WEF) unveiled the outlines of their upcoming January 2021 forum. They call it "The Great Reset." It entails taking advantage of the staggering impact of the coronavirus to advance a very specific agenda. Notably enough, that agenda dovetails perfectly with

another specific agenda, namely the 2015 UN Agenda 2030. The irony of the world's leading big business forum, the one that has advanced the corporate globalization agenda since the 1990s, now embracing what they call sustainable development, is huge. That gives us a hint that this agenda is not quite about what WEF, and partners claim.

The Great Reset

On June 3, 2020, WEF chairman Klaus Schwab released a video announcing the annual theme for 2021; "The Great Reset." It seems to be nothing less than promoting a global agenda of restructuring the world economy along very specific lines, not surprisingly much like that advocated by the Intergovernmental Panel for Climate Change (IPCC), by Greta from Sweden and by her corporate friends such as Al Gore or Blackwater's Larry Fink.

Interestingly the WEF spokespeople frame the "reset" of the world economy in the context of the coronavirus and the ensuing collapse of the world industrial economy. The WEF website states; "There are many reasons to pursue a Great Reset, but the most urgent is Covid-19." So the Great Reset of the global economy flows from Covid-19 and the "opportunity" it presents.

In announcing the 2021 theme, WEF founder Klaus Schwab then said, cleverly shifting the agenda: "We only have one planet, and we know that climate change could be the next global disaster with even more dramatic consequences for humankind." The implication is that climate change is the underlying reason for the coronavirus pandemic catastrophe.

To underscore their green "sustainable" agenda, WEF then has an appearance by the would-be King of England, Prince Charles. Referring to the global Covid-19 catastrophe, the Prince of Wales says, "If there is one critical lesson to learn from this crisis, it is that we need to put nature at the heart of how we operate. We simply can't waste more time." On board with Schwab and the Prince is the Secretary-General of the United Nations, Antonio Guterres.

He states; "We must build more equal, inclusive and sustainable economies and societies that are more resilient in the face of pandemics, climate change and the many other global changes we face." Note his talk of "sustainable economies and societies" — more on that later. The new head of the IMF, Kristalina Georgieva, also endorsed

The Great Reset. Other WEF re-setters included Ma Jun, the chairman of the Green Finance Committee at the China Society for Finance and Banking and a member of the Monetary Policy Committee of the People's Bank of China; Bernard Looney, CEO of BP; Ajay Banga, CEO of Mastercard; and Bradford Smith, president of Microsoft.

Make no mistake, the Great Reset is no spur-of-the moment idea of Schwab and friends. The WEF website states; "Covid-19 lock downs may be gradually easing, but anxiety about the world's social and economic prospects is only intensifying. There is good reason to worry: a sharp economic downturn has already begun, and we could be facing the worst depression since the 1930s. But, while this outcome is likely, it is not unavoidable." The WEF sponsors have big plans: "the world must act jointly and swiftly to revamp all aspects of our societies and economies, from education to social contracts and working conditions. Every country, from the United States to China, must participate, and every industry, from oil and gas to tech, must be transformed. In short, we need a "Great Reset" of capitalism." This is big stuff.

Radical Changes

Klaus Schwab reveals more of the coming agenda: "One silver lining of the pandemic is that it has shown how quickly we can make radical changes to our lifestyles. Almost instantly, the crisis forced businesses and individuals to abandon practices long claimed to be essential, from frequent air travel to working in an office." These are supposed to be silver linings?

He suggests that those radical changes be extended: "The Great Reset agenda would have three main components. The first would steer the market toward fairer outcomes. To this end, governments should improve coordination… and create the conditions for a "stakeholder economy…" It would include "changes to wealth taxes, the withdrawal of fossil-fuel subsidies, and new rules governing intellectual property, trade, and competition."

The second component of the "Great Reset" agenda would ensure that, "investments advance shared goals, such as equality and sustainability." Here the WEF head states that the recent huge economic stimulus budgets from the EU, USA, China and elsewhere be used to create a new economy, "more resilient, equitable, and sustainable in the long run. This means, for example, building 'green' urban

infrastructure and creating incentives for industries to improve their track record on environmental, social, and governance (ESG) metrics."

Finally the third leg of this Great Reset will be implementing one of Schwab's pet projects, the Fourth Industrial Revolution: "The third and final priority of a Great Reset agenda is to harness the innovations of the Fourth Industrial Revolution to support the public good, especially by addressing health and social challenges. During the Covid-19 crisis, companies, universities, and others have joined forces to develop diagnostics, therapeutics, and possible vaccines; establish testing centers; create mechanisms for tracing infections; and deliver telemedicine. Imagine what could be possible if similar concerted efforts were made in every sector." The Fourth Industrial Revolution includes gene-editing biotech, 5G telecommunications, Artificial Intelligence and the like.

UN Agenda 2030 and the Great Reset

If we compare the details of the 2015 UN Agenda 2030 with the WEF Great Reset we find both dovetail very neatly. The theme of Agenda 2030 is a "sustainable world" which is defined as one with income equality, gender equality, vaccines for all under the World Health Organization (WHO) and the Coalition for Epidemic Preparedness Innovations (CEPI) which was launched in 2017 by the WEF along with the Bill & Melinda Gates Foundation.

In 2015 the UN issued a document, "Transforming our world: the 2030 Agenda for Sustainable Development." The Obama Administration never submitted it to the Senate for ratification knowing it would fail. Yet it is being advanced globally. It includes 17 Sustainable Development Goals, extending an earlier Agenda 21. The 17 include "to end poverty and hunger, in all their forms and dimensions… to protect the planet from degradation, including through sustainable consumption and production, sustainably managing its natural resources and taking urgent action on climate change." It calls for sustainable economic growth, sustainable agriculture (GMO), sustainable and modern energy (wind, solar), sustainable cities, sustainable industrialization. The word sustainable is the key word. If we dig deeper it is clear it is code-word for a reorganization of world wealth via means such as punitive carbon taxes that will dramatically reduce air and vehicle travel. The less-developed world will not rise to the developed, rather the other way, the advanced civilizations must go down in their living standards to become "sustainable."

Maurice Strong

To understand the double-speak use of sustainable, we need to go back to Maurice Strong, a billionaire Canadian oilman and close friend of David Rockefeller, the man who played a central role back in the 1970s for the idea that man-made CO2 emissions were making the world unsustainable. Strong created the UN Environment Program, and in 1988, the UN Intergovernmental Panel for Climate Change (IPCC) to exclusively study man-made CO2.

In 1992 Strong stated, "Isn't the only hope for the planet that the industrialized civilizations collapse? Isn't it our responsibility to bring that about?" At the Rio Earth Summit, Strong that same year added; "Current lifestyles and consumption patterns of the affluent middle class – involving high meat intake, use of fossil fuels, appliances, air-conditioning, and suburban housing are not sustainable."

The decision to demonize CO2, one of the most essential compounds to sustain all life, human and plant, is not random. As Prof. Richard Lindzen, an MIT atmospheric physicist puts it, "CO2 for different people has different attractions. After all, what is it? – it's not a pollutant, it's a product of every living creature's breathing, it's the product of all plant respiration, it is essential for plant life and photosynthesis, it's a product of all industrial burning, it's a product of driving – I mean, if you ever wanted a leverage point to control everything from exhalation to driving, this would be a dream. So it has a kind of fundamental attractiveness to bureaucratic mentality."

Lest we forget, the curiously well-timed New York pandemic exercise, Event 201 on October 18, 2019 was co-sponsored by the World Economic Forum and the Gates Foundation. It was based on the idea that, "it is only a matter of time before one of these epidemics becomes global — a pandemic with potentially catastrophic consequences. A severe pandemic, which becomes 'Event 201' would require reliable cooperation among several industries, national governments and key international institutions." The Event 201 Scenario posited, "outbreak of a novel zoonotic coronavirus transmitted from bats to pigs to people that eventually becomes efficiently transmissible from person to person, leading to a severe pandemic. The pathogen and the disease it causes are modeled largely on SARS, but it is more transmissible in the community setting by people with mild symptoms."

The declaration by the World Economic Forum to make a Great Reset is to all indications, a thinly-veiled attempt to advance the Agenda 2030 "sustainable" dystopian model, a global "Green New Deal" in the wake of the Covid-19 pandemic measures. Their close ties with Gates Foundation projects, with the WHO, and with the UN suggests we may soon face a far more sinister world after the Covid-19 pandemic fades.

-- http://crossradio1.org/the-world-economic-forums-great-reset-is-a-blueprint-for-tyranny

The End Game

Stage One:

of The End Game is ***The Hunger Games*** with public human sacrifice games. The Luciferian Elite live in opulent settings, surrounded by high tech technology, while the rest live like slaves live in poverty settlements and ghetto stacks, like the kind seen in the film, ***Ready Player One.***

Stage Two:

The other aspect of The End Game is to replace the human mind with an AI Infrastructure through genetic modification, and 5G driven remote control.

The Elite are Luciferians, and they are running intermediary to Lucierfian Energies that literally seek to inhabit and transform the human species into becoming what they are:

1) Blood Thirsty
2) Pedophilic
3) Narcissistic
4) Psychopathic
5) Self-Exalting

The Luciferian Cult in control of the world are manifestations of this Luciferian Energy, which is why they are completely devoid of any empathy or compassion, and delight in human blood sacrifice.

Chapter 2

The Pretext for Technocracy

A pretext is an excuse to do something or say something that is not accurate. Pretexts may be based on a half-truth or developed in the context of a misleading fabrication. Pretexts have been used to conceal the true purpose or rationale behind actions and words.

In 2020, the Technocratic Elite used the idea of a virus as pretext to assume total control of all governments beneath the authoritative Global Reset umbrella of the United Nations, in conjunction with The Luciferian Elite owned WHO and CDC.

A Synopsis of Evil: Lucifer Spreads His Wings Across The Land

For those who will be left behind or those who will be tested through these trying times ahead...remember this whole thing was pre-planned for generations, after failing attempts to cull the herd with The Spanish Flu, The Swine Flu, HIV Bacterial infection, etc… But with Covid 19, The Luciferian Cabal Agenda for Eugenics comes to full fruition. It Runs for the Roses with this The Final Generation of the 13 Blood Lines of The Elite Seeds of Perdition, that Satanic Bloodline who are all too aware of the Christian state of Eternal Punishment and Damnation, and they are Hell bend on Eternal Damnation.

They have been granted by Lucifer their window of opportunity to birth The Final Declaration for Depopulation. The end of The Old World Order is the beginning of The New World Order, followed by The New Age. This New Age will usher forth from the merciless vacuum created by The New World Order's ferocious jaws of cruelty, its mortal engines of persecution, and wrathful snares of injustice, finally bringing death and destruction to the entire world.

And after the world is devoured in the flames of this cleansing fire of cruelty, this Holy Masonic Terror of The Great Work of the Ages, The New Age of Lucifer

will arise from the sacrificial ashes of blood and pain, calling all who worship The Beast to enter, therein. Through the False Light of Transhumanism, all shall have been transformed and renewed as Lucifer's servant.

And they will go.

They will bow before The Image of The Beast. This Transhuman Slave Hive Breed will seek its every breath through The Beast.

They will accept The Beast.

They will worship The Beast in all its Fallen Glory of False Love and Light.

The Dragon of Rome is presenting The Beast to the world. We see it every day as The Vatican establishes its One World Religion in the name of False Unity, Light, and Love.

"People worshiped The Dragon because he had given authority to The Beast, and they also worshiped The Beast and asked, "Who is like The Beast? Who can wage war against it?"

-- Revelation 13:4

The Eugenics Implementation Aspects of Operation Covid 19

The Eugenics Implementation Aspects will be unleashed upon the population in a series of death waves under the guise of new Covid 19 mutations. They will, in reality, be the result of Covid 19 vaccines, amplified by 5G radiation.

The 5G network is already up and running.

The only question is what will you do when they come to your door and in your communities, and tell you it's mandatory by law? You might want to figure out your response and escape to that scenario sooner rather than later because the illuminati government has some very evil strategies to execute against the brainwashed sheeple. Now would be the right time to make critical decisions because they are coming, planning, and plotting against you.

Eugenics Implementation Aspect 1

- Bankrupt the citizens with illegally forced laws, mask wearing, vaccination record enforcement, softening them up for the Quantum Dot Tattoo Verification Systems. Nurses walking into hospital ICU "death camps", thinking they were there to help people, but were paid to "not resuscitate" people, and kill as many as possible. They are promised that they will receive a kick back by the numbers of deaths listed as "cause of death": Covid 19. Videos of people overcoming Covid 19 are faked, with sightings of patients hooked up to a ventilator that are switched off.

Eugenics Implementation Aspect 2

- Have them begging for more fake vaccines, which will enslave them permanently into 5G remote control, via hydrogel nanotechnology in the vaccine.

Eugenics Implementation Aspect 3

- Infect the citizens with a real virus bacterial toxins and Prion proteins, shown to become infectious and cause neurodegenerative disease.

Eugenics Implementation Aspect 4

- No more than 5 persons can assemble and must stay 6 feet apart for facial recognition and 5G lock-on technologies. Social distancing is for 5G tracking of every person using facial recognition cameras.

Eugenics Implementation Aspect 5

- Major killing spree disguised under the code name, Covid 19. Mass 5G related radiation kills billions. The real agenda is to kill as many as possible, and so they merely give the public propaganda news to fake the narrative to the masses so people will not sense the real threat to their lives. This keeps people from actually going to hospitals to investigate and verify the mainstream narrative reports from television. By the time a patient gets to a hospital, it will be too late. They will not allow them to leave under the excuse of infecting the public and will be killed by with mis-calibrated ventilators, as well as poisonous vaccines.

Eugenics Implementation Aspect 6

- The WHO, CDC, and The United Nations are The Deep State Cabal organization preparing for The Global Reset New Age of Lucifer.

Eugenics Implementation Aspect 7

- Obama is The Antichrist, Son of Lucifer
- The Pope is The False Prophet
- Donald Trump is The Beast

Eugenics Implementation Aspect 8

- The death of billions is merely The Blood Cabal Lucierfian Elite giving worship to Lucifer.
- The complicit health care workers are the first stage of extermination. They will blame their working too closely with Covid 19 patients for their untimely death.
- The severe elderly are next in line for extermination.
- Then the seniors are next aged 55 – 65 yrs. old.
- Then 45-54 yrs. olds.
- Then 20-44 yrs. olds.
- Then 10-19 yrs. olds.
- Then the newborns to 9 yrs. old will be culled

This is not a drill.

This is not a trial run.

This is happening as I write from the bunker.

God help you.

The Uses of Lesser Magic

We are chained to a self-replicating system of lesser magic utilized by powerful sociopaths that are in control of the will of you and your family. To maintain their dominance, the powers that be manufacture a reality that they have developed over the ages. And in order to roll that reality out, they must telegraph it to the masses. Creating a self-fulfilling prophecy in the form of a tsunami of debilitating propaganda that has infiltrated our culture, our souls, and the future of humanity.

Greater and Lesser Magic (known also as high and low magic or collectively Satanic magic), within LaVeyan Satanism, designate types of beliefs with the term greater magic applying to ritual practice meant as psychodramatic catharsis to focus one's emotions for a specific purpose and lesser magic applied to the practice of manipulation by means of applied psychology and glamour (or "wile and guile") to bend an individual or situation to one's will.

Theory and Definition

Outlined in The Satanic Bible, LaVey defined magic as "the change in situations or events in accordance with one's will, which would, using normally accepted methods, be unchangeable." This definition incorporates two broadly distinguished kinds of magic: greater and lesser. According to LaVey, one of the goals of ritual magic is "to isolate the otherwise dissipated adrenal and other emotionally induced energy, and to convert it into a dynamically transmittable force." LaVey defined lesser magic as "wile and guile obtained through various devices and contrived situations, which when utilized, can create change in accordance with one's will." Within this system of magic, the terms warlock and witch are most commonly used by, and to refer to, male and female practitioners, respectively.

Lesser Magic

Lesser magic, also referred to as "everyday" or "situational" magic, is the practice of manipulation by means of applied psychology. LaVey wrote that a key concept in lesser magic is the “command to look”, which can be accomplished by utilizing elements of “sex, sentiment, and wonder”, in addition to the utilization of looks, body language, scents, color, patterns, and odor. LaVey wrote that the terms "fascination" and "glamour" have origins in the world of "coercive" magic. The word "fascination" comes from the Latin word "fascinare", which means "to cast a spell upon". This system encourages a form of manipulative role-play, wherein the practitioner may alter several elements of their physical appearance in order to aid them in seducing or "bewitching" an object of desire.

"The antiquated meaning of 'glamour' is witchcraft. The most important asset to the modern witch is her ability to be alluring, to utilize glamour. The word 'fascination' has a similarly occult origin. Fascination was the term applied the evil eye.

To fix a person's gaze, in other words, fascinate, was to curse them with the evil eye. Therefore, if a woman had the ability to fascinate men, she was regarded as a witch."

--Anton LaVey, Michael Moynihan, "Infernal Impact: The Command to Look like a Formula for Satanic Success"

The Gates of Hell Open Up

Fake Pandemic + Climate Change = All Humans Must Die: A Recipe For Mass Extermination

Add The Fake Pandemic to The Climate Change Hoax, and it is obvious that human beings have been classified as an obsolete creation in the eyes of the World Elite Technocrats, and their expiration date has arrived.

The Logic of The Insane

Bill Gates is just another front man for the Satanic Network of Secret Societies behind all that is wicked in the world. His money is simply their money. He does what he is told to do.

Nevertheless, Bill Gates and his Billionaire's Club friends' logic is crystal clear:

1) Carbon is bad.
2) People produce carbon.
3) Life is carbon.
4) Therefore, Life is bad.
5) People are life.
6) Therefore, people must be exterminated.

In addition, another chain of logic holds for these psychotic eco-terrorists:

1) Sunlight creates warmth.
2) Warmth is bad because we say that the Polar Ice Caps are melting.
3) Therefore, Sunlight is bad.
4) Blocking the Sun is good.
5) Sunlight supports all life.
6) But Life creates carbon, so not supporting life is good.

Carbon in The Crosshairs

The War Against Carbon

The carbon theory has always been counterintuitive. Hydro Grow setups pump carbon dioxide in to make the plants grow better. CO2, or carbon dioxide is what we expel when breathing, and what plants use to initiate photosynthetic functions. Plants actually 'breathe in' CO2 in the day but give out CO2 at night.

The claim that carbon is the problem when virtually everything is made of carbon is ridiculous. Carbon monoxide becomes carbon dioxide when released into the atmosphere making it food for plants. It was designed that way.

Levels of CO2 are measured in PPM (parts per million), and ambient room levels are typically in the region of 300-400ppm. Assuming you have sufficient circulation in your grow room you should be able to achieve the atmospheric standard of 390 PPM. At this level, you should see plant growth similar to what you see in your garden.

If the CO2 levels drop below 200 PPM, your plants will stop growing.

It is understanding this behavior that can really benefit your grow. If everything is being done correctly and you have a fine-tuned system, then CO2 can be the one big difference in boosting your yields. Adding enhanced CO2 levels to your grow can significantly boost plant growth without having to change the way you grow.

If you are looking to accelerate the grow cycles of your crops consider adding additional CO2 to your grow room. Plant growth accelerates as you increase CO2 levels up to around 1,500 PPM. Growers have observed up to a 100% increase in grow speed at 1,500 PPM.

The Scripps researchers found the average atmospheric CO2 concentration for May 2020 was 417.16 parts per million. Using different calculations than the Scripps team, NOAA researchers found the peak monthly value was slightly lower, at 417.1 ppm

Thus, the Earth's current atmosphere averages about 400 parts per million of carbon dioxide. Remember, Plant growth accelerates as you increase CO2 levels up to

around 1,500 PPM. Growers have observed up to a 100% increase in grow speed at 1,500 PPM.

Under Agenda 21, Agenda 2030, The World Economic Forum, Microsoft, and Bill Gates Climate Change, The Technocratic Elite are in a war against carbon emissions. Reducing carbon emissions is an action agenda for The UN, other multilateral organizations, and individual governments around the world that can be executed at local, national, and global levels.

These psychopaths want ZERO CARBON, whatever that is supposed to mean.

In other words, Carbon is the enemy.

Carbon is an important structural element, and the reason we are known as carbon-based life forms. About 12 per cent of your body's atoms are carbon.

Additionally, every person emits the equivalent of approximately two tons of carbon dioxide a year from the time food is produced to when the human body excretes it, representing more than 20 percent of total yearly emissions.

Ok, so carbon is the problem and humans are carbon-based life forms, with their own carbon emission footprint, apart from machines.

Is this sinking it?

Oxygen in The Cross Hairs

By targeting Carbon Dioxide as an enemy of The Earth, its byproduct, Oxygen, is really what is being targeted. What is the end goal of the reduction of Carbon Dioxide in the atmosphere? Less Carbon Dioxide means less plant growth, which means less food production, as well as less Oxygen in the atmosphere for life to exist.

Also, when you have a mask on your face, you inhibit the natural flow of Oxygen. And so, both the mask mandates and everything Bill Gates is doing with the atmosphere is intended to stop all oxygen from getting to your lungs, as well as end life as we know it.

5G and Oxidative Stress

Additionally, Nanotech is used to lock on to 5G and is essentially activated by 5G. Quite possibly, the nano tech delivery system is Chemtrails, as well as Vaccinations. Correspondingly, the ventilator calibrations we are seeing used with alleged C 19 patients are concurrent with what we see used with Acute Hypoxemic Respiratory Failure and NOT CV related Pneumonia or Influenza. In other words, 5G EMF driven Hypoxia related Thrombosis, leading to Acute Hypoxemic Respiratory Failure, is actually what we are seeing in alleged C 19 patients, which is immune system related and not virally contagious.

5G Disruption of the Bond Angle of Oxygen Molecule Electrons and Hypoxia related Thrombosis:

Another form of electromagnetic radiation is Wi-Fi. Wi-Fi driven cellphones have been proven to be unhealthy, long term, in countless scientific papers on the long-term effects of electromagnetic radiation and the human immune system. What about the 5G network? Obviously, 5G is a form of EMF but a quite different form, using different frequencies and energies than its more amicable predecessors, 2G, 3G, and 4G. 5G does not have a long range and is blocked by physical objects.

5G needs to be boosted at regular distances and is known to interfere with oxygen molecules in the water inside the human body. 5G interferes with the bond angle of oxygen molecules in water. The one lone electron exerts a less repulsion than normal on the two bonding oxygen atoms, so they can spread out more to a 134 degrees bond angle from the ideal of 120 degrees. All oxygen atoms have an octet of electrons.

In stands to reason that any deformation of bond angle or electron sharing of molecules could interfere with hemoglobin transport. Just imagine what it could do at the atomic level of a person's hemoglobin transport system. It could literally suffocate a person by depriving their lungs of precious oxygen molecules through excessive ***Oxidative Stress**.

***Oxidative Stress contributes to many pathological conditions and diseases, including cancer, neurological disorders, atherosclerosis, hypertension, ischemia/perfusion, diabetes, acute respiratory distress syndrome, idiopathic pulmonary fibrosis, chronic obstructive pulmonary disease, and asthma.**

The SINthetic Revolution: Replacing Carbon Based Life Forms with Silicone

The Beast System is planning on replacing all carbon based life forms with silicone lie.

The war on Carbon is on.

The War On Oxygen and Photosynthesis

Everything in Bill Gates arsenal of "Philanthropy", from sun blocking technology, to masks, to reducing oxygen by reducing carbon dioxide is all aimed at one singular effect:

Reducing Oxygen to kill most life on Earth.

They want to destroy the natural process of Photosynthesis and place the world on a synthetic meatless diet or ground up insects.

The only thing that will be able to survive is machine-based entities.

It is a dystopian agenda for Transhumanism, is it not?

The horrible thing is that it is not a Hollywood movie. It is happening right now.

Sunlight in The Crosshairs

A Bill Gates Venture Aims To Spray Dust Into The Atmosphere To Block The Sun. What Could Go Wrong?

Gates is like your favorite super villain from a Bat Man movie, except 10 times more psychotic and deceptively malevolent. If he actually stands behind the deeds he is doing, he just could be up for the long sought-after award for Anti-Christ.

Microsoft's MSFT -0.2% billionaire founder Bill Gates is financially backing the development of sun-dimming technology that would potentially reflect sunlight out of

Earth's atmosphere, triggering a global cooling effect. The Stratospheric Controlled Perturbation Experiment (SCoPEx), launched by Harvard University scientists, aims to examine this solution by spraying non-toxic calcium carbonate ($CaCO_3$) dust into the atmosphere — a sun-reflecting aerosol that may offset the effects of global warming.

Widespread research into the efficacy of solar geoengineering has been stalled for years due to controversy. Opponents believe such science comes with unpredictable risks, including extreme shifts in weather patterns not dissimilar to warming trends we are already witnessing. Environmentalists similarly fear that a dramatic shift in mitigation strategy will be treated as a green light to continue emitting greenhouse gases with little to no changes in current consumption and production patterns.

SCoPEx will take a small step in its early research this June near the town of Kiruna, Sweden, where the Swedish Space Corporation has agreed to help launch a balloon carrying scientific equipment 12 miles (20 km) high. The launch will not release any stratospheric aerosols. Rather, it will serve as a test to maneuver the balloon and examine communications and operational systems. If successful, this could be a step towards a second experimental stage that would release a small amount of $CaCO_3$ dust into the atmosphere.

David Keith, a professor of applied physics and public policy at Harvard University, recognizes the "very many real concerns" of geoengineering. It is true that no one knows what will happen until the $CaCO_3$ is released and then studied afterward. Keith and fellow SCoPEx scientists published a paper in 2017 suggesting that the dust may actually replenish the ozone layer by reacting with ozone-destroying molecules. "Further research on this and similar methods could lead to reductions in risks and improved efficacy of solar geoengineering methods," write the authors of the paper.

The exact amount of $CaCO_3$ needed to cool the planet is unknown, and SCoPEx scientists similarly cannot confirm whether it is the best stratospheric aerosol for the job. Early research suggests that the substance has "near-ideal optical properties" that would allow it to absorb far less radiation that sulfate aerosols, causing significantly less stratospheric heating. This is the purpose of the experiment: once a safe, experimental amount of $CaCO_3$ is released, the balloon will fly through it,

sampling atmospheric reactions and recording resulting dynamics. Frank Keutsch, the project's principal investigator, does not know what the results might bring. The perfect aerosol would not immediately tamper with stratospheric chemistry at all: "The only thing it would do is scatter maximum sunlight and hence cool down the planet."

Proponents of geoengineering have cited the global cooling effects of volcanic eruptions that result from the introduction of sulfuric ash into the atmosphere. The 1815 eruption of Mount Tambora in Indonesia resulted in the "year without a summer," while the 1991 eruption of Mount Pinatubo in the Philippines lowered global average temperatures by 0.5° C. Deliberate introduction of similar particles could potentially counter decades of greenhouse gas emissions. A report by the Intergovernmental Panel on Climate Change suggested the SCoPEx procedure could lower global temperatures by a full 1.5° C for no more than $1-10 billion a year.

Again, these temperature decreases bring with them serious risks. Freezing temperatures in 1815 led to failed crops in near-famine conditions. British scientists have cited stratospheric aerosols from volcanic eruptions in Alaska and Mexico as the potential cause of drought in Africa's Sahel region. Major disruption of the global climate could bring unintended consequences, negatively impacting highly populated regions and engineering another refugee crisis.

David Keith has proposed the creation of a "risk pool" to compensate smaller nations for collateral damage caused by such tests, but such a payout might be little comfort to those displaced by unlivable conditions. The United States, Brazil, and Saudi Arabia blocked a 2019 United Nations assessment of global geoengineering plans. International cooperation will be required to assess the risks, winners, and losers of any such experiment, and how best to proceed with all in mind.

Considering the unknown risks attached to solar geoengineering, OECD members should continue in their efforts to develop economically attractive renewable energy technology, even as it supplements such efforts with limited and careful research and experimentation.

Bill Gates Sounds The Fourth Trumpet: Revelation 8:12-13

We all know about Bill Gates' venture to spray dust into the atmosphere to block The Sun, right? Of course, such an endeavor would block out far more than just The Sun. It would affect all celestial bodies. But what does this sound like?

It sounds like a Biblical event, actually:

"The Fourth Angel blew his trumpet, and a third of the Sun was struck, a third of the moon, and a third of the stars, so that a third of them were darkened. A third of the day was without light, and the night as well. 13I looked, and I heard an eagle, flying in mid-Heaven, saying in a loud voice, "Woe! Woe! Woe to those who live on the Earth, because of the remaining trumpet blasts that the three angels are about to sound!"

--Revelation 8:12-13

Like the previous trumpet judgments, the fourth affects natural objects, in this case the sun, moon and stars, resulting in diminished light on the Earth. The final three trumpet judgments, which we will begin to address in the next lesson, affect men's lives with pain, death and Hell.

In this judgment, John notes that "a third of the sun was struck, a third of the moon, and a third of the stars, so that a third of them were darkened." He then reports seeing an eagle fly in "mid-Heaven," pronouncing woes on the Earth's inhabitants, who are about to experience more severe judgment when the fifth, sixth and seventh trumpets are sounded.

Bill Gates Goes Full Captain Planet, Wants To Change "Every Aspect Of Economy" While We Dine On Fake Meat

Microsoft founder Bill Gates is pushing drastic and 'fundamental' changes to the economy in order to immediately halt the release of greenhouse gasses - primarily

carbon dioxide - and 'go to zero' in order to save the planet from long-prognosticated (and consistently wrong) environmental disaster.

Changes we will need to make in order to realize Gates' vision include:

1) Allocating $35 billion per year on climate and clean energy research.
2) Electric everything.
3) Widespread consumption of fake meat since cows account for '4% of all greenhouse gases.'
4) Retooling the steel and cement industries, which Gates says account for 16% of all carbon dioxide emissions, to inject up to 30% of captured C02 into concrete and create a different type of steel.
5) Widespread adoption of next generation nuclear energy to supplement wind and solar.
6) And since producing plants to make fake meat emits gases as well, Gates has backed a company which uses fungus to make sausage and yogurt, which the billionaire calls "pretty amazing."

"When you say fungi, do you mean like mushroom or a microbe?" asked Anderson Cooper in a recent "60 Minutes" interview to promote Gates' new book, "How to Avoid a Climate Disaster."

"It's a microbe," replied Gates, adding "The microbe was discovered in the ground in a geyser in Yellowstone National Park. Without soil or fertilizer, it can be grown to produce this nutritional protein -- that can then be turned into a variety of foods with a small carbon footprint."

(Speaking of which, it appears that we're already rounding the corner on C02 emissions)

Gates isn't just looking to cut future carbon emissions, he is also investing in direct air capture, an experimental process to remove existing CO2 from the atmosphere. Some companies are now using these giant fans to capture CO2 directly out of the air, Gates has become one of the world's largest funders of this kind of technology.

But of all his green investments, Gates has spent the most time and money pursuing a breakthrough in nuclear energy -- arguing it's key to a zero carbon future.

He says he's a big believer in wind and solar and thinks it can one day provide up to 80% of the country's electricity, but Gates insists unless we discover an effective way to store and ship wind and solar energy, nuclear power will likely have to do the rest. Energy from nuclear plants can be stored so it's available when the sun isn't shining, and the wind isn't blowing.

Gates also admits he's a hypocrite - telling Cooper "I probably have one of the highest greenhouse gas footprints of anyone on the planet," adding "my personal flying alone is gigantic."

He's atoning for his climate sins by purchasing plant-based aviation fuel, switching to an electric car, using solar panels, and buying carbon credits to the tune of $7 million per year.

Gates' climate pivot is getting a full-court media press. As Paul Joseph Watson of Summit News writes:

Bill Gates has been lauded as the man to “save the world” and help the planet reach zero carbon emissions in a new report by Wired Magazine, despite such standards not being reflected in the billionaire philanthropist’s own lifestyle.

The article investigates how Gates plans to achieve a “zero carbon” world and promotes his new book which argues “it’s time we make real societal, economic and logistic changes to our way of life to avoid disaster.”

According to Gates, the planet needs to reach zero carbon emissions in order to “avoid catastrophe.”

Gates’ efforts to reduce CO2 emissions may have an environmentalist sheen, but that goal also risks reducing living standards in the west, something that Gates isn’t likely to embrace for himself.

As we previously highlighted, while Americans are being told that the dream of owning private property is over under a future ‘Great Reset’, Gates and other billionaires have been buying up huge amounts of farmland.

Gates is now the biggest owner of farmland in America, according to a Forbes report.

While the mainstream media continues to champion Gates' influence, he has received harsh criticism elsewhere.

As we highlighted last week, Lawyer Robert F. Kennedy Jr., son of Robert F. Kennedy and the nephew of former U.S. president John F. Kennedy, wrote a comprehensive report accusing Gates of engaging in neo-feudalism.

Kennedy warns that, "To cloak his dystopian plans for humanity in benign intentions, Gates has expropriated the rhetoric of "sustainability," "biodiversity," "good stewardship" and "climate."

He also accused Gates of attempting to monopolize and dominate global food production, labeling it "a dark form of philanthrocapitalism based on biopiracy and corporate biopiracy."

Kennedy was subsequently banned by Instagram after his report was published.

As we highlighted earlier, pro-Gates messaging has also found its way into children's television programming.

Synthetic Meat Investor Bill Gates Calls For Rich Countries to Shift Entirely to Synthetic Meat

Livestock industry leaders have urged Microsoft founder and billionaire philanthropist Bill Gates to undertake more research into livestock production after he called for policies requiring people in rich countries to eat "100 percent synthetic beef".

To view Mr Gates' full interview with the MIT Technology Review click here

Mr Gates, who has invested in range of 'synthetic meat' startups including Impossible Foods, Beyond Meat, Memphis Meats and Hampton Creek Foods, made

the comments in an interview promoting his new book 'How to Avoid a Climate Disaster'.

In the interview with MIT Technology Review, Mr Gates said he did not think the poorest 80 countries in the world would be eating synthetic beef in future.

"I do think all rich countries should move to 100 percent synthetic beef," he said.

"You can get used to the taste difference, and the claim is they're going to make it taste even better over time.

"Eventually, that green premium is modest enough that you can sort of change the [behavior of] people or use regulation to totally shift the demand."

He described the problem of reducing methane emissions as "very difficult", stating that even compounds which reduce methane emissions weren't enough.

Mr Gates does not claim to be vegetarian and is reported to still enjoy the occasional cheeseburger.

However, he has been strong public and financial supporter of plant and cellular based alternatives to meat for several years, stating that farmed animals take a "big toll" on the environment.

Mr Gates said in the MIT interview he wasn't sure if 'lab grown' meat like Memphis Meats will ever be economical but said plant-based protein companies Impossible Foods and Beyond Meat have a quality and cost road map that makes them "totally competitive".

In his new book Mr Gates says using regulation to force a shift to synthetic meat is only one of a wide range of government policies that will ultimately be needed to avoid a climate disaster.

After initial market hype, plant based 'fake meat' brands have run into headwinds in recent times including stock rating downgrades, price discounting to lift sales, and lawsuits over food safety standards.

In response to his push for the developed world to replace beef with synthetic meat, which appears to have generated largely supportive media coverage around the

world, a range of voices have responded on social media by urging Mr Gates to spend more time researching the livestock sector.

Bill Gates And Big Oil Back This Company That is Trying To Solve Climate Change By Sucking CO2 Out Of The Air

In Squamish, British Columbia, there's a company that wants to stop climate change by sucking carbon dioxide out of the atmosphere.

It's called Carbon Engineering, and it uses a combination of giant fans and complex chemical processes to remove carbon dioxide from the air in a procedure known as Direct Air Capture.

Direct Air Capture isn't new, but Carbon Engineering says its technology has advanced enough for it to finally make financial sense.

The company is backed by Bill Gates — but also by the oil giants Chevron, BHP, and Occidental. These partnerships will bring Carbon Engineering's tech to market by using the captured carbon to make synthetic fuels and help extract more oil from the ground.

Will Carbon Engineering's technology decrease the amount of CO2 in the air, or is it going to prolong our dependence on fossil fuels? Watch the video to learn more.

--https://www.cnbc.com/2019/06/21/carbon-engineering-co2-capture-backed-by-bill-gates-oil-companies.html

Carbon Dioxide is the Source of Life on Earth: Carbon Dioxide in The Atmosphere Helps Plants Grow

So, to put it simply, humans are producing more carbon dioxide. This carbon dioxide is causing more plant growth, and a higher capacity to suck up carbon dioxide. This process is called the "carbon dioxide fertilization effect" – a phenomenon when carbon emissions boost photosynthesis and, in turn, plant growth.

More carbon dioxide makes plants more efficient

Since the beginning of the last century, photosynthesis on a global scale has increased in nearly constant proportion to the rise in atmospheric carbon dioxide. Both are now around 30% higher than in the 19th century, before industrialization began to generate significant emissions.

Carbon dioxide fertilization is responsible for at least 80% of this increase in photosynthesis.

Higher concentrations of carbon dioxide make plants more productive because photosynthesis relies on using the sun's energy to synthesize sugar out of carbon dioxide and water. Plants and ecosystems use the sugar both as an energy source and as the basic building block for growth.

When the concentration of carbon dioxide in the air outside a plant leaf goes up, it can be taken up faster, super-charging the rate of photosynthesis.

More carbon dioxide also means water savings for plants. More carbon dioxide available means pores on the surface of plant leaves regulating evaporation (called the stomata) can close slightly. They still absorb the same amount or more of carbon dioxide but lose less water.

The Myth of Co2 Caused Global Warming and Rising Ocean Levels

Question:

Does the water level rise in a glass jar if an ice cube melts in it?

Answer:

No, the water level will remain the same because the displacement of the ice cube is what determines water level, not the volume of the portion of the ice cube that is submerged. The ice cube has already displaced a certain amount of water by virtue of floating in the water. Because of the interaction between the known factors of buoyancy and density, ice sinks a certain amount in water. As the ice cube melts, that water does not leave the closed system. Through thermodynamics, it merely transforms from ice to water, without converting the total volume of the whole system.

Likewise, the ice at the North Pole and Antarctica, even if it did partially melt, (which there is no measurable indication) would not change the total ocean levels.

Climate Change Eco-Terrorists have propagated the myth of rising ocean levels to create terror in order to push their Climate Change Agenda. But their claims are not based in real science or any empirical observations. Few are equipped to actually measure the coastal levels and the North Pole and Antarctic Shelf conditions in order to actually verify their claims, and so people just believe in the Scientism Priests' absurd conclusions.

Lastly, it should be noted that we live in a huge "pond", if you will, and it is an enclosed system with a North Pole and an Antarctic Ring around it. There is no South Pole, per se.

Water comes in three forms:

1) Liquid
2) Solid
3) Gas

Water can be a liquid. It flows. It has no shape of its own. A liquid takes the shape of its container, as ii does in a river, pool, or ocean.

Water can be a solid. Solids have their own shape. Water in its solid form is called ice, glacier, or iceberg

Water can be a gas. Gas has no solid shape. Water in its gas form is called vapor, steam, or cloud.

Nevertheless, whatever shape water takes, no water leaves or is added to the Enclosed Cosmological System that we live it, unless it comes from a rift or portal in The Firmament.

Going Green Causes Texas to Go Black

More than 4 million people in Texas have no power after historic snowfall and single-digit temperatures created a surge of demand for electricity to warm up homes unaccustomed to such extreme lows, buckling the state's power grid and causing widespread blackouts.

The rolling blackouts cause artificial scarcity, starvation, frigid conditions which are killing the old and weak, and subservience to governmental assistance. However, The Grid, operated by the Electric Reliability Council of Texas (ERCOT), is not subject to federal oversight, even though they intentionally had no back-up systems before the historic storm that left millions without power.

ERCOT's unique system's structure also makes it impossible for most of the Lone Star State to connect to other grids, unlike other states that are able to draw power from elsewhere during a crisis.

"They don't have the infrastructure connected outside of Texas that might allow them to bring in imports of energy," a source familiar with ERCOT and electric markets told the Associated Press.

With millions of Texas residents still without power amid frigid temperatures, commentators have accurately claimed that wind turbines and solar energy were

primarily to blame. Going Green was always a way have cutting the state's power reserves off at the knees.

Most electricity is generated with steam turbines using fossil fuels, nuclear, biomass, geothermal, and solar thermal energy. Other major electricity generation technologies include gas turbines, hydro turbines, wind turbines, and solar photovoltaics. By eliminating traditional fossil fuel-based energy, Texas, and many other states are intentionally weakening The Grid structures.

Now, we all know that H.A.A.R.P and Chemtrail technologies make weather modification extremely easy. The recent heat wave in California and now cold wave in Texas is just another example of the flexing of weaponized weather, which justified the intentional Black Outs in California, as well as Texas.

"We should never build another wind turbine in Texas," read a Tuesday Facebook post from Texas Agriculture Commissioner Sid Miller. "The experiment failed big time."

No kidding.

"This is a perfect example of the need for reliable energy sources like natural gas and coal," tweeted U.S. Sen. Steve Daines, a Republican from Montana, on Tuesday.

Wind turbines and the Green New Deal are power supplies all over the country, in reality. United Nations endorsed, Climate Change style "Renewable Energy", does nothing but cripple the Power Grid.

Keep a look out for lots more Staged Black Outs and ensuing door to door round ups of American Citizens, in the dark of night, under the justification of rounding up "Domestic Terrorists".

The federal Government is taking full control of America's power grid through this Stage Black Out program.

The result:

1) Mass death by hypothermia
2) Mass starvation
3) Total economic collapse of small business
4) The roll-out of a Universal Income to the remaining survivors
5) The disabling of all electronics, internet access, and communications
6) 2/16/21: Texas energy blackouts attack American energy freedom and further socially condition and engineer Americans to accept austerities alongside Medical Martial Law.

Cloud-Seeding Geoengineering For Frozen Weather

Cloud-Seeding Geoengineering, in use for more than 75 years to produce rain and snow, is a technological approach to manipulate the weather and climate. In the process of cloud-seeding or weather modification, silver iodide, potassium iodide, or solid carbon dioxide is shot into clouds by rockets, sprayed into clouds by drones or aircraft, or burned in generators atop mountains. Once inside the cloud, the chemicals freeze to create ice crystals, which turn to rain or snow that falls to the ground.

Texas gets hit by sudden natural freeze?

Perhaps not…

Cloudbusting

A Cloudbuster is a device designed by Austrian psychoanalyst Wilhelm Reich (1897–1957), which Reich claimed could produce rain by manipulating what he called "orgone energy" present in the atmosphere.

The Cloudbuster was intended to be used in a way similar to a lightning rod: focusing it on a location in the sky and grounding it in some material that was presumed to absorb orgone—such as a body of water—would draw the orgone energy out of the atmosphere, causing the formation of clouds and rain. Reich conducted dozens of experiments with the Cloudbuster, calling the research "Cosmic orgone engineering".

Although this is a primitive and archaic example of geoengineering, various forms of weather modification have been going on for hundreds of years

Pursuant to the authority vested in the Secretary of Energy by section 202(c) of the Federal Power Act (FPA), 16 U.S.C. § 824a(c), and section 301(b) of the Department of Energy Organization Act, 42 U.S.C. § 7151(b), and for the reasons set forth below, I hereby determine that an emergency exists in Texas due to a shortage of electric energy, a shortage of facilities for the generation of electric energy, and other causes, and that issuance of this Order will meet the emergency and serve the public interest.

On February 14, 2021, the Electric Reliability Council of Texas (ERCOT), the Independent System Operator (ISO) whose service territory includes 90 percent of the electric customers in the state of Texas, filed a Request for Emergency Order Under Section 202(c) of the Federal Power Act (Application) with the United States Department of Energy (Department) "to preserve the reliability of bulk electric power system."

ERCOT is in the beginning stages of an unprecedented cold weather event brought on by a rare, southward excursion of the jet stream into the South Central United States. Temperatures for Sunday and Monday in many parts of Texas are forecasted to drop well below the lowest temperatures experienced in several decades, and abnormally low temperatures are expected to persist for several more days. This weather event is expected to result in record winter electricity demand that will exceed even ERCOT's most extreme seasonal load forecasts.

On February 12, 2021, Greg Abbott, the Governor of the State of Texas declared a state of disaster in all 254 Texas counties due to severe weather posing an "imminent threat of widespread and severe property damage, injury, and loss of life due to prolonged freezing temperatures, heavy snow, and freezing rain statewide." On the morning of February 14, ERCOT issued a system-wide conservation notice addressing the expected system emergency and describing steps that homeowners and businesses can take to reduce system demand.1 ERCOT has also worked with state agencies to take measures that maximize generation availability in Texas. For example, on February 12, the Railroad Commission of Texas issued an Emergency Order pursuant to Texas Utilities Code affecting the gas utility systems in the state. The order specified increasing the priority of gas supplies to ERCOT generators.

ERCOT's application also noted that the "Texas Commission on Environmental Quality has indicated that it will provide enforcement discretion to generators in the ERCOT region that may exceed state emissions requirements during emergency conditions."

According to ERCOT, the measures taken by ERCOT and other state agencies may not prove sufficient to avoid rotating outages of as much as 4,000 MW. Moreover,

ERCOT, Grid Operator Requests Energy Conservation for System Reliability

There was a Federal Order to command Texas to not operate their power grid at full capacity right as the sudden deep freeze hit Texas.

This is a smoking gun to show how the whole thing was planned.

Now, Texas in under federal control for their power.

How convenient.

The same strategy may be applied to any American state to allow The Federal Government in order to take over all power supplies.

Department of Energy Order No. 202-21-1

ERCOT has been alerted that numerous generation units will be unable to operate at full capacity without violating federal air quality or other permit limitations.

ERCOT requests that the Secretary issue an order immediately, effective February 14, 2021 through February 19, 2021, authorizing "the provision of additional energy from all generation units subject to emissions or other permit limits" in the ERCOT region.

The generating units (Specified Resources) that this Order pertains to are listed on the Order 202-21-1 Resources List, as described below.

Given the emergency nature of the expected load stress, the responsibility of ERCOT to ensure maximum reliability on its system, and the ability of ERCOT to identify and dispatch generation necessary to meet the additional load, I have

determined that additional dispatch of the Specified Resources is necessary to best meet the emergency and serve the public interest for purposes of FPA section 202(c) . Because the additional generation may result in a conflict with environmental standards and requirements, I am authorizing only the necessary additional generation, with reporting requirements as described below.

FPA section 202(c)(2) requires the Secretary of Energy to ensure that any 202(c) order that may result in a conflict with a requirement of any environmental law be limited to the "hours necessary to meet the emergency and serve the public interest, and, to the maximum extent practicable," be consistent with any applicable environmental law and minimize any adverse environmental impacts. ERCOT anticipates that this Order may result in exceedance of emissions of sulfur dioxide, nitrogen oxide, mercury, and carbon monoxide emissions, as well as wastewater release limits. To minimize adverse environmental impacts, this Order limits operation of dispatched units to the times and within the parameters determined by ERCOT for reliability purposes.

Based on my determination of an emergency set forth above, I hereby order:

A. From February 14 to February 19, 2021, in the event that ERCOT determines that generation from the Specified Resources is necessary to meet the electricity demand that ERCOT anticipates in Texas during this event, I direct ERCOT to dispatch such unit or units and to order their operation only as needed to maintain the reliability of the power grid in the ERCOT region when the demand on the ERCOT system exceeds expected energy and reserve requirements. Specified Resources are those natural gas, coal, or distillate fuel oil generating units set forth on the Order 202-21-1 Resource List, subject to updates directed here and as described in paragraph D, which the Department shall post on www.energy.gov. ERCOT is directed to update Exhibit A to its Application with the anticipated category of environmental impact (i.e. sulfur dioxide, nitrogen oxide, mercury, carbon monoxide emissions, wastewater release, other air pollutants) by 21:00 Central Standard Time on February 15, 2021.
B. To minimize adverse environmental impacts, this Order limits operation of dispatched units to the times and within the parameters determined by ERCOT for reliability purposes. Consistent with good utility practice, ERCOT shall exhaust all reasonably and practically available resources, including available imports, demand response, and identified behind-the-meter generation

resources selected to minimize an increase in emissions, to the extent that such resources provide support to maintain grid reliability, prior to dispatching the Specified Resources. ERCOT shall provide a daily notification to the Department reporting each generating unit that has been designated to use the allowance and operated in reliance on the allowances contained in this Order.

In furtherance of the foregoing and, in each case, subject to the exhaustion of all available imports, demand response, and identified behind- the-meter generation resources selected to minimize an increase in emissions available to support grid reliability:

(i) with respect to any Specified Resource that is an ERCOT Generation Resource or Settlement Only Generator whose operator notifies ERCOT that the unit is unable, or expected to be unable, to produce at its maximum output due to an emission or effluent limit in any federal environmental permit, ERCOT shall ensure that such Specified Resource is only allowed to exceed any such limit during a period for which ERCOT has declared an Energy Emergency Alert (EEA) Level 2 or Level 3. This incremental amount of restricted capacity would be offered at a price no lower than $1,500/MWh. Once ERCOT declares that such an EEA Level 2 or Level 3 event has ended, the unit is required to immediately return to operation within its permitted limits: and

(ii) with respect to any Specified Resource that is an ERCOT Generation Resource whose operator notifies ERCOT that the unit is offline or would need to go offline due to an emission or effluent limit in any federal environmental permit, and to which ERCOT has issued a Reliability Unit Commitment (RUC) instruction, the operator may make all of the unit's capacity available to ERCOT for dispatch during a period for which ERCOT has declared an EEA Level 2 or Level 3. This incremental amount of restricted capacity would be offered at a price no lower than $1,500/MWh. Once ERCOT declares that such an EEA Level 2 or Level 3 event has ended, the unit is required to immediately return to operating at a level below the higher of its minimum operating level or the maximum output allowable under the permitted limit.

In the event ERCOT identifies the need to exceed other relevant environmental permitting levels, ERCOT shall specifically identify such permitting levels and DOE will consider ERCOT's request in good faith.

C. All entities must comply with environmental requirements to the maximum extent necessary to operate consistent with the emergency conditions. This Order does not provide relief from an entity's obligations to purchase allowances for emissions that occur during the emergency condition or to use other geographic or temporal flexibilities available to generators.

D. In the event that ERCOT identifies additional generation units that it deems necessary to operate in excess of federal environmental permitting limits in order to maintain the reliability of the power grid in the ERCOT region when the demand on the ERCOT system exceeds expected energy and reserve requirements, including any such entity to which ERCOT intends to issue a Reliability Unit Commitment (RUC), ERCOT shall provide prompt written notice to the Department of Energy at AskOE@hq.doe.gov identifying in an updated Exhibit A to its Application such additional generation units, the fuel type of such unit, and the anticipated category of environmental impact, at 9:00 Central Standard Time or 21:00 Central Standard Time, whichever follows closest in time to the unit identification by ERCOT to the greatest extent feasible. Such additional generation unit shall be deemed a Specified Resource for the purpose of this Order for the hours prior to the required written notice to the Department, and ERCOT may dispatch such additional generation units, provided that if the Department of Energy notifies ERCOT that it does not approve of such generation unit being designated as a Specified Resource, such generation unit shall not constitute a Specified Resource upon notification from the Department. The Department shall post an updated Order 202-21-1 Resource List as soon as practicable following notification from ERCOT under this paragraph.

E. ERCOT shall provide such additional information regarding the environmental impacts of this Order and its compliance with the conditions of this Order, in each case as requested by the Department of Energy from time to time. By March 1, 2021, ERCOT shall report all dates between February 14, 2021, and February 19, 2021, on which the Specified Resources were operated, the hours of operation, and exceedance of permitting limits, including sulfur dioxide, nitrogen oxide, mercury, carbon monoxide, and other air pollutants, as well as exceedances of wastewater release limits. ERCOT shall submit a final report by March 31, 2021, with any revisions to the information reported on March 1, 2021. In addition, ERCOT shall provide information to the Department quantifying the net revenue associated with generation

in excess of environmental limits accruing to non-RUC units in connection with orders issued by the Department pursuant to Section 202(c) of the Federal Power Act.

F. This Order shall be effective upon its issuance, and shall expire at 11:59 p.m. Central Standard Time Friday, February 19, 2021, with the exception of the reporting requirements in paragraph E. Renewal of this Order, should it be needed, must be requested before this Order expires.

Issued in Washington, D.C. at 8:51 PM Eastern Standard Time on this 14th day of February 2021.

The Cyber Pandemic

The Ruling Elite must telegraph their blows, as a matter of Occult Principles to absolve themselves of any guilt when they kill people. They are currently telegraphing a Cyber Pandemic, where everything shuts down for their Great Reset.

For more than a decade, security leaders predicted that a "Cyber Pearl Harbor" or "Cyber 9/11" was coming that would dramatically change society as we know it. For example, back in 2013, Secretary of Homeland Security Janet Napolitano said, "Our country will, at some point, face a major cyber event that will have a serious effect on our lives, our economy and the everyday functioning of our society."

However, over the past few years, these bold predictions that the Internet sky is falling have largely dropped off the map — until this past week under a new name. As I have chronicled for the past several years in my annual "Lohrmann on Cybersecurity" security prediction report from top security companies and media organizations, "Very few dire predictions (again) about Cyber 9/11s or Cyber Pearl Harbors or even people dying in hospitals from cyberattacks."

The main reason that most cyber prognosticators dropped these scary predictions seemed to be an overdose of Fear, Uncertainty and Doubt (FUD) was bad for business and seemed to be getting old. Like constantly predicting the stock market will crash, people were getting tired of these messages. Rather, most experts started to

shift to more of a pragmatic approach to future cybersecurity predictions, with ample research backing up claims.

But this trend quietly changed this past week, under a new name inspired by COVID-19.

While the majority of people were focused this past week on peaceful protests against police brutality and the death of George Floyd, or rioting in some cities, or the surprisingly positive jobs numbers and stock market performance, several well-respected leaders and groups are now predicting that a "cyber pandemic" is coming soon.

First, from the Check Point CEO:

"The founder and CEO of Israeli cybersecurity firm Check Point warned Monday that the new reality created by the coronavirus pandemic will cause threats in the cybersecurity field to rise, and that countries need to protect themselves against the coming 'Cyber Pandemic.'

Chapter 3

The Great Reset is Fifth Generation Warfare: An Evolving Technical Dimension of 5G Based War

We are in an Information War.

The Great Reset

The Great Reset is the name of the 50th annual meeting of the World Economic Forum (WEF), held in June 2020. It brought together high-profile business and political leaders, convened by the Prince of Wales and the WEF, with the theme of rebuilding society and the economy in a more sustainable way following the COVID 19 pandemic.

Klaus Schwab, who founded in WEF in 1971 and is currently its CEO, described three core components of the Great Reset. The first involves creating conditions for a "stakeholder economy"; the second component includes building in a more "resilient, equitable, and sustainable" way—based on environmental, social, and governance (ESG) metrics which would incorporate more green public infrastructure projects. The third component of a Great Reset agenda is to "harness the innovations of the Fourth Industrial Revolution" for public good. In her keynote speech opening the dialogues, International Monetary Fund director Kristalina Georgieva, listed three key aspects of the sustainable response—green growth, smarter growth, and fairer growth.

Fifth Generation Warfare

While the first three generations of warfare were clearly delineated, the Fourth Generation Warfare (4GW) obscures more than it explains. In simple terms, 4GW is a conflict characterized by a blurring of the lines between war and politics, combatants and civilians.

Fifth Generation Warfare (5GW), once thought to be a generation too far in scope, has arrived and is irreversibly changing the dimensions of war. 5GW has three distinct characteristics:

1) Its potential is to achieve supra-combinations
2) Blur the boundaries that have traditionally restricted warfare within a specified military or political range and
3) Its ability to limit the role of modern combined arms mechanized force in future conflict.

The Great Reset is fifth-generational warfare against all forms of independent human activity. The only way to stop this scientific tyranny is to awaken and take action. The establishment wants you to think that warfare only meant guns and bombs, but that's not the case at all. Much of warfare is actually psychological.

There will probably be some, like me, who are inherently wary of those who fragment the history of warfare into various periods, eras, or epochs. The 'fifth generation' expression, though, is not some part of a considered historical analysis. Instead, originating as a company marketing slogan, the expression has evolved into a useful, catchall term – a simple buzzword – encompassing several concepts important for how future wars might be waged.

Fifth generation war fighting ideas go back more than two decades. In the 1990s, military thinkers seized upon developments in commercial information technology, applied them to military operational concepts and then popularized the term 'Network-Centric Warfare.' By 1999, Joint Staff J-6 information briefings were asserting that: "the primary mechanism for generating increased combat power in 2010 will be networks of sensors, command and control, and shooters." Today's fifth generation air warfare concepts incorporate four generic elements:

Network-Centric Warfare

Network-centric thinking envisions four interconnected and interdependent virtual grids—information, sensing, effects and command—overlaying the operational theatre. The various force elements, from individuals and single platforms to battle groups, are then interacting nodes on the grids. Each node can receive, act on, or pass forward data provided from the various grids as appropriate.

The Combat Cloud

In working together, the grids can form a combat cloud that the various nodes can pull data from and add data to, as necessary. This brings several tactical benefits including considerably improving situational awareness, making long-range engagements more practical, ensuring no single node is critical to mission success, allowing each node to designate targets to other nodes and ensuring the best use is made of the different diverse capabilities offered by each node.

Multi-Domain Battle

The five operational domains are considered land, sea, air, space and cyber. The key idea animating multi-domain battle is cross-domain synergy, the use of armed force across two or more domains to achieve an operational advantage. Acting in a complementary manner – rather than an additive one – each capability enhances the effectiveness of the whole while lessening the individual vulnerabilities of each platform. Moreover, linking across domains means that the integrated force overall can be self-healing in that destruction of any single node may be able to be compensated for by another node in a different domain.

Fusion Warfare

The fusion warfare concept seeks to address command and control concerns arising from the increasing volume and speed of information flows, software incompatibilities and intrinsic vulnerabilities to attack and deception.

Fifth generation air warfare offers much, but its practical implementation is not easy. Considerable effort is required to create decision-quality data and then establish the robust connectivity needed to support combat cloud, multi-domain battle, and fusion warfare concepts. Fifth generation air warfare is a very complicated way of war that requires substantial focused preparation being undertaken before a conflict and significant dedicated support during it. Success in fifth generation air warfare is hard won.

There seem to be two in-built vulnerabilities in fifth generation air warfare given its information technology foundation. Digital systems are inherently susceptible to cyber intrusions that may steal data, delete data, change data, or insert false data that can then quickly spread across the network. While cyber security techniques are steadily improving, so are cyber intrusion methods; this interplay

between offence and defense continues over time with neither being dominant long-term. Moreover, fifth generation air warfare relies on datalinks to send information and sometimes to receive it. Emitters are inherently vulnerable to detection, meaning that network participants can be located and tracked—and thereby targeted—by precision-guided weapons. Some datalinks are harder to detect than others. However, just as in cyber, technology continually improves with neither the offence nor the defense in front for long. Cyber security and datalink emission tracking will remain concerning issues for the operational life of fifth generation air warfare.

They are potentially its Achilles heel.

Fifth generation air warfare capabilities principally exist for the purpose of fighting wars. In this, such capabilities are generally seen as most appropriate to high technology wars, which in the modern era means wars involving advanced information technology. Such a conflict would probably be a symmetrical one where a friendly battle network grappled with an adversary battle network with both sides searching to determine which nodes on which grids were best to attack to defeat the other battle network. Battle network wars would be fast paced, but given the complicated nature of fifth generation air warfare capabilities, keeping up would be problematic. A battle network war, though, as it speeds up might turn into a war of rapid attrition with the losing side the one that runs out of equipment and skilled people first.

Battle network wars might be attrition slugfests.

In contrast, the slower-pace of symmetrical hybrid/ proxy wars might allow friendly fifth generation air warfare systems to progressively evolve to better meet emerging operational circumstances. There may be time to arrange set piece battles that realize cross-domain synergies and make best use of multi-domain maneuver. The slower pace of hybrid war may assist in making carefully sequenced multi-domain parallel attacks. This cuts both ways, of course. The adversary hybrid/ proxy forces also then have more time to adapt and introduce effective countermeasures.

Chinese and Russian thinking both take a more expansive view of many of the underlying ideas behind fifth generation air warfare. The fifth generation idea implicitly suggests conflict being constrained to a well-defined battlespace, but Chinese and Russian thinkers demur. No part of an adversary's territory or any of the various national 'systems' of politics, economics, law, and public opinion are

considered off limits. Both hold that informationized warfare can achieve success at low cost in blood or treasure.

Chinese and Russian fifth generation warfare thinking is also alike in that neither focus on the effects grid's nodes. They both seek to avoid force-on-force wars. Chinese thinkers suggest focusing their efforts on attacking key sensing and information grid nodes with Russian thinkers stressing assaulting the command grid – for them people's minds are the real battlefield. In this, Chinese conceptions favor using mainly military means to inflict multi-domain kinetic and non-kinetic damage. In contrast, Russian conceptions stress the cross-domain use of non-military means in preference to military means, with a 4:1 ratio suggested. Chinese battle network ideas accordingly imply fighting symmetrical wars whereas Russian ideas are very heavily oriented towards asymmetrical approaches.

However, there are several caveats to all this that should be remembered.

1) Firstly, the fifth generation warfare idea relates to what Edward Luttwak called 'the technical dimension of strategy.' Technology influences how we fight wars, but there is more to being successful then solely technology. Leading edge technology was insufficient in itself to prevail in the Vietnam, Iraq, and Afghanistan wars – and fifth generation warfare so far does not appear any different.
2) Secondly, there is a deliberate omission in my paper in [mostly] neglecting software – in terms of the code that makes digital technology function. The place of software in warfare is both a big area and a difficult issue to write about. There is some speculative fiction available though, with August Cole's Ghost Fleet particularly favored. A talk by the author (pp 75-85) at a recent multi-domain battle conference in Australia is also worth reading. Suffice to say, software matters make fifth generation warfare even more complicated, possibly by an order of magnitude.
3) Thirdly, in being inherently complicated some may wonder if the fifth generation concept is incompatible with the nature of war, a social activity dominated by chaos, uncertainty, friction and chance. At least in hybrid/ proxy wars, it seems these worries are unjustified; multi-domain battle and other fifth generation warfare aspects are being combat proven in Iraq against ISIS –if my earlier comments about advanced technology being necessary but not in itself sufficient are accepted. Judgement concerning fifth generation warfare's appropriateness to near-peer warfare though still needs confirmation. A very

complicated approach to making war may prove too complicated if opposed by technology optimized to defeat it. For example, if an adversary can cut most of our datalinks for an extended period, would this invalidate the overall fifth generation warfare concept?

Lastly, the whole fifth generation idea rests on trust between all network participants. Within national armed forces, there may be some elements who would rather not share information. Submariners at times are an example of this attitude; they prefer to operate alone and not tell anyone anything. Trust also becomes a further issue when conducting coalition operations where concerns range from releasing sensitive tactical information to matters related to defense industrial base issues. In reality, in most conflicts the most common situation might be balkanized networks where some nodes are disregarded, leaving others to potentially fight their own separate wars. Such an approach, however, significantly undercuts the logic of fifth generation warfare.

The fifth generation warfare notion wraps up network-centric warfare, combat cloud, multi-domain battle, and fusion warfare concepts. These are all important ideas that do not exist individually but rather function together as an integrated interdependent system of systems where the whole is greater than the parts. Intrinsically, how the fifth generation idea will apply tactically, operationally, and strategically will vary with the context. Moreover, the idea remains evolving and there may be new elements yet to be incorporated. This is an area were much thinking remains to be done.

Dr. Peter Layton, PhD is a RAAF Reserve Group Captain and a Visiting Fellow at the Griffith Asia Institute, Griffith University. He has extensive aviation and Defence experience, and for his work at the Pentagon on force structure matters was awarded the US Secretary of Defense's Exceptional Public Service Medal. He has a doctorate from the University of New South Wales on grand strategy and has taught on the topic at the Eisenhower College, US National Defence University. For his academic work he was awarded a Fellowship to the European University Institute, Fiesole, Italy.

The Georgia Guidestones

The Georgia Guidestones: The Ten Commandments of the Humanistic New World Order

1) Maintain humanity under 500,000,000 in perpetual balance with nature.
2) Guide reproduction wisely — improving fitness and diversity.
3) Unite humanity with a living new language.
4) Rule passion — faith — tradition — and all things with tempered reason.
5) Protect people and nations with fair laws and just courts.
6) Let all nations rule internally resolving external disputes in a world court.
7) Avoid petty laws and useless officials.
8) Balance personal rights with social duties.
9) Prize truth — beauty — love — seeking harmony with the infinite.
10) Be not a cancer on the Earth — Leave room for nature — Leave room for nature.

For the elite, we are considered a cancer for the Earth (for them).

Commandment 10

"Be not a cancer on the Earth — Leave room for nature — Leave room for nature."

In their eyes, we are that cancer.

There is a scene in the movie, ***I Am A Legend*****,** where they say they cured cancer with a vaccine, it actually means they killed most humans.

They (the elite) want to inherit the world. Their Secret Plan to Depopulate the World by 95% by the year 2030 is supposedly underway, but it is no secret. It is evidenced in multiple white-papers and now with vaccine deaths skyrocketing, it is clear as day what is happening.

They pulled the trigger on their Depopulation Gun.

The ammo was manufactured by Moderna and Friends.

The bullets are flying

The syringes are loaded weapons.

They have a vaccine.

They have lock downs.

They have wars and conflicts.

They have psychological terrorism.

They have poisoned everything from food to water to oxygen.

They have bombarded the world with lethal EMF Radiation to trigger disease and death.

The Georgia Guidestones: The Ten Commandments of the Humanistic New World Order outlines a global agenda for the wealthy Oligarchical Elite and an ***Brave New World*** meets an Orwellian ***1984*** future for the Bio-Slave Hybrid Human 2.0.

Fight

Never Back Down

Build Back Better: The Great Reset

"Build Back Better", the slogan of the Liberal Communist 2020 presidential campaign, is an economic and infrastructure package proposed by Joe Biden.

NOT coincidentally, "Build Back Better" is also the slogan of The World Economic Forum and heard rather universally in the context of The Great Reset.

As the "Build Back Better" slogan reverberates around the world, it becomes crystal clear that most governments of the world are united and governed from a top-down Communist Cartel behind the scenes.

So we have heard President-Elect Joe Biden speak about his platform to "Build Back Better," and notably, Canadian Prime Minister Justin Trudeau and British Prime Minister Boris Johnson have both used the same phrase in recent speeches.

Additionally, New York Governor Andrew Cuomo, New Zealand's Prime Minister Jacinda Ardern, and Scotland's first minister Nicola Sturgeon have all adopted the same slogan to "Build Back Better" and "Fairer And Stronger."

What does this mean? And why the coordinated chorus of slogans?

An article titled, "To Build Back Better, We Must Reinvent Capitalism. Here's How." was published by the World Economic Forum on July 13, 2020. Written by Peter Bakker, World Business Council for Sustainable Development, and John Elkington, Volans executive chairman and co-founder, an excerpt from the article reads:

"A true recovery from Covid 19 will not be about putting things back together the way they were: we need to 'Build Back Better', to 'Reset', if we are to address the deep systemic vulnerabilities the Pandemic has exposed. For businesses, building back better is about much more than corporate social responsibility: it is about truly aligning markets with the natural, social and economic systems on which they depend. It is about building real resilience, driving equitable and sustainable growth, and reinventing Capitalism itself."

Theorists have spotted the Building Back Better slogan echoing around the world as a sinister cloaked clarion call for World Communism. Mankind will be "enslaved" following the lockdown and the slogan "Build Back Better" is the announcement of the full implementation of The United Nations Agenda 21 a Go-Green Sustainability Plan.

"You will own nothing. And you will be happy." is The World Economic Forums message to the world. So that big, beautiful house that you are your family toiled for decades to buy and maintain is no longer yours. It is theirs. They own it now. And everything in your house is theirs now, too. And you will live in an 8 by 10 shack eating artificial GMO infected, meatless bugs.

Sound good?

UK Prime Minister, Boris wrote:

"Hi folks, I've been instructed by our NHS Test & Trace scheme to self-isolate for two weeks, after being in contact with someone with Covid 19. "I'm in good health and have no symptoms and will continue to lead on our response to the virus & our plans to #BuildBackBetter."

Build Back Better is also a United Nations strategy.

And Canadian PM Justin Trudeau mentioned a "Reset" of the economy - in the context of the world suffering a huge downturn.

He said:

"This Pandemic has provided an opportunity for a Reset. "This is our chance to accelerate our pre-pandemic efforts, to reimagine economic systems that actually address global challenges like extreme poverty, inequality, and Climate Change."

The phrase the 'Great Reset' was used by the World Economic Forum (WEF) in June as a discussion point, reports Time.com.

At the event, political and corporate leaders discussed a reboot of worldwide economies after the Pandemic caused lockdowns which crippled businesses large and small, sparking massive unemployment.

All these phrases are simply code for a "Fascist Regime".

The “Great Reset” is about "Political Globalism", much the same way as Elite Cartels have been working together for decades through bodies such as the UN and the World Health Organisation (WHO).

Build Back Better might as well be Build Beast System.

My Prediction: Climate Change Lockdown

When The Technocratic Elite talk about “The Greater Good” what they really mean is **The Great Reset**, where everything is good for them and horrible for you.

Since The Pandemic Scam went so well, with people self-quarantining and masking up with little or no rebellion, overall, The Technocrats, so pleased at how easy it was to oppress the masses, are planning for an even bigger lock down agenda based upon fake Climate Change pseudoscience.

They will claim that Nature is doing so much better with less people driving and less people away from home using natural resource in corporate job situations that we need to completely lock down the world, and stop all automobile activity, altogether.

Gas will be a rare as diamonds.

Cars will be illegal to drive unless they are electric or public transit.

Google commanded self-driving electric cars will be the new normal.

The Climate Change Lock Down will be the completion of United Nations Agenda 21 Climate Change Politics.

Billions will starve and die, with the remaining groveling in tiny shacks, living on a universal income, which can be cut off at any time for mask, social distancing, or vaccine non -compliance.

Sex will be illegal, and reproduction will be a crime punishable by death.

Brave New World and ***1984*** style digital surveillance and thought control will permeate every digital device and "smart home".

If you have any smart devices, you will have zero privacy.

Additionally, if you use gas, try to drive a combustion engine, or leave your house without the expressed permission of the government, all of your financial access will be cut off, and you will face jail time, and/or execution.

Start riding an Electric Bike.

Downsize and stock up on food and water.

Buy a Faraday sheath for you cell phone.

Study The Bible.

Prince Charles and The Great Reset

The Great Reset is the name of the 50th annual meeting of the World Economic Forum (WEF), held in June 2020. It brought together high-profile business and political leaders, convened by the Prince of Wales and the WEF, with the theme of rebuilding society and the economy in a more sustainable way following the COVID 19 pandemic.

Klaus Schwab, who founded in WEF in 1971 and is currently its CEO, described three core components of the Great Reset. The first involves creating conditions for a "stakeholder economy"; the second component includes building in a more "resilient, equitable, and sustainable" way—based on environmental, social, and governance (ESG) metrics which would incorporate more green public infrastructure projects. The third component of a Great Reset agenda is to "harness the innovations of the Fourth Industrial Revolution" for public good. In her keynote speech opening the dialogues, International Monetary Fund director Kristalina Georgieva, listed three

key aspects of the sustainable response—green growth, smarter growth, and fairer growth.

A speech by Prince Charles at the launch event for The Great Reset, listed key areas for action—similar to those listed in his Sustainable Markets Initiative, introduced in January 2020. These included the re-invigoration of science, technology and innovation, a move towards net zero transitions globally, the introduction of carbon pricing, re-inventing longstanding incentive structures, rebalancing investments to include more green investments, and encouraging green public infrastructure projects.

The Prince of Wales made an impassioned speech at the World Economic Forum stressing the importance of using the outcome of the pandemic to reset the global economy and prioritizing sustainable development without damaging the environment.

"We have a unique but rapidly shrinking window of opportunity to learn lessons and reset ourselves on a more sustainable path," said Prince Charles according to the Guardian newspaper. "We have a golden opportunity to seize something good from this crisis. Its unprecedented shockwaves may well make people more receptive to big visions of change."

He then set out a five-point plan on how to seize this opportunity which involved capturing the imagination and will of humanity, rebalancing investments to accelerate the green economy and redesigning systems and pathways to enforce carbon pricing. "There is a golden opportunity to seize something good from this crisis...global crises know no borders and highlights how interdependent we are as one people sharing one planet." He continued to say: “Unless we take the action necessary and build in a greener and more inclusive and sustainable way, then we will have more and more pandemics.”

His Royal Phony Highness also emphasized that the private sector would be the main drivers of the plan but that it will only happen if people want it.

Dark Winter

Communist Jesuit Agent, Joe Biden, on warned that a "very Dark Winter" is approaching. Where was that phrase, "Dark Winter", from?

On June 22-23, 2001, the Center for Strategic and International Studies, the Johns Hopkins Center for Civilian Biodefense Studies, the ANSER Institute for Homeland Security, and the Oklahoma City National Memorial Institute for the Prevention Terrorism, hosted a senior-level war game examining the national security, intergovernmental, and information challenges of a biological attack on the American homeland. (See also: Dark Winter Script • Article: Shining Light on Dark Winter)

With tensions rising in the Taiwan Straits, and a major crisis developing in Southwest Asia, a smallpox outbreak was confirmed by the CDC in Oklahoma City. During the thirteen days of the game, the disease spread to 25 states and 15 other countries. Fourteen participants and 60 observers witnessed terrorism/warfare in slow motion. Discussions, debates (some rather heated), and decisions focused on the public health response, lack of an adequate supply of smallpox vaccine, roles and missions of federal and state governments, civil liberties associated with quarantine and isolation, the role of DoD, and potential military responses to the anonymous attack. Additionally, a predictable 24/7 news cycle quickly developed that focused the nation and the world on the attack and response. Five representatives from the national press corps (including print and broadcast) participated in the game and conducted a lengthy press conference with the President. See briefing slides.

Key Players

- President: The Hon. Sam Nunn
- National Security Advisor: The Hon. David Gergen
- Director of Central Intelligence: The Hon. R. James Woolsey
- Secretary of Defense: The Hon. John White
- Chairman, Joint Chiefs of Staff: General John Tilelli (USA, Ret.)
- Secretary of Health & Human Services: The Hon. Margaret Hamburg
- Secretary of State: The Hon. Frank Wisner
- Attorney General: The Hon. George Terwilliger

- Director, Federal Emergency Management Agency: Mr. Jerome Hauer
- Director, Federal Bureau of Investigation: The Hon. William Sessions
- Governor of Oklahoma: The Hon. Frank Keating
- Press Secretary of Gov. Frank Keating (OK): Mr. Dan Mahoney
- Correspondent, NBC News: Mr. Jim Miklaszewski
- Pentagon Producer, CBS News: Ms. Mary Walsh
- Reporter, British Broadcasting Corporation: Ms. Sian Edwards
- Reporter, The New York Times: Ms. Judith Miller
- Reporter, Freelance: Mr. Lester Reingold

The players were introduced to this crisis during a National Security Council meeting scheduled to address several emerging crises, including the deployment of a carrier task force to the Middle East. At the start of the meeting, the Director of Health and Human Services informed the President of a confirmed case of smallpox in Oklahoma City. Additional smallpox cases were soon identified in Georgia and Pennsylvania. More cases were reported in Oklahoma. The source of the infection was unknown, and exposure was presumed to have taken place at least nine days earlier due to the lengthy incubation period of smallpox. Consequently, exposed individuals had likely traveled far from the loci of what was now presumed to be a biological attack. The scenario spanned 13 days.

Findings

An attack on the United States with biological weapons could threaten vital national security interests. Massive civilian casualties, breakdown in essential institutions, violation of democratic processes, civil disorder, loss of confidence in government and reduced U.S. strategic flexibility abroad are among the ways a biological attack might compromise U.S. security.

Current organizational structures and capabilities are not well suited for the management of a BW attack. Major "fault lines" exist between different levels of government (federal, state, and local), between government and the private sector, among different institutions and agencies, and within the public and private sector.

These "disconnects" could impede situational awareness and compromise the ability to limit loss of life, suffering, and economic damage.

There is no surge capability in the U.S. healthcare and public health systems, or in the pharmaceutical and vaccine industries. This institutionally limited surge capacity could result in hospitals being overwhelmed and becoming inoperable, and it could impede public health agencies' analysis of the scope, source and progress of the epidemic, their ability to educate and reassure the public, and their capacity to limit causalities and the spread of disease.

Dealing with the media will be a major immediate challenge for all levels of government. Information management and communication (e.g., dealing with the press effectively, communication with citizens, maintaining the information flows necessary for command and control at all institutional levels) will be a critical element in crisis/consequence management.

Should a contagious bioweapon pathogen be used, containing the spread of disease will present significant ethical, political, cultural, operational, and legal challenges.

Smallpox, because of its high case-fatality rates and transmissibility, represents one of the most serious biological warfare threats to the civilian population. In 1980, the World Health Assembly announced that smallpox had been eradicated and recommended that all countries cease vaccination. Although labs in two countries still officially store smallpox samples (U.S. and Russia), its re-appearance would almost certainly indicate an intentional outbreak.

Aerosol release of smallpox virus disseminated among a relatively small population could result in a significant epidemic. Evidence suggests the infectious dose is very small. Several factors are cause for concern: the disease has historically been feared as one of the most serious of all pestilential diseases; it is physically disfiguring; it bears a 30 percent case-fatality rate; there is no treatment; it is communicable from person to person. Vaccination ceased in this country in 1972, and vaccination immunity acquired before that time has undoubtedly waned. Prior to eradication, data on smallpox outbreaks in Europe indicated that victims had the potential to infect 10 to 20 others. However, there has never been a smallpox outbreak in such a densely populated, highly mobile, unvaccinated population such as exists today.

In 1947, in response to a single case of smallpox in New York City, 6,350,000 people were immunized (500,000 in one day), including President Harry Truman. In

1972, after disappearing from Yugoslavia for four decades, a single case of smallpox emerged. There are two ways to control a smallpox epidemic - vaccine and isolation. Yugoslavia's Communist leader, Josip Tito, used both. He instituted a nation-wide quarantine and immunized the entire country of 20 million people using vaccine supplied by the World Health Organization.

Estimates of the current U.S. supply of smallpox vaccine range from 7 to 12 million doses. This stock cannot be immediately replenished, since all vaccine production facilities were dismantled after 1980, and renewed vaccine production is estimated to require at least 24-36 months. The Centers for Disease Control and Prevention recently contracted with Acambis Inc. of Cambridge MA to produce 40 million doses of new vaccine.

The Bill Gates You Tube Cartoon

"Hello useless eaters. As your unqualified, non-elected global human health overlord, I'd like to take this opportunity to flaunt my position of power and influence over society and share some of my plans for you and your future. When I amassed my fortune in computer software, I demonstrated that I was willing to lie, steal, and cheat my partners and exercise monopolistic control to destroy my competitors. Now that I've retired, I can rebrand myself as a humanitarian with my for-profit foundation masquerading as a charity. I can advocate for population reduction and sponsor mass human experiments with unproven vaccines in vulnerable populations.

Like my father, a powerful banker, President of Planned Parenthood, Eugenicist, and Rockefeller crony, it's always been my ambition to decide who lives, and more importantly, how many have to die. Whether it's under the guise of climate change or world health, it is really all about controlling and culling the human herd for fun and profit. In November of last year, I hosted Event 201 a tabletop, war game simulation of a global Pandemic. Leaders from private corporations, global banks, governments, and the media got together to strategize ways they could align lockstep when responding to a worldwide health crisis. Using a coordinated campaign of fear-mongering, intimidation, social shaming, and economic blackmail, we realized that we

could get around dangerous philosophies like individual liberty and national sovereignty with an obedient population. We would be free to implement our own top-down solutions like forced quarantines, social distancing, contact tracing, and mandatory testing as a means to seize technocratic control of society.

Now imagine my excitement when we had the opportunity to release, uhhhh declare our own global Pandemic. It was my chance to look like the Nostradamus of public health and to position myself, and business partners like Dr. Fauci, as the de facto authorities. In response to our solutions through exaggerated doomsday scenarios and falsified computer simulations, our petty control freaks instituted harsh rules and Draconian lockdowns even after our dire predictions proved false. Scared and well-meaning people continued to submit to the arbitrary and foolish demands of their so-called leaders.

Having achieved global lockdown and medical martial law, we will continue to hold hostage your ability to congregate, work, travel, or do just about anything until we're prepared to roll out our bigger plan. I like to call this Pandemic one because believe me, we have others in the works. Our final solution is to have you begging for us to vaccinate, tag, and digitally track each one of you like livestock. Not only will my foundation enjoy legal immunity and trillions in profits, but these mandatory experimental vaccines will move us so much further down the road to absolute centralized global control. If only my good friend Jeffrey Epstein had been here to celebrate with me aboard the Lolita Express.

So remember global citizens, this will end when I say it ends. It could be a year, maybe two years, maybe never. I guarantee that if we have our way, it will be at least until you're not able to do anything to stop it. Just surrender your personal freedom and common sense to our fear merchants, government, and the media because none of this works unless you all go along with it.

Now if you'll excuse me I'm off to do some augmented reality spirit cooking with Marina Abramovic.

Bye now!"

And in That Time…

And in that time, there were those who, at some fundamental level, understood what was happening, who knew it was wrong but who kept silent. Whether out of pure cowardice, apathy, or fear, they dare not speak out, nor care, nor even open their hearts to anyone suffering from the rising tyranny, for fear of having to wake up from their ignorance and face the abomination they had become.

And in that time, in the vacuum of their silence, order was imposed:

1. Order like never even seen in the jack boots of NAZI Germany…
2. Order that required rigorous discipline…
3. Order which required obedience to digital signals and commands at every turn, at every breath, at every thought, order where each single step is required to fall into line with every other step…
4. Order streamlined into the muted and muzzled acquiescence and obedience to the mask and social distancing…
5. The kind of order that shaped the many into The One, a Hive Mind of Primal Fear and submission to the Holy Terror promised to any who might disobey "The Plan"…that plan for Paradise Regained, that plan for Purity and Sinlessness, that plan where the State Ordained Blasphemous Stains of the Virus were washed away by a prick from the bountiful goodness of a needle, a needle blessed and sanctified by the good intentions of countless politicians and ruling sycophant legislates who only had the greater good of "The One" in mind, with every televised speech.
6. The kind of order where those in control of the narrative were there to help you. They felt the pain of your joblessness and poverty from their palatial 25 million dollar, off-shore mansions and heavily guarded estates. "Let them eat cake!" was their battle cry to feed the billions of newly starving citizens of the world, with nearly 300 million dying of starvation, worldwide, in the first three months of the Draconian lock down.

And in that time, the downtrodden and newly poor, beaten down by the cudgel and club of collective compliance, received the merciless truncheon of empty hope in lieu of informed and intelligent political conversation. They grew increasingly meek and subservient through their relentless obedience to the masks and self-imposed alienation from their fellow human species, locking themselves into self-designed prisons of isolation and unending despair because they were told to do so.

Eventually, even the dream of choice was absent from discussion. Simply do as you're told whether it be good for your survival or not. If they say, "Commit suicide.", it is not yours to decide, because they know better than you, and to even question the Magistrate is a heresy of the highest order. And you would not want to fall out of the good graces of the Magistrates of The Beast System, for they now control all aspects of existence through Digital Transhumanist Technologies that you agreed to use in your fear of… "The Virus".

They control:

1. What You Eat
2. What You See
3. Where You Go
4. What You Think
5. What You Feel
6. When you Sleep
7. What to Fear
8. What to Love
9. Who to Hate
10. What You Remember
11. Why You Exist
12. To Whom You Should Serve
13. When You Die
14. If You Die
15. Why you Die

Many come to see that the time to protest has past. "You had your chance.", they are told. Now chances are off the table. The negotiations are over.

And in that time, the Great Division between those who chose The Beast System and those who rejected it was forged in the furnace of deep Faith and understanding of a Sovereign Creator, above all governments, above all agendas, above all human Law, above all mortality.

And in that time, it suddenly became clear to all that nobody escapes this new system with their mortal life intact. And those who thought that if they just submit to it, it will go better for them, were the first to die. Then the ones who ran or fought the system were systematically hunted down, tracked, identified, categorized, demoralized, "re-educated", and killed anyway, regardless of their renewed obedience or not.

And in that time, fueled by the media, fear and panic spread quickly, fracturing and dividing the country, and splintering the hopes of those who remained silent.

And in that time, it finally became clear to all that people should not be afraid of their governments. Governments should be afraid of their people.

And in that time, the unveiling of the only Salvation for Mankind, Christ, shone like a beacon to all those who watched The Luciferian Beast System rise out if the

ashes of The Draconian New World Order. It was true…everything that had been foretold…all of it. Lucifer spread his wings across the land and billions were drawn under the full control of this New Age Angel of Darkness. And with this observation, those under the full control of Christ The Lord, watched as the silent and obedient timid lots not only their mortal lives, but their very souls.

And that time is here.

Entering The Dark Night of The Soul

At the risk of being enslaved, they chose compliance, and in doing, lost every inch of freedom. And then others refused to submit, and they were thrashed and tortured within an inch of their lives. But it was in that very last inch of rebellion to The Beast System that they won everything back, the only thing, the only thing that gave them all their freedoms, returned.

In that last inch of rebellion they won their Souls.

--Gregory L. Garrett

Matthew 6: 43-68

43 So Jesus answered, "Stop murmuring among yourselves. 44 No one can come to Me unless the Father who sent Me draws him [giving him the desire to come to Me]; and I will raise him up [from the dead] on the last day.

47 I assure you and most solemnly say to you, he who believes has eternal life.

59 He said these things in a synagogue while He was teaching in Capernaum.

60 When many of His disciples heard this, they said, "This is harsh and offensive statement. Who can be expected to listen to it?"

64 But still there are some of you who do not believe and have faith." For Jesus knew from the beginning who did not believe, and who would betray Him. 65 And He was

saying, "This is the reason why I have told you that no one can come to Me unless he is enabled to do so by the Father."

66 As a result of this many of His disciples abandoned Him, and no longer walked with Him. 67 So Jesus said to the twelve [disciples], "You do not want to leave too, do you?" 68 Simon Peter answered, "Lord, to whom shall we go? You alone have the words of eternal life [you are our only hope].

About the Author

Gregory L. Garrett lives in California in the USA, has a B.S. in Music and a B.A. in Psychology from UCLA and UCSC, a Masters in Education from National University, studied Physics and Philosophy at UCLA, and Advanced Astrophysics at UCSC under Frank Drake, and is a musical theater composer, songwriter, author, martial artist, classical symphonic rock keyboardist and performer, and is currently working on a book about Facial Recognition, Bio-Metrics, Drones, Smart Phones, Smart Cities, The Internet of Things, VR, Mixed Reality, 5G, Robotics, Cybernetics, Bio-Digital Social Programming, Transhumanism, Genetic Engineering, Nano Synthetic Biology, Robotics, and Artificial Intelligence.
